RCW 77.15.005 Finding—Intent. The legislature finds that merger of the departments of fisheries and wildlife resulted in two criminal codes applicable to fish and wildlife, and that it has become increasingly difficult to administer and enforce the two criminal codes. Furthermore, laws defining crimes involving fish and wildlife have evolved over many years of changing uses and management objectives for fish and wildlife. The resulting two codes make it difficult for citizens to comply with the law and unnecessarily complicate enforcement of laws against violators.

The legislature intends by chapter 190, Laws of 1998 to revise and recodify the criminal laws governing fish and wildlife, ensuring that all people involved with fish and wildlife are able to know and understand the requirements of the laws and the risks of violation. Additionally, the legislature intends to create a more uniform approach to criminal laws governing fish and wildlife and to the laws authorizing prosecution, sentencing, and punishments, including repealing crimes that are redundant to other provisions of the criminal code.

Chapter 190, Laws of 1998 is not intended to alter existing powers of the commission or the director to adopt rules or exercise powers over fish and wildlife. In some places reference is made to violation of department rules, but this is intended to conform with current powers of the commission, director, or both, to adopt rules governing fish and wildlife activities. [1998 c 190 s 1.]

RCW 77.15.010 Exemption for department actions. A person is not guilty of a crime under this chapter if the person is an officer, employee, or agent of the department lawfully acting in the course of his or her authorized duties. [1998 c 190 s 2.]

RCW 77.15.020 Authority to define violation of rule as infraction—Agreement to enforce certain civil infractions. (1) If the commission or director has authority to adopt a rule that is punishable as a crime under this chapter, then the commission or director may provide that violation of the rule shall be punished with notice of infraction under RCW 7.84.030. Neither the commission nor

the director have the authority to adopt a rule providing that a violation punishable as an infraction shall be a crime.

(2) The director may, under the provisions of RCW 7.84.140, enter into an agreement allowing employees of the state parks and recreation commission and the department of natural resources to enforce certain civil infractions created under this title. [2011 c 320 s 17; 2005 c 321 s 2; 1998 c 190 s 3.]

Effective date—2011 c 320: See note following RCW 79A.80.005.

Findings—Intent—2011 c 320: See RCW 79A.80.005.

RCW 77.15.030 Individual animal unlawfully taken—Separate offense. Except as provided in RCW 77.15.260(2)(b), where it is unlawful to hunt, take, fish, possess, or traffic in big game or protected or endangered fish or wildlife, then each individual animal unlawfully taken or possessed is a separate offense. [2012 c 176 s 6; 1999 c 258 s 1; 1998 c 190 s 4.]

RCW 77.15.040 Jurisdiction. District courts have jurisdiction concurrent with superior courts for misdemeanors and gross misdemeanors committed in violation of this chapter and may impose the punishment provided for these offenses. Superior courts have jurisdiction over felonies committed in violation of this chapter. Venue for offenses occurring in offshore waters shall be in a county bordering on the Pacific Ocean, or the county where fish or wildlife from the offense are landed. [1998 c 190 s 5.]

RCW 77.15.050 "Conviction" defined. (1) Unless the context clearly requires otherwise, as used in this chapter, "conviction" means a final conviction in a state or municipal court.

(2) A plea of guilty or a finding of guilt for a violation of this title or department rule constitutes a conviction regardless of whether the imposition of sentence is deferred or the penalty is suspended. [2012 c 176 s 7; 2009 c 333 s 1; 1998 c 190 s 6.]

RCW 77.15.060 Reference to chapters 7.84 and 9A.20 RCW. Crimes defined by this chapter shall be punished as infractions, misdemeanors, gross misdemeanors, or felonies, based on the classification of crimes set out in chapters 7.84 and 9A.20 RCW. [1998 c 190 s 7.]

RCW 77.15.065 Authority of attorney general if prosecuting attorney defaults. If the prosecuting attorney of the county in which a violation of this title or rule of the department occurs fails to file an information against the alleged violator, the attorney general upon request of the commission may file an information in the superior court of the county and prosecute the case in place of the prosecuting attorney. The commission may request prosecution by the attorney general if thirty days have passed since the commission informed the county prosecuting attorney of the alleged violation. [1996 c 267 s

9; 1983 1st ex.s. c 46 s 41; 1949 c 112 s 24; Rem. Supp. 1949 s 5780-222. Formerly RCW 75.10.100, 75.08.275, 43.25.070.]

Intent—Effective date—1996 c 267: See notes following RCW 77.12.177.

RCW 77.15.070 Civil forfeiture of property used for violation of chapter.

(1) Fish and wildlife officers and ex officio fish and wildlife officers may seize without warrant boats, airplanes, vehicles, motorized implements, conveyances, gear, appliances, or other articles they have probable cause to believe have been held with intent to violate or used in violation of this title or rule of the commission or director. However, fish and wildlife officers or ex officio fish and wildlife officers may not seize any item or article, other than for evidence, if under the circumstances, it is reasonable to conclude that the violation was inadvertent. The property seized is subject to forfeiture to the state under this section regardless of ownership. Property seized may be recovered by its owner by depositing with the department or into court a cash bond or equivalent security equal to the value of the seized property but not more than one hundred thousand dollars. Such cash bond or security is subject to forfeiture in lieu of the property. Forfeiture of property seized under this section is a civil forfeiture against property and is intended to be a remedial civil sanction.

(2) In the event of a seizure of property under this section, jurisdiction to begin the forfeiture proceedings shall commence upon seizure. Within fifteen days following the seizure, the seizing authority shall serve a written notice of intent to forfeit property on the owner of the property seized and on any person having any known right or interest in the property seized. Notice may be served by any method authorized by law or court rule, including service by certified mail with return receipt requested. Service by mail is deemed complete upon mailing within the fifteen-day period following the seizure.

(3) Persons claiming a right of ownership or right to possession of property are entitled to a hearing to contest forfeiture. Such a claim shall specify the claim of ownership or possession and shall be made in writing and served on the director within forty-five days of the seizure. If the seizing authority has complied with notice requirements and there is no claim made within forty-five days, then the property shall be forfeited to the state.

(4) If any person timely serves the director with a claim to property, the person shall be afforded an opportunity to be heard as to the person's claim or right. The hearing shall be before the director or director's designee, or before an administrative law judge appointed under chapter 34.12 RCW, except that a person asserting a claim or right may remove the matter to a court of competent jurisdiction if the aggregate value of the property seized is more than five thousand dollars. The department may settle a person's claim of ownership prior to the administrative hearing.

