

**RCW 48.43.135 Hearing instruments—Coverage.** (1) For nongrandfathered group health plans other than small group health plans issued or renewed on or after January 1, 2024, a health carrier shall include coverage for hearing instruments, including bone conduction hearing devices. This section does not include coverage of over-the-counter hearing instruments.

(2) Coverage shall also include the initial assessment, fitting, adjustment, auditory training, and ear molds as necessary to maintain optimal fit. Coverage of the services in this subsection shall include services for enrollees who intend to obtain or have already obtained any hearing instrument, including an over-the-counter hearing instrument.

(3) A health carrier shall provide coverage for hearing instruments as provided in subsection (1) of this section at no less than \$3,000 per ear with hearing loss every 36 months.

(4) The services and hearing instruments covered under this section are not subject to the enrollee's deductible unless the health plan is offered as a qualifying health plan for a health savings account. For such a qualifying health plan, the carrier may apply a deductible to coverage of the services covered under this section only at the minimum level necessary to preserve the enrollee's ability to claim tax exempt contributions and withdrawals from the enrollee's health savings account under internal revenue service laws and regulations.

(5) Coverage for a minor under 18 years of age shall be available under this section only after the minor has received medical clearance within the preceding six months from:

(a) An otolaryngologist for an initial evaluation of hearing loss; or

(b) A licensed physician, which indicates there has not been a substantial change in clinical status since the initial evaluation by an otolaryngologist.

(6) For the purposes of this section:

(a) "Hearing instrument" has the same meaning as defined in RCW 18.35.010.

(b) "Over-the-counter hearing instrument" has the same meaning as "over-the-counter hearing aid" in 21 C.F.R. Sec. 800.30 as of December 28, 2022. [2023 c 245 § 1.]
