

RCW 43.79A.010 Purpose. This chapter shall apply to all trust funds which are in the official custody of the state treasurer but are not required by law to be maintained in the state treasury. The purpose of this chapter is to establish a system for the centralized management, protection and control of such funds, hereinafter referred to as nontreasury trust funds, and to assure their investment in such a manner as to realize the maximum possible return consistent with safe and prudent fiscal management.