(5) The hearing to contest forfeiture and any subsequent appeal shall be as provided for in chapter 34.05 RCW, the administrative procedure act. The seizing authority has the burden to demonstrate that it had reason to believe the property was held with intent to violate or was used in violation of this title or rule of the commission or director. The person contesting forfeiture has the

burden of production and proof by a preponderance of evidence that the person owns or has a right to possess the property and:

(a) That the property was not held with intent to violate or used in violation of this title; or

(b) If the property is a boat, airplane, or vehicle, that the illegal use or planned illegal use of the boat, airplane, or vehicle occurred without the owner's knowledge or consent, and that the owner acted reasonably to prevent illegal uses of such boat, airplane, or vehicle.

(6) A forfeiture of a conveyance encumbered by a perfected security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the act or omission. No security interest in seized property may be perfected after seizure.

(7) If seized property is forfeited under this section the department may retain it for official use unless the property is required to be destroyed, or upon application by any law enforcement agency of the state, release such property to the agency for the use of enforcing this title, or sell such property, and deposit the proceeds to the fish and wildlife enforcement reward account created in RCW 77.15.425. [2005 c 406 s 2; 2000 c 107 s 231; 1998 c 190 s 69.]

RCW 77.15.075 Enforcement authority of fish and wildlife officers—Volunteer chaplain. (1) Fish and wildlife officers shall have and exercise, throughout the state, such police powers and duties as are vested in sheriffs and peace officers generally. Fish and wildlife officers are general authority Washington peace officers.

(2) An applicant for a fish and wildlife officer position must be a citizen of the United States of America, a lawful permanent resident, or a deferred action for childhood arrivals recipient. An applicant for a fish and wildlife officer position must be able to speak, read, and write the English language. Before a person may be appointed to act as a fish and wildlife officer, the person shall meet the minimum standards for employment with the department, including successful completion of a psychological examination and polygraph examination or similar assessment procedure administered in accordance with the requirements of RCW 43.101.095(2).

(3) Any liability or claim of liability under chapter 4.92 RCW that arises out of the exercise or alleged exercise of authority by a fish and wildlife officer rests with the department unless the fish and wildlife officer acts under the direction and control of another agency or unless the liability is otherwise assumed under an agreement between the department and another agency.

(4) The department may utilize the services of a volunteer chaplain as provided under chapter 41.22 RCW. [2024 c 330 s 8; 2020 c 38 s 1; 2012 c 176 s 8; 2009 c 204 s 1; 2003 c 388 s 3; 2002 c 128 s 4; 2000 c 107 s 212; 1998 c 190 s 112; 1993 sp.s. c 2 s 67; 1988 c 36 s 50; 1987 c 506 s 16; 1985 c 155 s 2; 1980 c 78 s 17. RCW 77.15.077 Fish and wildlife officers—Private law enforcement off-duty employment—Guidelines. Washington fish and wildlife officers may engage in private law enforcement off-duty employment, in uniform or in plainclothes for private benefit, subject to guidelines adopted by the chief of fish and wildlife enforcement. These guidelines must ensure that the integrity and professionalism of the Washington fish and wildlife enforcement is preserved. Use of Washington fish and wildlife officer's uniforms shall be considered de minimis use of state property. For any employment authorized under this section that occurs on reservation, trust, or allotted lands of a federally recognized Indian tribe, a Washington fish and wildlife officer must have taken the violence de-escalation and mental health training provided by the criminal justice training commission, including the curriculum of the history of police interactions with Native American communities; and the private employer must have obtained permission from the affected federally recognized Indian tribe. [2023 c 250 s 1.]

RCW 77.15.080 Fish and wildlife officers and ex officio fish and wildlife officers—Inspection authority. Based upon articulable facts that a person is engaged in fishing, harvesting, or hunting activities, fish and wildlife officers and ex officio fish and wildlife officers have the authority to temporarily stop the person and check for valid licenses, tags, permits, stamps, or catch record cards, and to inspect all fish, shellfish, seaweed, and wildlife in possession as well as the equipment being used to ensure compliance with the requirements of this title. Fish and wildlife officers and ex officio fish and wildlife officers also may request that the person write his or her signature for comparison with the signature on his or her fishing, harvesting, or hunting license. Failure to comply with the request is prima facie evidence that the person is not the person named on the license. Fish and wildlife officers and ex officio fish and wildlife officers may require the person, if age sixteen or older, to exhibit a driver's license or other photo identification. [2014 c 202 s 303; 2014 c 48 s 3; 2012 c 176 s 9; 2002 c 281 s 8. Prior: 2001 c 306 s 1; 2001 c 253 s 23; 2000 c 107 s 233; 1998 c 190 s 113.]

RCW 77.15.085 Seizure without warrant. Fish and wildlife officers and ex officio fish and wildlife officers may seize without a warrant wildlife, fish, shellfish, and covered animal species parts and products they have probable cause to believe have been taken, transported, or possessed in violation of this title or rule of the commission or director. [2016 c 2 s 4 (Initiative Measure No. 1401, approved November 3, 2015); 2000 c 107 s 232.]

RCW 77.15.090 Search, arrest warrant—Issuance—Execution. On a showing of probable cause that there has been a violation of any fish, seaweed, shellfish, or wildlife law of the state of Washington, or upon a showing of probable cause to believe that evidence of such violation may be found at a place, a court shall issue a search warrant or arrest warrant. Fish and wildlife officers may execute any such arrest or search warrant reasonably necessary to their duties under this title and may seize fish, seaweed, shellfish, and wildlife or any evidence of a crime and the fruits or instrumentalities of a crime as provided by warrant. The court may have a building, enclosure, vehicle, vessel, container, or receptacle opened or entered and the contents examined. RCW 77.15.094 Search without warrant—Seizure of evidence, property—Limitation. Fish and wildlife officers and ex officio fish and wildlife officers may make a reasonable search without warrant of a vessel, conveyances, vehicles, containers, packages, or other receptacles for fish, seaweed, shellfish, and wildlife which they have reason to believe contain evidence of a violation of law or rules adopted pursuant to this title and seize evidence as needed for law enforcement. This authority does not extend to quarters in a boat, building, or other property used exclusively as a private domicile, does not extend to transitory residences in which a person has a

reasonable expectation of privacy, and does not allow search and seizure without a warrant if the thing or place is protected from search without warrant within the meaning of Article I, section 7 of the state Constitution. Seizure of property as evidence of a crime does not preclude seizure of the property for forfeiture as authorized by law. (e) The records required by the department of any taxidermist or fur buyer.

