

RCW 47.76.250 Essential rail assistance account—Purposes. (1)

The essential rail assistance account is created in the state treasury. Moneys in the account may be appropriated only for the purposes specified in this section.

(2) Moneys appropriated from the account to the department of transportation may be used by the department or distributed by the department to cities, county rail districts, counties, economic development councils, port districts, and privately or publicly owned railroads for the purpose of:

(a) Acquiring, rebuilding, rehabilitating, or improving rail lines;

(b) Purchasing or rehabilitating railroad equipment necessary to maintain essential rail service;

(c) Constructing railroad improvements to mitigate port access or mainline congestion;

(d) Construction of loading facilities to increase business on light density lines or to mitigate the impacts of abandonment;

(e) Preservation, including operation, of light density lines, as identified by the Washington state department of transportation, in compliance with this chapter; or

(f) Preserving rail corridors for future rail purposes by purchase of rights-of-way. The department shall first pursue transportation enhancement program funds, available under the federal surface transportation program, to the greatest extent practicable to preserve rail corridors. Purchase of rights-of-way may include track, bridges, and associated elements, and must meet the following criteria:

(i) The right-of-way has been identified and evaluated in the state rail plan prepared under this chapter;

(ii) The right-of-way may be or has been abandoned; and

(iii) The right-of-way has potential for future rail service.

(3) The department or the participating local jurisdiction is responsible for maintaining any right-of-way acquired under this chapter, including provisions for drainage management, fire and weed control, and liability associated with ownership.

(4) Nothing in this section impairs the reversionary rights of abutting landowners, if any, without just compensation.

(5) The department, cities, county rail districts, counties, and port districts may grant franchises to private railroads for the right to operate on lines acquired under this chapter.

(6) The department, cities, county rail districts, counties, and port districts may grant trackage rights over rail lines acquired under this chapter.

(7) If rail lines or rail rights-of-way are used by county rail districts, port districts, state agencies, or other public agencies for the purposes of rail operations and are later abandoned, the rail lines or rail rights-of-way cannot be used for any other purposes without the consent of the underlying fee titleholder or reversionary rights holder, or until compensation has been made to the underlying fee titleholder or reversionary rights holder.

(8) The department of transportation shall develop criteria for prioritizing freight rail projects that meet the minimum eligibility requirements for state assistance under RCW 47.76.240. The department shall develop criteria in consultation with the Washington state freight rail policy advisory committee. Project criteria should consider the level of local financial commitment to the project as

well as cost/benefit ratio. Counties, local communities, railroads, shippers, and others who benefit from the project should participate financially to the greatest extent practicable.

(9) Moneys received by the department from franchise fees, trackage rights fees, and loan payments shall be redeposited in the essential rail assistance account. Repayment of loans made under this section shall occur within a period not longer than fifteen years, as set by the department. The repayment schedule and rate of interest, if any, shall be determined before the distribution of the moneys.

(10) The state shall maintain a contingent interest in any equipment, property, rail line, or facility that has outstanding grants or loans. The owner may not use the line as collateral, remove track, bridges, or associated elements for salvage, or use it in any other manner subordinating the state's interest without permission from the department.

(11) Moneys may be granted for improvements to privately owned railroads, railroad property, or other private property under this chapter for freight rail projects that meet the minimum eligibility criteria for state assistance under RCW 47.76.240, and which are supported by contractual consideration. At a minimum, such contractual consideration shall consist of defined benefits to the public with a value equal to or greater than the grant amount, and where the grant recipient provides the state a contingent interest adequate to ensure that such public benefits are realized. [2009 c 160 § 1; 1996 c 73 § 2; 1995 c 380 § 6; 1993 c 224 § 4; 1991 sp.s. c 13 § 22; 1991 c 363 § 125; 1990 c 43 § 11. Prior: 1985 c 432 § 2; 1985 c 57 § 64; 1983 c 303 § 6. Formerly RCW 47.76.030.]

Effective date—1996 c 73: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 13, 1996]." [1996 c 73 § 4.]
