RCW 74.04.0052 Teen applicants' living situation—Criteria—Presumption—Protective payee—Adoption referral. An appropriate living situation shall include a place of residence that is maintained by the applicant's parents, parent, legal guardian, or other adult relative as their or his or her own home and that the department finds would provide an appropriate supportive living

The department shall provide the parents or parent with the opportunity to make a showing that the parental home, or home of the other relative placement, is the most appropriate living situation. It shall be presumed in any administrative or judicial proceeding conducted under this subsection that the parental home or other relative placement requested by the parents or parent is the most appropriate living situation. This presumption is rebuttable.

(4) In cases in which the minor is unmarried and unemployed, the department shall, as part of the determination of the appropriate living situation, provide information about adoption including referral to community-based organizations providing counseling.

(1) The department, the authority, and the office of administrative hearings shall ensure that bilingual services are provided to non-English-speaking applicants and recipients. The services shall be provided to the extent necessary to assure that non-English-speaking persons are not denied, or unable to obtain or maintain, services or benefits because of their inability to speak English.

(2) If the number of non-English-speaking applicants or recipients sharing the same language served by any community service office client contact job classification equals or exceeds fifty percent of the average caseload of a full-time position in such classification, the department shall, through attrition, employ bilingual personnel to serve such applicants or recipients.

(3) Regardless of the applicant or recipient caseload of any community service office, each community service office shall ensure that bilingual services required to supplement the community service

office staff are provided through contracts with language access providers, local agencies, or other community resources.

(4) The department shall certify, authorize, and qualify language access providers as needed to maintain an adequate pool of providers such that residents can access state services. The department shall require the successful completion of oral and written tests in accordance with established standards to ensure that all language access providers are fluent in English and a primary non-English language. Testing shall include evaluation of language competence, interpreting performance skills, understanding of the interpreter's role, and knowledge of the department's policies regarding confidentiality, accuracy, impartiality, and neutrality. Except as needed to certify, authorize, or qualify bilingual personnel per subsection (2) of this section, the department will only offer spoken language interpreter testing in the following manner:

(a) To individuals speaking languages for which ten percent or more of the requests for interpreter services in the prior year for department employees and the health care authority on behalf of limited English-speaking applicants and recipients of public assistance that went unfilled through the procurement process in RCW 39.26.300;

(5) The department shall require compliance with RCW 41.56.113(2) through its contracts with third parties.

(6) Initial client contact materials shall inform clients in all primary languages of the availability of interpretation services for non-English-speaking persons. Basic informational pamphlets shall be translated into all primary languages.

(7) To the extent all written communications directed to applicants or recipients are not in the primary language of the applicant or recipient, the department and the office of administrative hearings shall include with the written communication a notice in all primary languages of applicants or recipients describing the significance of the communication and specifically how the applicants or recipients may receive assistance in understanding, and responding to if necessary, the written communication. The department shall assure that sufficient resources are available to assist applicants and recipients in a timely fashion with understanding, responding to, and complying with the requirements of all such written communications.

(8) Nothing in this section prohibits the department from developing and administering a program to meet the requirements and standards established under chapter 94, Laws of 2023.

(9) No testing or certification authority may be awarded to a private entity with a financial interest in the direct provision of interpreter services.

(10) As used in this section:

whether paid by a broker, language access agency, or a state agency. "Language access provider" does not mean a manager or employee of a broker or a language access agency.

(b) "Primary languages" includes but is not limited to Spanish, Vietnamese, Cambodian, Laotian, and Chinese. [2023 c 94 § 2; 2018 c 253 § 2; 2011 1st sp.s. c 15 § 63; 2010 c 296 § 7; 1998 c 245 § 143; 1983 1st ex.s. c 41 § 33.]

Finding—Intent—2023 c 94: "The legislature declares that quality, competent interpretive services for limited English-speaking Washingtonians is a vital public policy priority. The legislature finds that informal or erroneous interpretation can result in significant personal consequences. Therefore, the legislature intends to require that interpreters be able to pass both written and oral certification exams to ensure quality, competent services for all Washingtonians." [2023 c 94 § 1.]

Intent—2018 c 253: "It is the intent of the legislature to centralize and consolidate the procurement of spoken language interpreter services and expand the use of language access providers, thereby reducing administrative costs while protecting consumers. The legislature further intends to exclude interpreter services for sensory-impaired persons from the provisions of this act." [2018 c 253 § 1.]

Conflict with federal requirements—2018 c 253: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state. Nothing in this act may restrict an agency's ability to serve limited English proficient clients in a timely manner." [2018 c 253 § 9.]

(3) The department and the authority are hereby empowered and authorized to cooperate in the administration of such federal laws, consistent with the public assistance laws of this state, as may be necessary to qualify for federal funds.

