

RCW 77.12.475 Fish and wildlife equipment revolving account.

(1) The fish and wildlife equipment revolving account is created in the custody of the state treasurer. The department must reimburse the account for all moneys expended from the account. Reimbursements may be made with moneys appropriated to the department or from other moneys otherwise available to the department. All moneys generated by the use or repair of vehicles, water vessels, and heavy equipment or generated by the sale or surplus of vehicles, water vessels, and heavy equipment must be deposited in the account. The department's reimbursements may be prorated over the useful life of the vehicle, water vessel, or heavy equipment acquired with moneys from the account.

(2) Expenditures from the account may be used only for the purchase or lease of vehicles, water vessels, and heavy equipment, to include the payment of costs for the operation, repair, and maintenance of the vehicles, water vessels, and heavy equipment.

(3) Only the director of fish and wildlife or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(4) For the purposes of this section, the terms and charges for the intra-agency use of vehicles, water vessels, or heavy equipment or for the disposal through sale of vehicles, water vessels, or heavy equipment is solely within the discretion of the department and the department's determination of the terms, charges, or sale price is considered a reasonable term, charge, or sale price.
