RCW 40.14.026 Division of archives and records management—Competitive grant program to improve technology information systems for public records and related training—Review of program and training services—Public records request log—Agency reporting requirements—Duties of the joint legislative audit and review committee. (1) The division of archives and records management in the office of the secretary of state must establish and administer a competitive grant program for local agencies to improve technology information systems for public record retention, management, and disclosure, and any related training. The division of archives and records management may use up to six percent of amounts appropriated for the program for administration of the grant program.

(2) Any local agency may apply to the grant program. The division of archives and records management in the office of the secretary of state must award grants annually. The division of archives and records management must consult with the chief information officer to develop the criteria for grant recipient selection with a preference given to small local governmental agencies based on the applicant agency's need and ability to improve its information technology systems for public record retention, management, and disclosure. The division of archives and records management may award grants for specific hardware, software, equipment, technology services management and training needs, indexing for local records and digital data, and other resources for improving information technology systems. To the extent possible, information technology systems, processes, training, and other resources for improving information technology systems for records retention and distribution may be replicated and shared with other governmental entities. Grants are provided for one-time investments and are not an ongoing source of revenue for operation or management costs. A grantee may not supplant local funding with grant funding provided by the office of the secretary of state.

(3) The joint legislative audit and review committee must conduct a review of the attorney general's consultation program and the state archivist's training services created under section 4, chapter 303, Laws of 2017, and the local government competitive grant program created under this section. The review must include:

(a) (i) Information on the number of local governments served, the types of consultation and training provided, and the implementation of any practices adopted from the attorney general's consultation program and the state archivist's training services; and

(ii) The effectiveness of the consultation program and the training services in providing assistance for local governments; and

(b) (i) Information on the number of local governments that applied for and participated in the competitive grant program under this section, the amount of funding awarded through the grant program, and how such funding was used; and

(ii) The effectiveness of the grant program in improving local government technology information systems for public records retention, management, disclosure, and training.

(4) Each agency shall maintain a log of public records requests submitted to and processed by the agency, which shall include but not be limited to the following information for each request: The identity of the requestor if provided by the requestor, the date the request was received, the text of the original request, a description of the records produced in response to the request, a description of the records redacted or withheld and the reasons therefor, and the date of the final disposition of the request. The log must be retained by the agency in accordance with the relevant record retention schedule established under this chapter, and shall be a public record subject to disclosure under chapter 42.56 RCW.

(5) To improve best practices for dissemination of public records, each agency with actual staff and legal costs associated with fulfilling public records requests of at least one hundred thousand dollars during the prior fiscal year must, and each agency with such estimated costs of less than one hundred thousand dollars during the prior fiscal year may, report to the joint legislative audit and review committee by July 1st of each subsequent year the following metrics, measured over the preceding year:

(a) The number of requests where the agency provided the requested records within five days of receiving the request.

(b) The number of requests where the agency provided a time estimate for providing responsive records beyond five days after receiving the request.

(c) The average and median number of days from receipt of request to the date the request is closed.

(d) The number of requests where the agency formally sought additional clarification from the requestor;

(e) The number of requests denied in full or in part and the most common reasons for denying requests;

(f) The number of requests abandoned by requestors;

(g) To the extent the information is known by the agency, requests by type of requestor, including individuals, law firms, organizations, insurers, governments, incarcerated persons, the media, anonymous requestors, current or former employees, and others;

(h) Which portion of requests were fulfilled electronically compared to requests fulfilled by physical records;

(i) The number of requests where the agency scanned physical records electronically to fulfill disclosure;

(j) The total estimated agency staff time spent on each individual request;

(k) The estimated costs incurred by the agency in fulfilling records requests, including costs for staff compensation and legal review, and a measure of the average cost per request;

(l) The number of claims filed alleging a violation of chapter 42.56 RCW or other public records statutes in the past year involving the agency, categorized by type and exemption at issue, if applicable;

(m) The costs incurred by the agency litigating claims alleging a violation of chapter 42.56 RCW or other public records statutes in the past year, including any penalties imposed on the agency;

(n) The costs incurred by the agency with managing and retaining records, including staff compensation and purchases of equipment, hardware, software, and services to manage and retain public records; and

(o) Expenses recovered by the agency from requestors for fulfilling public records requests, including any customized service charges.

(6) The joint legislative audit and review committee must consult with state and local agencies to develop a reporting method and clearly define standardized metrics in accordance with this section.

(7) By December 1, 2019, the joint legislative audit and review committee must report to the legislature on its findings from the review, including recommendations on whether the competitive grant program, the attorney general's consultation program, and the state archivist's training services should continue or be allowed to expire. [2019 c 372 § 1; 2017 c 303 § 6.]

RCW 40.14.027 Local government archives and records management services—Judgment debtor surcharge. State agencies shall collect a surcharge of twenty dollars from the judgment debtor upon the satisfaction of a warrant filed in superior court for unpaid taxes or liabilities. The surcharge is imposed on the judgment debtor in the form of a penalty in addition to the filing fee provided in RCW 36.18.012(10). The surcharge revenue shall be transmitted to the state treasurer for deposit in the public records efficiency, preservation, and access account.