(4) The state hereby accepts and assents to all the present provisions of the federal law under which federal grants or funds, goods, commodities, and services are extended to the state for the support of programs referenced in this section, and to such additional legislation as may subsequently be enacted as is not inconsistent with the purposes of this title, authorizing public welfare and assistance activities. The provisions of this title shall be so administered as to conform with federal requirements with respect to eligibility for the receipt of federal grants or funds.

(5) The department and the authority shall periodically make application for federal grants or funds and submit such plans, reports and data, as are required by any act of congress as a condition

(2) The legislature finds that the health care authority is responsible for overseeing all of Washington's medicaid programs, including those administered by other state agencies. Effective oversight by the health care authority will advance the legislature's objective of ensuring that the right services are delivered to the right person at the right time with measurable outcomes." (a) Identify and select an appropriate solution and acquisition approach to integrate technology systems to create a user-friendly electronic tool for Washington residents to apply for benefits;

(b) Facilitate the adaptation of state information technology systems to allow applications generated through the opportunity portal and other compatible electronic application systems to seamlessly link to appropriate state information systems;

(c) Ensure that the portal provides access to a broad array of state, federal, and local services, including but not limited to: Health care services, higher education financial aid, tax credits, civic engagement, nutrition assistance, energy assistance, family support, and the programs under RCW 74.62.030 and 43.185C.220 and as defined in RCW 10.101.010, 13.34.030, *70.96A.530, 74.04.005, **74.04.652, 74.04.655, 74.04.657, and 74.62.005 through 74.62.030;

(f) Ensure project resources maximize available federal and private funds for development and initial operation of the opportunity portal. Any incidental costs to state agencies shall be derived from existing resources. This subsection does not obligate or preclude the appropriation of future state funding for the opportunity portal;

(g) Determine the solution and acquisition approach by June 1, 2010.

(2) By December 1, 2011, and annually thereafter, the department of social and health services shall report to the legislature and governor. The report shall include data and information on implementation and outcomes of the opportunity portal, including any increases in the use of public benefits and increases in federal funding.

(3) The department shall develop a plan for implementing paperless application processes for the services included in the opportunity portal for which the electronic exchange of application information is possible. The plan should include a goal of achieving, to the extent possible, the transition of these services to paperless application processes by July 1, 2012. The plan must comply with federal statutes and regulations and must allow applicants to submit applications by alternative means to ensure that access to benefits will not be restricted.

(4) To the extent that the department enters into a contractual relationship to accomplish the purposes of this section, such contract or contracts shall be performance-based. [2011 1st sp.s. c 36 § 19; 2010 1st sp.s. c 8 § 2.]

***Reviser's note:** The code reviser's office was informed by the department of social and health services that funding was secured to implement this section.

Implementation—2010 1st sp.s. c 8 §§ 1-10 and 29: "Sections 1 through 10 and 29 of this act shall be implemented within the amounts appropriated specifically for these purposes in the omnibus operating appropriations act." [2010 1st sp.s. c 8 § 37.]

Findings—Intent—2010 1st sp.s. c 8: "(1) The legislature finds that:

(a) Low-income families and individuals often face significant barriers to receiving the services and benefits that they are qualified to receive. These services are essential to meeting individuals' basic needs, and provide critical support to low-income individuals who are working or who have disabilities that prevent them from working;

(b) Each year millions of federal dollars go unclaimed due to underutilization of benefits such as tax credits, health care coverage, and food support;

(c) State agencies have been engaged in an effort to implement an online benefit portal to simplify and streamline access to state, federal, and local benefits that include a broad array of public benefits;

(d) Access to education and training gives low-income individuals and families the opportunity to acquire the skills they need to become successfully employed and attain self-sufficiency; and

(e) Agencies have been engaged in efforts to increase access to training and education for recipients of federal food assistance.

(2) The legislature therefore intends to strengthen existing efforts by providing enhanced structure and direction to ensure that a strong partnership among colleges, state agencies, community partners, and philanthropy be established. The legislature also intends to provide an efficient, effective, integrated approach to the delivery of basic support services and education and training programs. The integrated approach should include the creation of a one-stop-shop, online benefits portal where individuals can apply for a broad array of services, including public benefits and education and training support, and the expansion of the food stamp employment and training program.

(3) The legislature further finds that:

(a) The general assistance program can be reformed to better support the ability of persons who are unable to work due to physical or mental health impairments to either return to work, or transition to federal supplemental security income benefits; and

(b) Persons who are homeless and suffering from mental illness or chemical dependency are particularly vulnerable, because homelessness is a substantial barrier to successful participation in, and completion of, needed treatment services.