(3) Fish and wildlife officers may inspect without warrant, at reasonable times and in a reasonable manner, the records required by the department of any retail outlet selling fish, shellfish, or wildlife, and, if the officers have probable cause to believe a violation of this title or rules of the commission has occurred, they may inspect without warrant the premises, containers, and fish, shellfish, and wildlife of any retail outlet selling fish, shellfish, or wildlife.

(4) Authority granted under this section does not extend to quarters in a boat, building, or other property used exclusively as a private domicile, does not extend to transitory residences in which a person has a reasonable expectation of privacy, and does not allow search and seizure without a warrant if the thing or place is protected from search without warrant within the meaning of Article I, section 7 of the state Constitution. RCW 77.15.100 Seized fish, shellfish, wildlife, and covered animal species part or product—Forfeiture—Sale—Disposition of sale. (1) Fish, shellfish, and wildlife are property of the state under RCW 77.04.012. Fish and wildlife officers may sell seized, commercially taken or possessed fish and shellfish to a wholesale buyer and deposit the proceeds into the fish and wildlife enforcement reward account under RCW 77.15.425. Seized, recreationally taken or possessed fish, shellfish, and wildlife may be donated to nonprofit charitable organizations. The charitable organization must qualify for tax-exempt status under 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code. Seized fish, shellfish, and wildlife may be returned to the environment or otherwise safely disposed of if storage is not practical under the circumstances, after the evidentiary value of the seized fish, shellfish, or wildlife has been preserved through photographs, measurements, biological samples, or other reasonable means. If an exculpatory value is clearly apparent in the seized fish, shellfish, or wildlife, and the exculpatory value is not otherwise reasonably obtainable, the fish, shellfish, or wildlife should be retained.

(2) Fish and wildlife officers may dispose of any covered animal species part or product seized through the enforcement of RCW 77.15.135 through a donation to a bona fide educational or scientific institution, solely for the purposes of raising awareness of the

trafficking and threatened nature of endangered animals, as allowed under state, federal, and international law.

(3) Unless otherwise provided in this title, fish, shellfish, wildlife, or any covered animal species part or product taken or possessed in violation of this title or department rule shall be forfeited to the state upon:

(a) Conviction as defined in RCW 77.15.050;

(b) A finding of guilt or plea of guilty pursuant to an amended information for any violation that was originally charged as a violation of this title or department rule regardless of whether the imposition of sentence is deferred or the penalty is suspended;

(c) Any infraction adjudicated under this title, department rule, or chapter 7.84 RCW with a final disposition of committed, paid, or uncontested, regardless of whether the violation was originally charged as a criminal offense and regardless of whether the penalty is suspended or deferred; or

(d) Any disposition of a case arising from an act originally charged as a violation of this title or department rule, or an infraction cited or referred as a violation of this title, department rule, or chapter 7.84 RCW, whereby the offender enters into a disposition that continues or defers the case for dismissal upon the successful completion of specific terms or conditions. For cases resulting in other types of dispositions that are not defined in RCW 77.15.050, including findings of not guilty, not committed, or dismissal with prejudice due to a failure of proof or violation of law, the fish, shellfish, wildlife, or covered animal species part or product may be returned, or its equivalent value paid, if the fish, shellfish, wildlife, or covered animal species part or product have already been donated or sold. If a case is dismissed without prejudice and is subject to being refiled, the seized fish, shellfish, wildlife, or covered animal species part or product need not be returned until the statute of limitations for the violation has expired. Nothing in this section prevents the seizing authority from pursuing forfeiture under RCW 77.15.070 or any other statute or rule. Finding—2016 c 2 (Initiative Measure No. 1401): See note following RCW 77.15.135.

RCW 77.15.110 Acting for commercial purposes—When—Proof. (1)

For purposes of this chapter, a person acts for commercial purposes if the person engages in conduct that relates to commerce in fish, seaweed, shellfish, or wildlife or any parts thereof. Commercial conduct may include taking, delivering, selling, buying, brokering, or trading fish, seaweed, shellfish, or wildlife where there is present or future exchange of money, goods, or any valuable consideration. Evidence that a person acts for commercial purposes includes, but is not limited to, the following conduct:

(a) Using gear typical of that used in commercial fisheries;

(b) Exceeding the bag or possession limits for personal use by taking or possessing more than three times the amount of fish, seaweed, shellfish, or wildlife allowed;

(c) Delivering or attempting to deliver fish, seaweed, shellfish, or wildlife to a person who sells or resells it;

(d) Taking fish or shellfish using a vessel designated on a commercial fishery license or using gear not authorized in a personal use fishery;

(e) Using a commercial fishery license;

(f) Selling or dealing in raw furs for a fee or in exchange for goods or services;

(g) Performing taxidermy service on fish, shellfish, or wildlife belonging to another person for a fee or receipt of goods or services; or

(h) Packs, cuts, processes, or stores the meat of wildlife for consumption, for a fee or in exchange for goods or services.

(2) For purposes of this chapter, the value of any fish, seaweed, shellfish, or wildlife may be proved based on evidence of legal or illegal sales involving the person charged or any other person, of offers to sell or solicitation of offers to sell by the person charged or by any other person, or of any market price for the fish, seaweed, shellfish, or wildlife including market price for farm-raised game animals. The value assigned to specific fish, seaweed, shellfish, or wildlife by RCW 77.15.420 may be presumed to be the value of such fish, seaweed, shellfish, or wildlife. It is not relevant to proof of value that the person charged misrepresented that the fish, seaweed, shellfish, or wildlife was taken in compliance with law if the fish, seaweed, shellfish, or wildlife was unlawfully taken and had no lawful market value. [2017 3rd sp.s. c 8 s 8; 2012 c 176 s 13; 2002 c 127 s 2; 2001 c 253 s 27; 1998 c 190 s 8.]

Finding—Intent—Effective date—2017 3rd sp.s. c 8: See notes following RCW 77.08.010.

