

RCW 43.20.240 Public water systems—Complaint process. The department shall take such steps as are necessary to inform other state agencies of their primary responsibility for such complaints and the implementing procedures.

(2) Each county shall designate a contact person to the department for the purpose of receiving and following up on complaint referrals that are within county jurisdiction. In the absence of any such designation, the county health officer shall be responsible for performing this function.

(4) The department and each county shall use all reasonable efforts to assist customers of public water systems in obtaining a dependable supply of water at all times. The availability of resources and the public health significance of the complaint shall be considered when determining what constitutes a reasonable effort.