(4) Through the reforms included in this act, the legislature intends to end the general assistance program and establish the disability lifeline program, and to implement multiple strategies

designed to improve the employment and basic support outcomes of persons receiving disability lifeline benefits. The legislature further intends to focus services on persons who are homeless and have a mental illness or chemical dependency by providing housing vouchers as an alternative to a cash grant so that these persons can be in stable housing and thus have a greater opportunity to succeed in treatment." (c) The standard of need may take into account the economies of joint living arrangements, but unless explicitly required by federal statute, there shall not be proration of any portion of assistance grants unless the amount of the grant standard is equal to the standard of need.

The department is authorized to establish rateable reductions and grant maximums consistent with federal law.

(2) In recognition of the hazardous nature of employment in child protective, child welfare, and adult protective services, the legislature hereby provides a supplementary program to reimburse employees of the department, for some of their costs attributable to their being the victims of assault while in the course of discharging their assigned duties. This program shall be limited to the reimbursement provided in this section.

(3) An employee is only entitled to receive the reimbursement provided in this section if the secretary of children, youth, and families, or the secretary's designee, or the secretary of social and health services, or the secretary's designee, finds that each of the following has occurred:

(a) A person has assaulted the employee while the employee was in the course of performing his or her official duties and, as a result thereof, the employee has sustained demonstrated physical injuries which have required the employee to miss days of work;

(b) The assault cannot be attributable to any extent to the employee's negligence, misconduct, or failure to comply with any rules or conditions of employment; and

(c) The department of labor and industries has approved the employee's workers' compensation application pursuant to chapter 51.32 RCW.

(4) The reimbursement authorized under this section shall be as follows:

(a) The employee's accumulated sick leave days shall not be reduced for the workdays missed;

(b) For each workday missed for which the employee is not eligible to receive compensation under chapter 51.32 RCW, the employee shall receive full pay; and

(c) In respect to workdays missed for which the employee will receive or has received compensation under chapter 51.32 RCW, the employee shall be reimbursed in an amount which, when added to that compensation, will result in the employee receiving full pay for the workdays missed.

(5) Reimbursement under this section may not last longer than three hundred sixty-five consecutive days after the date of the injury.

(6) The employee shall not be entitled to the reimbursement provided in subsection (4) of this section for any workday for which the secretary, or the secretary's designee, finds that the employee has not diligently pursued his or her compensation remedies under chapter 51.32 RCW.

(7) The reimbursement shall only be made for absences which the secretary, or the secretary's designee, believes are justified.

(8) While the employee is receiving reimbursement under this section, he or she shall continue to be classified as a state employee and the reimbursement amount shall be considered as salary or wages.

(9) All reimbursement payments required to be made to employees under this section shall be made by the department. The payments shall be considered as a salary or wage expense and shall be paid by the department in the same manner and from the same appropriations as other salary and wage expenses of the department.

(10) Should the legislature revoke the reimbursement authorized under this section or repeal this section, no affected employee is entitled thereafter to receive the reimbursement as a matter of contractual right. [2019 c 470 § 15; 2006 c 95 § 2.]

Findings—Intent—2006 c 95: "The legislature finds that employees of the department of social and health services who provide child protective, child welfare, and adult protective services are sometimes faced with highly volatile, hostile, and/or threatening situations during the course of performing their official duties. The legislature finds that the work group convened by the department of social and health services pursuant to chapter 389, Laws of 2005, has made various recommendations regarding policies and protocols to address the safety of workers. The legislature intends to implement the work group's recommendations for statutory changes in recognition of the sometimes hazardous nature of employment in child protective, child welfare, and adult protective services." Great attention shall be focused on programs and policies affecting foster youth who have a parent who is incarcerated.

(b) The secretary of social and health services and the secretary of the department of children, youth, and families shall adopt policies that encourage familial contact and engagement between inmates of the department of corrections facilities and their children with the goal of facilitating normal child development, while reducing recidivism and intergenerational incarceration. Programs and policies should take into consideration the children's need to maintain contact with his or her parent, the inmate's ability to develop plans to financially support their children, assist in reunification when appropriate, and encourage the improvement of parenting skills where needed. (b) Persons who refuse or fail without good cause to participate in substance use treatment if an assessment by a certified substance use disorder professional indicates a need for such treatment. (b) The process implementing the medical criteria must involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(5) For purposes of reviewing a person's continuing eligibility and in order to remain eligible for the program, persons who have been found to have an incapacity from gainful employment must demonstrate that there has been no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapacitation.

(6) The department must review the cases of all persons who have received benefits under the essential needs and housing support program for twelve consecutive months, and at least annually after the first review, to determine whether they are eligible for the aged, blind, or disabled assistance program.

(7) The department shall share client data for individuals eligible for essential needs and housing support with the department of commerce and designated essential needs and housing support entities as required under RCW 43.185C.230.