Intent—2002 c 127: "The legislature intends to clarify that when a crime under chapter 77.15 RCW requires proof that a person acted for commercial purposes, that element refers to engaging in particular conduct that is commercial in nature and the element does not imply that a particular state of mind must exist. This act revises the existing definition of that element to confirm that the element is fulfilled by engaging in commercial conduct and to eliminate any implication that a particular mental state of mind must be shown. Examples are given of the type of conduct that may be considered as evidence that a person acts for a commercial purpose; however, these examples do not create a conclusive presumption that a person acts for a commercial purpose." [2002 c 127 s 1.]

RCW 77.15.120 Endangered fish or wildlife—Unlawful taking—Penalty. (1) A person is guilty of unlawful taking of endangered fish or wildlife in the second degree if:

(a) The person hunts for, fishes for, possesses, maliciously harasses, or kills fish or wildlife, or possesses or intentionally destroys the nests or eggs of fish or wildlife;

(a) Convicted under subsection (1) of this section or convicted of any crime under this title involving the taking, possessing, or malicious harassment of endangered fish or wildlife; and

(b) Within five years of the date of the prior conviction the person commits the act described by subsection (1) of this section.

(3)(a) Unlawful taking of endangered fish or wildlife in the second degree is a gross misdemeanor.

(b) Unlawful taking of endangered fish or wildlife in the first degree is a class C felony. The department shall revoke any licenses or tags used in connection with the crime and order the person's privileges to hunt, fish, trap, or obtain licenses under this title to be suspended for two years. [2014 c 48 s 5; 2000 c 107 s 236; 1998 c 190 s 13.]

RCW 77.15.130 Protected fish or wildlife—Unauthorized taking—Penalty—Criminal wildlife penalty assessment. (1) A person is guilty of unlawful taking of protected fish or wildlife if:

(a) The person hunts for, fishes for, maliciously takes, harasses, or possesses fish or wildlife, or the person possesses or maliciously destroys the eggs or nests of fish or wildlife designated by the commission as protected, other than species designated as threatened or sensitive, and the taking has not been authorized by rule of the commission or by a permit issued by the department;

(b) The person violates any rule of the commission regarding the taking, harassing, possession, or transport of protected fish or wildlife; or

(c)(i) The person hunts for, fishes for, intentionally takes, harasses, or possesses fish or wildlife, or the person possesses or intentionally destroys the nests or eggs of fish or wildlife designated by the commission as threatened or sensitive; and

(3) In addition to the penalties set forth in subsection (2) of this section, if a person is convicted of violating this section and the violation results in the death of protected wildlife listed in this subsection, the court shall require payment of the following amounts for each animal taken or possessed. The criminal wildlife penalty assessment must be included by the court in any pronouncement of sentence and may not be suspended, waived, modified, or deferred in any respect.

(b) This subsection may not be construed to abridge or alter alternative rights of action or remedies in equity or under common law or statutory law, criminal or civil.

(6) A defaulted criminal wildlife penalty assessment authorized under subsection (3) of this section may be collected by any means authorized by law for the enforcement of orders of the court or collection of a fine or costs, including but not limited to vacation of a deferral of sentencing or vacation of a suspension of sentence.

(7) The department shall revoke the hunting license and suspend the hunting privileges of a person assessed a criminal wildlife penalty assessment under this section until the penalty assessment is paid through the registry of the court in which the penalty assessment was assessed.

(8) The criminal wildlife penalty assessments provided in subsection (3) of this section must be doubled in the following instances:

(a) When a person commits a violation that requires payment of a criminal wildlife penalty assessment within five years of a prior gross misdemeanor or felony conviction under this title; or

(b) When the trier of fact determines that the person took or possessed the protected wildlife in question with the intent of bartering, selling, or otherwise deriving economic profit from the wildlife or wildlife parts. [2014 c 48 s 6; 2012 c 176 s 14; 1998 c 190 s 14.]

RCW 77.15.135 Unlawful sale, purchase, trade, barter, or distribution of covered animal species part or product—Penalty—Report to the legislature—Adoption of rules. (1) Except as authorized in subsections (2) and (3) of this section, it is unlawful for a person to sell, offer to sell, purchase, trade, barter for, or distribute any covered animal species part or product.

(2) The prohibitions set forth in subsection (1) of this section do not apply if any of the following conditions is [are] satisfied:

(a) The covered animal species part or product is part of a bona fide antique, provided the antique status of such an antique is established by the owner or seller thereof with historical documentation evidencing provenance and showing the antique to be not less than one hundred years old, and the covered animal species part or product is less than fifteen percent by volume of such an antique;

(b) The distribution of the covered animal species part or product is for a bona fide educational or scientific purpose, or to or from a museum;

(e) The intrastate sale, offer for sale, purchase, trade, barter for, or distribution of the covered animal species part or product is expressly authorized by federal law or permit.

(3) The prohibitions set forth in subsection (1) of this section do not apply to an employee or agent of a federal, state, or local government undertaking any law enforcement activity pursuant to federal, state, or local law or any mandatory duty required by federal, state, or local law.

(4) (a) Except as otherwise provided in this section, a person is guilty of unlawful trafficking in species threatened with extinction in the second degree if the person commits the act described in subsection (1) of this section and the violation involves covered animal species parts or products with a total market value of less than two hundred fifty dollars.

(b) Except as otherwise provided in this section, a person is guilty of unlawful trafficking in species threatened with extinction in the first degree if the person commits the act described by subsection (1) of this section and the violation:

(i) Involves covered animal species parts or products with a total market value of two hundred fifty dollars or more;

(ii) Occurs after entry of a prior conviction under this section; or

(c) Unlawful trafficking in species threatened with extinction in the second degree is a gross misdemeanor.

(d) Unlawful trafficking in species threatened with extinction in the first degree is a class C felony.

(e) If a person commits the act described by subsection (1) of this section and such an act also would be a violation of any other criminal provision of this title, the prosecuting authority has discretion as to which crime or crimes the person is charged as long as the charges are consistent with any limitations in the state and federal Constitutions.

(5) In addition to the penalties set forth in subsection (4) of this section, if a person is convicted of violating this section, the court shall require payment of a criminal wildlife penalty assessment in the amount of two thousand dollars that must be paid to the clerk of the court and distributed each month to the state treasurer for deposit in the fish and wildlife enforcement reward account created in RCW 77.15.425.

(6) If two or more people are convicted under subsection (1) of this section, the criminal wildlife penalty assessment under this section must be imposed against each person jointly and severally.

(7) The criminal wildlife penalty assessment provided in this section must be doubled if the person is convicted of unlawful trafficking in species threatened with extinction in the first degree.