Surcharge revenue deposited in the local government archives account under RCW 40.14.024 shall be expended by the secretary of state exclusively for disaster recovery, essential records protection services, and records management training for local government agencies by the division of archives and records management. The secretary of state shall, with local government representatives, establish a committee to advise the state archivist on the local government archives and records management program. [2011 1st sp.s. c 50 § 933; 2003 c 163 § 4; 2001 c 146 § 4; 1996 c 245 § 4; 1995 c 292 § 17; 1994 c 193 § 2.]

Effective dates—2011 1st sp.s. c 50: See note following RCW 15.76.115.

Effective date—1996 c 245: See note following RCW 40.14.025.

Findings—1994 c 193: "The legislature finds that: (1) Accountability for and the efficient management of local government records are in the public interest and that compliance with public records management requirements significantly affects the cost of local government administration; (2) the secretary of state is responsible for insuring the preservation of local government archives and may assist local government compliance with public records statutes; (3) as provided in RCW 40.14.025, all archives and records management services provided by the secretary of state are funded exclusively by a schedule of fees and charges established jointly by the secretary of state and the director of financial management; (4) the secretary of state's costs for preserving and providing public access to local government archives and providing records management

assistance to local government agencies have been funded by fees paid by state government agencies; (5) local government agencies are responsible for costs associated with managing, protecting, and providing public access to the records in their custody; (6) local government should help fund the secretary of state's local government archives and records management services; (7) the five dollar fee collected by county clerks for processing warrants for unpaid taxes or liabilities filed by the state of Washington is not sufficient to cover processing costs and is far below filing fees commonly charged for similar types of minor civil actions; (8) a surcharge of twenty dollars would bring the filing fee for warrants for the collection of unpaid taxes and liabilities up to a level comparable to other minor civil filings and should be applied to the support of the secretary of state's local government archives and records services without placing an undue burden on local government; and (9) the process of collecting and transmitting surcharge revenue should not have an undue impact on the operations of the state agencies that file warrants for the collection of unpaid taxes and liabilities or the clerks of superior court who process them." [1994 c 193 § 1.]

Effective date—1994 c 193: "This act shall take effect July 1, 1994." [1994 c 193 § 3.]

RCW 40.14.030 Transfer to state archives—Certified copies, cost—Public disclosure. (1) All public records, not required in the current operation of the office where they are made or kept, and all records of every agency, commission, committee, or any other activity of state government which may be abolished or discontinued, shall be transferred to the state archives so that the valuable historical records of the state may be centralized, made more widely available, and insured permanent preservation: PROVIDED, That this section shall have no application to public records approved for destruction under the subsequent provisions of this chapter.

When so transferred, copies of the public records concerned shall be made and certified by the archivist, which certification shall have the same force and effect as though made by the officer originally in charge of them. Fees may be charged to cover the cost of reproduction. In turning over the archives of his or her office, the officer in charge thereof, or his or her successor, thereby loses none of his or her rights of access to them, without charge, whenever necessary.

(2) Records that are confidential, privileged, or exempt from public disclosure under state or federal law while in the possession of the originating agency, commission, board, committee, or other entity of state or local government retain their confidential, privileged, or exempt status after transfer to the state archives unless the archivist, with the concurrence of the originating jurisdiction, determines that the records must be made accessible to the public according to proper and reasonable rules adopted by the secretary of state, in which case the records may be open to inspection and available for copying after the expiration of seventy-five years from creation of the record. If the originating jurisdiction is no longer in existence, the archivist shall make the determination of availability according to such rules. If, while in the possession of the originating agency, commission, board, committee, or other entity, any record is determined to be

confidential, privileged, or exempt from public disclosure under state or federal law for a period of less than seventy-five years, then the record, with the concurrence of the originating jurisdiction, must be made accessible to the public upon the expiration of the shorter period of time according to proper and reasonable rules adopted by the secretary of state. [2011 c 336 § 817; 2003 c 305 § 1; 1957 c 246 § 3.]

- (2) Inventory, or manage the inventory, of all public records at least once during a biennium for disposition scheduling and transfer action, in accordance with procedures prescribed by the state archivist and state records committee: PROVIDED, That essential records shall be inventoried and processed in accordance with chapter 40.10 RCW at least annually.
- (3) Consult with any other personnel responsible for maintenance of specific records within his or her state organization regarding records retention and transfer recommendations.

- (5) Approve all records inventory and destruction requests which are submitted to the state records committee.
- (6) Review established records retention schedules at least annually to insure that they are complete and current.
- (7) Exercise internal control over the acquisition of filming and file equipment.

If a particular agency or department does not wish to transfer records at a time previously scheduled therefor, the records officer shall, within thirty days, notify the archivist and request a change in such previously set schedule, including his or her reasons therefor. [2011 c 336 § 818; 1982 c 36 § 4; 1979 c 151 § 51; 1973 c 54 § 3; 1957 c 246 § 4.]