(8) By January 1, 2017, and thereafter annually, the director shall provide a comprehensive report outlining current and future enforcement activities and strategies related to chapter 2, Laws of 2016, including recommendations regarding any necessary changes, to

the relevant policy and fiscal committees of the senate and house of representatives.

(9) The commission may adopt rules necessary for the implementation and enforcement of chapter 2, Laws of 2016. [2016 c 2 s 3 (Initiative Measure No. 1401, approved November 3, 2015).]

Finding—2016 c 2 (Initiative Measure No. 1401): "There is broad consensus that the trafficking of animals threatened with extinction continues to grow at an alarming pace, threatening an increasing variety of animal species including elephants, rhinoceroses, tigers, lions, leopards, cheetahs, pangolins, marine turtles, sharks, and rays, among others. These species are threatened with extinction in large part due to the trafficking of their parts and products. The national strategy for combating wildlife trafficking, released in February 2014, recognized the important role that states have in protecting species that are subject to illegal wildlife trade. Federal law regulates the transfer or importation of parts or products made from endangered animal species, but due to the increasing demand for these products around the world, state authority needs to be expanded to appropriately regulate these markets on a local level.

The most effective way to discourage illegal trafficking in animal species threatened with extinction is to eliminate markets and profits. The people find that it is in the public interest to protect animal species threatened with extinction by prohibiting within the state of Washington, with certain limited exceptions, the sale, offer for sale, purchase, trade, barter for, and distribution of any part or product of any species of elephant, rhinoceros, tiger, lion, leopard, cheetah, pangolin, marine turtle, shark, or ray identified as threatened with extinction by specified international conservation organizations. These animals represent some of the most trafficked species threatened with extinction according to illegal wildlife product seizure data gathered by the world wildlife fund-TRAFFIC, international union for conservation of nature, and other international conservation organizations." [2016 c 2 s 1 (Initiative Measure No. 1401, approved November 3, 2015).]

RCW 77.15.150 Poison or explosives—Unlawful use—Penalty. (1) A person is guilty of unlawful use of poison or explosives if:

(b) The person lays out, sets out, or uses an explosive that kills, injures, harms, or endangers fish, shellfish, or wildlife, except if authorized by law or permit of the director.

(2) Unlawful use of poison or explosives is a gross misdemeanor. [2001 c 253 s 28; 1998 c 190 s 16.]

(1) If a person is convicted of two or more qualifying commercial fishing violations within a three-year period, the person's privileges to participate in the commercial fishery to which the violations applied may be suspended by the director for up to one year. A commercial fishery license that is suspended under this section may not be transferred after the director issues a notice of suspension, or used by an alternative operator or transferred during the period of suspension, if the person who is the subject of the suspension notice is the person who owns the commercial fishery license.

(2) For the purposes of this section only, "qualifying commercial fishing violation" means either:

(a) A conviction under RCW 77.15.500, 77.15.510, 77.15.520, 77.15.530, 77.15.550(1)(a), 77.15.570, 77.15.580, or 77.15.590;

(b) A gross misdemeanor or felony involving commercial fish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold fish, other than shellfish, groundfish, or coastal pelagic species of baitfish totals greater than six percent, by weight, of the harvest available for inspection at the time of citation and the cumulative value of the unlawfully harvested fish is more than two hundred fifty dollars at the time of citation;

(c) A gross misdemeanor or felony involving commercial groundfish or coastal pelagic baitfish harvest, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued under this title, if: (i) The quantity of unlawfully harvested, possessed, bought, or sold groundfish or coastal pelagic baitfish totals greater than ten percent, by weight, of the harvest available for inspection at the time of citation and has a cumulative value greater than five hundred dollars; or (ii) the quantity, by weight, of the unlawfully commercially harvested groundfish or coastal pelagic baitfish is ten percent greater than the landing allowances provided under rules adopted by the department for species categorized as overfished by the national marine fisheries service; or

(d) A gross misdemeanor or felony involving commercial shellfish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold

shellfish: (i) Totals greater than six percent of the harvest available for inspection at the time of citation; and (ii) totals fifty or more individual shellfish.

(3) (a) The director may refer a person convicted of one qualifying commercial fishing violation to the license suspension review committee if the director feels that the qualifying commercial fishing violation was of a severe enough magnitude to justify suspension of the individual's license renewal privileges.

(b) The director may refer any person convicted of one egregious shellfish violation to the license suspension review committee.

(c) For the purposes of this section only, "egregious shellfish violation" means a gross misdemeanor or felony involving commercial shellfish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold shellfish: (i) Totals more than twenty percent of the harvest available for inspection at the time of citation; (ii) totals five hundred or more individual shellfish; and (iii) is valued at two thousand five hundred dollars or more.

(4) A person who has a commercial fishing license suspended or revoked under this section may file an appeal with the license suspension review committee pursuant to RCW 77.15.554. An appeal must be filed within thirty-one days of notice of license suspension or revocation. If an appeal is filed, the suspension or revocation issued by the department does not take effect until after the license suspension review committee has delivered an opinion. If no appeal is filed within thirty-one days of notice of license suspension or revocation, the right to an appeal is considered waived. All suspensions ordered under this section take effect either thirty-one days following the conviction for the second qualifying commercial fishing violation, or upon a decision pursuant to RCW 77.15.554, whichever is later.

(5) A fishing privilege suspended under this section is in addition to the statutory penalties assigned to the underlying crime.

(6) For the purposes of this section only, the burden is on the state to show the dollar amount or the percent of a harvest that is comprised of unlawfully harvested, bought, or sold individual fish or shellfish. [2003 c 386 s 3.]

The director shall consider the committee's opinion and make a decision and may issue, not issue, or modify the license suspension.

(4) The license suspension review committee shall collect the information and hear the testimony that it feels necessary to deliver an opinion on the proper length, if any, of a suspension of a commercial license. The opinion may be based on extenuating circumstances presented by the individual convicted of the qualifying commercial fishing violation or considerations of the type and magnitude of violations that have been committed by the individual. The maximum length of any suspension may not exceed one year.

(5) All opinions of the license suspension review committee must be by a majority vote of all voting members. Alternate committee members may only vote when one of the voting members is unavailable, has been recused, or has decided not to vote on the case before the committee. Nonvoting alternates may be present and may participate at all license suspension review committee meetings.

take wildlife, food fish, game fish, or shellfish for a period of four years. This suspension is in addition to any suspension required by the statute for the underlying fish or wildlife violation.

(iii) Suspensions pursuant to (c)(i) and (ii) of this subsection do not affect any underlying hunting and fishing privilege suspensions based on noncompliance with child support and ordered under RCW 74.20A.322 or 77.32.014. If a person who is suspended pursuant to (c)(i) and (ii) of this subsection completes the period of suspension ordered under this section but is still suspended for child support noncompliance, the person is prohibited from hunting, fishing, or engaging in any activity regulated by the department until he or she obtains a release from the department of social and health services and provides a copy of the release to the department.

(4) As used in this section, hunting includes trapping with a trapping license. [2013 c 102 s 1; 1999 c 258 s 11; 1998 c 190 s 60.]

RCW 77.15.675 Hunting while intoxicated—Penalty. (1) A person is guilty of hunting while under the influence of intoxicating liquor or drugs if the person hunts wild animals or wild birds while under the influence of intoxicating liquor or drugs.

(2) Hunting while under the influence of intoxicating liquor or drugs is a gross misdemeanor. [1999 c 258 s 12; 1980 c 78 s 75; 1955 c 36 s 77.16.070. Prior: 1947 c 275 s 45a; Rem. Supp. 1947 s 5992-55. Formerly RCW 77.16.070.]

RCW 77.15.680 Department authority to suspend privileges—Form and procedure. (1) If any crime in this chapter is punishable by a suspension of privileges, then the department shall issue an order that specifies the privileges suspended and period when such suspension shall begin and end. The department has no authority to issue licenses, permits, tags, or stamps for the suspended activity until the suspension ends and any license, tag, stamp, or other permission obtained in violation of an order of suspension is void and ineffective.

(2) A court sentence may include a suspension of privileges only if grounds are provided by statute. There is no right to seek reinstatement of privileges from the department during a period of court-ordered suspension.

(3) If this chapter makes revocation or suspension of privileges mandatory, then the department shall impose the punishment in addition to any other punishments authorized by law. [1998 c 190 s 65.]

RCW 77.15.690 Department authority to revoke licenses. (1) Upon any conviction of any violation of this chapter, the department may revoke any license, tag, or stamp, or other permit involved in the violation or held by the person convicted, in addition to other penalties provided by law.

(2) If the department orders that a license, tag, stamp, or other permit be revoked, that order is effective upon entry of the order and any such revoked license, tag, stamp, or other permit is void as a

result of such order of revocation. The department shall order such license, tag, stamp, or other permit turned over to the department, and shall order the person not to acquire a replacement or duplicate for the remainder of the period for which the revoked license, tag, stamp, or other permit would have been valid. During this period when a license is revoked, the person is subject to punishment under this chapter. If the person appeals the sentence by the court, the revocation shall be effective during the appeal.

(3) If an existing license, tag, stamp, or other permit is voided and revoked under this chapter, the department and its agents shall not be required to refund or restore any fees, costs, or money paid for the license, nor shall any person have any right to bring a collateral appeal under chapter 34.05 RCW to attack the department order. [1998 c 190 s 64.]

RCW 77.15.700 Grounds for department revocation and suspension of recreational license—Appeal.

(1) The department shall revoke a person's recreational license or licenses and suspend a person's recreational license privileges in the following circumstances:

(a) Upon conviction, if directed by statute for an offense.

(b) Upon conviction, failure to appear at a hearing to contest an infraction or criminal charge, or an unvacated payment of a fine or a finding of committed as a final disposition for any infraction, if the department finds that actions of the defendant demonstrated a willful or wanton disregard for conservation of fish or wildlife. Suspension of privileges under this subsection is permanent.

(c) If a person is convicted, fails to appear at a hearing to contest an infraction or criminal citation, or has an unvacated payment of a fine or a finding of committed as a final disposition for any infraction, twice within ten years for a violation involving unlawful hunting, killing, or possessing big game. Revocation and suspension under this subsection must be ordered for all hunting privileges for at least two years and up to ten years.

(d) If a person violates, three times or more in a ten-year period, recreational hunting or fishing laws or rules for which the person: (i) Is convicted of an offense; (ii) has an unvacated payment of a fine or a finding of committed as a final disposition for any infraction; or (iii) fails to appear at a hearing to contest an infraction or a criminal citation. Revocation and suspension under this subsection must be ordered of all recreational hunting and fishing privileges for at least two years and up to ten years.

(2) (a) A violation punishable as an infraction counts towards the revocation and suspension of recreational hunting and fishing privileges under this section if that violation is:

(i) Punishable as a crime on July 24, 2005, and is subsequently decriminalized; or

(ii) One of the following violations, as they exist on July 24, 2005: RCW 77.15.160; WAC 220-56-116; WAC 220-56-315(11); or WAC 220-56-355 (1) through (4).

(b) The commission may, by rule, designate infractions that do not count towards the revocation and suspension of recreational hunting and fishing privileges.

(3) If either the deferred education licensee or the required nondeferred accompanying person, hunting under the authority of RCW 77.32.155(2), is convicted of a violation of this title, fails to

appear at a hearing to contest a fish and wildlife infraction or a criminal citation, or has an unvacated payment of a fine or a finding of committed as a final disposition for any fish and wildlife infraction, except for a violation of RCW 77.15.400 (1) through (4), the department may revoke all hunting licenses and tags and may order a suspension of either or both the deferred education licensee's and the nondeferred accompanying person's hunting privileges for one year.

(4) A person who has a recreational license revoked and privileges suspended under this section may file an appeal with the department pursuant to chapter 34.05 RCW. An appeal must be filed within twenty days of notice of license revocation and privilege suspension. If an appeal is filed, the revocation and suspension issued by the department do not take effect until twenty-one days after the department has delivered an opinion. If no appeal is filed within twenty days of notice of license revocation and suspension, the right to an appeal is waived, and the revocation and suspension take effect twenty-one days following the notice of revocation and suspension.

(5) A recreational license revoked and privilege suspended under this section is in addition to the statutory penalties assigned to the underlying violation. [2020 c 38 s 4; 2012 c 176 s 35; 2009 c 333 s 2; 2007 c 163 s 2; 2005 c 321 s 1; 2003 c 386 s 2; 2001 c 253 s 46; 1998 c 190 s 66.]