There is created a committee, to be known as the records committee, composed of the archivist, an appointee of the state auditor, an appointee of the attorney general, and an appointee of the director of financial management. Committee members shall serve without additional salary, but shall be entitled to travel expenses incurred in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended. Such

The records committee shall meet at least once every quarter or oftener as business dictates. Action by the committee shall be by majority vote and records shall be kept of all committee business.

It shall be the duty of the records committee to approve, modify or disapprove the recommendations on retention schedules of all files of public records and to act upon requests to destroy any public records: PROVIDED, That any modification of a request or recommendation must be approved by the head of the agency originating the request or recommendation.

The division of archives and records management shall provide forms, approved by the records committee, upon which it shall prepare recommendations to the committee in cooperation with the records officer of the department or other agency whose records are involved. [1985 c 192 § 1; 1975-'76 2nd ex.s. c 34 § 83; 1957 c 246 § 5.]

(1) Any destruction of official public records shall be pursuant to a schedule approved under RCW 40.14.050. Official public records shall not be destroyed unless:

(a) Except as provided under RCW 40.14.070(2)(b), the records are six or more years old;

(b) The department of origin of the records has made a satisfactory showing to the state records committee that the retention of the records for a minimum of six years is both unnecessary and uneconomical, particularly if lesser federal retention periods for records generated by the state under federal programs have been established; or

(c) The originals of official public records less than six years old have been copied or reproduced by any photographic or other process approved by the state archivist which accurately reproduces or forms a durable medium for so reproducing the original.

(2) Any lesser term of retention than six years must have the additional approval of the director of financial management, the state auditor and the attorney general, except when records have federal retention guidelines the state records committee may adjust the retention period accordingly. An automatic reduction of retention periods from seven to six years for official public records on record retention schedules existing on June 10, 1982, shall not be made, but the same shall be reviewed individually by the state records committee for approval or disapproval of the change to a retention period of six years.

Recommendations for the destruction or disposition of office files and memoranda shall be submitted to the records committee upon approved forms prepared by the records officer of the agency concerned and the archivist. The committee shall determine the period of time that any office file or memorandum shall be preserved and may authorize the division of archives and records management to arrange for its destruction or disposition. [1999 c 326 § 1; 1982 c 36 § 5; 1979 c 151 § 52; 1973 c 54 § 4; 1957 c 246 § 6.]

(1) (a) Other than those records detailed in subsection (4) of this section, county, municipal, and other local government agencies may request authority to destroy noncurrent public records having no further administrative or legal value by submitting to the division of archives and records management lists of such records on forms prepared by the division. The archivist, a representative appointed by the state auditor, and a representative appointed by the attorney general shall constitute a committee, known as the local records committee, which shall review such lists and which may veto the destruction of any or all items contained therein.

(b) A local government agency, as an alternative to submitting lists, may elect to establish a records control program based on recurring disposition schedules recommended by the agency to the local records committee. The schedules are to be submitted on forms provided by the division of archives and records management to the local records committee, which may either veto, approve, or amend the schedule. Approval of such schedule or amended schedule shall be by unanimous vote of the local records committee. Upon such approval, the schedule shall constitute authority for the local government agency to destroy the records listed thereon, after the required retention period, on a recurring basis until the schedule is either amended or revised by the committee.

(2) (a) Except as otherwise provided by law, and other than the law enforcement records detailed in subsection (4) of this section, no public records shall be destroyed until approved for destruction by the local records committee. Official public records shall not be destroyed unless:

(i) The records are six or more years old;

(ii) The department of origin of the records has made a satisfactory showing to the state records committee that the retention of the records for a minimum of six years is both unnecessary and uneconomical, particularly where lesser federal retention periods for records generated by the state under federal programs have been established; or

(iii) The originals of official public records less than six years old have been copied or reproduced by any photographic, photostatic, microfilm, miniature photographic, or other process approved by the state archivist which accurately reproduces or forms a durable medium for so reproducing the original.

An automatic reduction of retention periods from seven to six years for official public records on record retention schedules existing on June 10, 1982, shall not be made, but the same shall be reviewed individually by the local records committee for approval or disapproval of the change to a retention period of six years.

The state archivist may furnish appropriate information, suggestions, and guidelines to local government agencies for their assistance in the preparation of lists and schedules or any other matter relating to the retention, preservation, or destruction of records under this chapter. The local records committee may adopt appropriate regulations establishing procedures to be followed in such matters.

Records of county, municipal, or other local government agencies, designated by the archivist as of primarily historical interest, may be transferred to a recognized depository agency.

(b) (i) Records of investigative reports prepared by any state, county, municipal, or other law enforcement agency pertaining to sex offenders contained in chapter 9A.44 RCW or sexually violent offenses as defined in RCW 71.09.020 that are not required in the current operation of the law enforcement agency or for pending judicial proceedings shall, following the expiration of the applicable schedule of the law enforcement agency's retention of the records, be transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval. Upon electronic retention of any document, the association shall be permitted to destroy the paper copy of the document.

(ii) Any sealed record transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval, including records sealed after transfer, shall be electronically retained in such a way that the record is clearly marked as sealed.

(iii) The Washington association of sheriffs and police chiefs shall be permitted to destroy both the paper copy and electronic record of any offender verified as deceased.