Findings—Intent—2003 c 386: "(1) (a) The legislature finds that existing law as it relates to the suspension of commercial fishing licenses does not take into account the real-life circumstances faced by the state's commercial fishing fleets. The nature of the commercial fishing industry, together with the complexity of fisheries regulations, is such that honest mistakes can be made by well-meaning and otherwise law-abiding fishers. Commercial fishing violations that occur within an acceptable margin of error should not result in the suspension of fishing privileges. Likewise, fishers facing the possibility of license suspension or revocation deserve the opportunity to explain any extenuating circumstances prior to having his or her professional privileges suspended.

(b) The legislature intends, by creating the license suspension review committee, to provide a fisher with the opportunity to explain any extenuating circumstances that led to a commercial fishing violation. The legislature intends for the license suspension review committee to give serious considerations to the case-specific facts and scenarios leading up to a violation, and for license suspensions to issue only when the facts indicate a willful act that undermines the conservation of fish stocks. Frivolous violations should not result in the suspension of privileges, and should be punished only by the criminal sanctions attached to the underlying crime.

(2) (a) The legislature further finds that gross abuses of fish stocks should not be tolerated. Individuals convicted of even one violation that is egregious in nature, causing serious detriment to a fishery or the competitive disposition of other fishers, should have his or her license suspended and revoked.

(b) The legislature intends for the license suspension review committee to take egregious fisheries' violations seriously. When dealing with individuals convicted of only one violation, the license suspension review committee should only consider suspension for individuals that are convicted of violations that are of a severe

magnitude and show a wanton disregard for the public's resource."

RCW 77.15.710 Conviction for assault—Revocation of licenses and suspension of privileges. (1) The commission shall revoke all hunting, fishing, or other licenses issued under this title and order a ten-year suspension of all privileges extended under the authority of the department of a person convicted of assault on a fish and wildlife officer, ex officio officer, employee, agent, or personnel acting for the department, if the employee assaulted was on duty at the time of the assault and carrying out the provisions of this title. The suspension shall be continued beyond this period if any damages to the victim have not been paid by the suspended person.

(2) For the purposes of this section, the definition of assault includes:

- (a) RCW 9A.32.030; murder in the first degree;
- (b) RCW 9A.32.050; murder in the second degree;
- (c) RCW 9A.32.060; manslaughter in the first degree;

- (f) RCW 9A.36.021; assault in the second degree; and

RCW 77.15.720 Discharge of firearm, bow, or crossbow while hunting—In a manner that injures a person or that kills or causes substantial bodily harm to livestock—Suspension of hunting privileges—Appeal. (1) (a) If a person discharges a firearm, bow, or crossbow while hunting and in a manner that injures, or that a reasonable person would believe is likely to injure, another person, the director shall revoke all of the shooter's hunting licenses and suspend all hunting privileges for three years. If the shooting kills or results in the death of another person, then the director shall revoke all of the shooter's hunting licenses and suspend all of the person's hunting privileges for ten years.

(b) If a person, with malice, discharges a firearm, bow, or crossbow while hunting and in a manner that kills or causes substantial bodily harm to livestock belonging to another person, the director shall revoke all of the shooter's hunting licenses and suspend all hunting privileges for three years. For the purposes of this subsection (1) (b), "malice" has the same meaning as provided in RCW 9A.04.110 but applies to acts against livestock.

(2) A suspension under subsection (1) of this section shall be continued beyond the applicable periods if damages owed to the victim or livestock owner have not been paid by the suspended person. In such a case, no hunting license shall be reissued to the suspended person unless authorized by the director.

(3) A person who is notified of a license revocation under this section may request an appeal hearing under chapter 34.05 RCW.

(4) The commission may by rule authorize petitions for reinstatement of administrative suspensions and define circumstances under which such a reinstatement will be allowed. [2012 c 176 s 36; 2000 c 107 s 258; 1998 c 190 s 68.]

RCW 77.15.730 Wildlife violator compact citations and convictions. (1) Upon receipt of a report of failure to comply with the terms of a citation issued for a recreational violation from the licensing authority of a state that is a party to the wildlife violator compact under RCW 77.75.070, the department shall suspend the violator's recreational license privileges under this title until there is satisfactory evidence of compliance with the terms of the wildlife citation. The department shall adopt by rule procedures for the timely notification and administrative review of such suspension of recreational licensing privileges.

(2) Upon receipt of a report of a conviction for a recreational offense from the licensing authority of a state that is a party to the wildlife violator compact under RCW 77.75.070, the department shall enter such conviction in its records and shall treat such conviction as if it occurred in the state of Washington for the purposes of suspension, revocation, or forfeiture of recreational license privileges. The department shall adopt by rule procedures for the timely notification and administrative review of such suspension of licensing privileges.

(2) Upon receipt of a report of a conviction from the licensing authority of a state that is a party to the wildlife violator compact under RCW 77.75.070, the department shall enter such conviction in its records and shall treat such conviction as if it occurred in the state of Washington for the purposes of suspension, revocation, or forfeiture of license privileges. RCW 77.15.740 Protection of southern resident orca whales—

Unlawful activities—Penalty. (Effective until January 1, 2025.) (1) Except as provided in subsection (2) of this section, it is unlawful for a person to:

(a) Cause a vessel or other object to approach, in any manner, within three hundred yards of a southern resident orca whale;

(b) Position a vessel to be in the path of a southern resident orca whale at any point located within four hundred yards of the whale. This includes intercepting a southern resident orca whale by positioning a vessel so that the prevailing wind or water current carries the vessel into the path of the whale at any point located within four hundred yards of the whale;

(c) Position a vessel behind a southern resident orca whale at any point located within four hundred yards;

(d) Fail to disengage the transmission of a vessel that is within three hundred yards of a southern resident orca whale;

(e) Cause a vessel or other object to exceed a speed greater than seven knots over ground at any point located within one-half nautical mile (one thousand thirteen yards) of a southern resident orca whale; or

(f) Feed a southern resident orca whale.

(2) A person is exempt from subsection (1) of this section if that person is:

(a) Operating a federal government vessel in the course of official duties, or operating a state, tribal, or local government vessel when engaged in official duties involving law enforcement, search and rescue, or public safety;

(b) Operating a vessel in conjunction with a vessel traffic service established under 33 C.F.R. and following a traffic separation scheme, or complying with a vessel traffic service measure of direction. This also includes support vessels escorting ships in the traffic lanes, such as tug boats;

(c) Engaging in an activity, including scientific research, pursuant to a permit or other authorization from the national marine fisheries service and the department;

(d) Lawfully engaging in a treaty Indian or commercial fishery that is actively setting, retrieving, or closely tending fishing gear. Commercial fishing vessels in transit are not exempt from subsection (1) of this section;

(e) Conducting vessel operations necessary to avoid an imminent and serious threat to a person, vessel, or the environment, including when necessary for overall safety of navigation and to comply with state and federal navigation requirements; or

(f) Engaging in rescue or clean-up efforts of a beached southern resident orca whale overseen, coordinated, or authorized by a volunteer stranding network.

(3) For the purpose of this section, "vessel" includes aircraft while on the surface of the water, and every description of watercraft on the water that is used or capable of being used as a means of transportation on the water. However, "vessel" does not include inner tubes, air mattresses, sailboards, and small rafts, or flotation devices or toys customarily used by swimmers.

(4) (a) A violation of this section is a natural resource infraction punishable under chapter 7.84 RCW and carries a fine of five hundred dollars, not including statutory assessments added pursuant to RCW 3.62.090.

(b) A person who qualifies for an exemption under subsection (2) of this section may offer that exemption as an affirmative defense, which that person must prove by a preponderance of the evidence.

(5) The enforcement actions required of the department from this section are subject to the availability of amounts appropriated for this specific purpose. [2019 c 291 s 1; 2014 c 48 s 22; 2012 c 176 s 37; 2008 c 225 s 2.]

Effective date—2019 c 291 s 1: "Section 1 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 8, 2019]." [2019 c 291 s 6.]

Findings—Intent—2008 c 225: "The legislature finds that the resident population of orca whales in Washington waters (*Orcinus orca*), commonly referred to as the southern residents, are enormously significant to the state. These highly social, intelligent, and playful marine mammals, which the legislature designated as the official marine mammal of the state of Washington, serve as a symbol of the Pacific Northwest and illustrate the biological diversity and rich natural heritage that all Washington citizens and its visitors enjoy.

However, the legislature also finds that the southern resident orcas are currently in a serious decline. Southern residents experienced an almost twenty percent decline between 1996 and 2001. The federal government listed this orca population as depleted in 2003, and as an endangered species in 2005. The federal government has identified impacts from vessels as a significant threat to these marine mammals.

In 2006, after listing the southern resident orcas as endangered, the federal government designated critical orca habitat and released a proposed recovery plan for the southern resident orcas. The federal government has initiated the process to adopt orca conservation rules, but this process may be lengthy. Additionally, although existing whale and wildlife viewing guidelines are an excellent educational resource, these guidelines are voluntary measures that cannot be enforced.

Therefore, the legislature intends to protect southern resident orca whales from impacts from vessels, and to educate the public on how to reduce the risk of disturbing these important marine mammals." [2008 c 225 s 1.]

Intent—2008 c 225: "The legislature encourages the state's law enforcement agencies to utilize existing statutes and regulations to protect southern resident orca whales from impacts from vessels, including the vessel operation and enforcement standards contained in chapter 79A.60 RCW." [2008 c 225 s 3.]

RCW 77.15.740 Protection of southern resident orca—Unlawful activities—Penalty—Signage—Outreach and education—Duties of commercial whale watching vessel. (Effective January 1, 2025.) (1) Beginning January 1, 2025, except as provided in subsection (2) of this section, it is unlawful for a person to:

(a) Cause a vessel or other object to approach, in any manner, within 1,000 yards of a southern resident orca;

(b) Position a vessel to be in the path of a southern resident orca at any point located within 1,000 yards of the whale. This includes intercepting a southern resident orca by positioning a vessel so that the prevailing wind or water current carries the vessel into the path of the whale at any point located within 1,000 yards of the whale;

(c) Position a vessel behind a southern resident orca at any point located within 1,000 yards;

(d) Fail to disengage the transmission of a vessel that is within 400 yards of a southern resident orca;

(e) Cause a vessel or other object to exceed a speed greater than seven knots over ground at any point located within 1,000 yards of a southern resident orca; or

(f) Feed a southern resident orca.

(2) A person is exempt from subsection (1) of this section if that person is:

(a) Operating a federal government vessel in the course of official duties, or operating a state, tribal, or local government vessel when engaged in official duties involving law enforcement, search and rescue, or public safety;

(b) Operating a vessel in conjunction with a vessel traffic service as a vessel traffic service user established under 33 C.F.R. and following a traffic separation scheme, or complying with a vessel traffic service or captain of the port measure or direction, or complying with the rules of the road or taking actions to ensure safety. This also includes vessel transits departing the lanes for safety reasons or to approach or depart a dock or anchorage area, including support vessels escorting or assisting vessels, such as tug boats;

(c) Engaging in an activity, including scientific research or oil spill response, pursuant to the conditions of a permit or other authorization from the national marine fisheries service or the department;

(d) Lawfully engaging in a treaty Indian or commercial fishery that is actively setting, retrieving, or closely tending fishing gear. Commercial fishing vessels in transit are not exempt from subsection (1) of this section;

(e) Conducting vessel operations necessary to avoid an imminent and serious threat to a person, vessel, or the environment, including when necessary for overall safety of navigation and to comply with state and federal navigation requirements; or

(f) Engaging in rescue or clean-up efforts of a beached southern resident orca overseen, coordinated, or authorized by a volunteer stranding network.

(3) For the purpose of this section, "vessel" includes aircraft while on the surface of the water, and every description of watercraft on the water that is used or capable of being used as a means of transportation on the water. However, "vessel" does not include inner tubes, air mattresses, sailboards, and small rafts, or flotation devices or toys customarily used by swimmers.

(4) (a) A violation of this section is a natural resource infraction punishable under chapter 7.84 RCW and carries a fine of five hundred dollars, not including statutory assessments added pursuant to RCW 3.62.090.

(b) A person who qualifies for an exemption under subsection (2) of this section may offer that exemption as an affirmative defense, which that person must prove by a preponderance of the evidence.

(c) The department may choose to offer educational materials in lieu of issuing an infraction, at the officer's discretion.

(d) An officer may not issue an infraction to the operator of a vessel that is within 400 yards of a southern resident orca who has immediately disengaged the transmission of the vessel pursuant to subsection (1)(d) of this section and waits for the whale to leave the vicinity.

(5) The department must post signs at public boat launches and marinas that provide information regarding the vessel setbacks and speed limits required by this section. However, the requirements of this section apply whether or not a sign is present and the absence of a sign is not a defense to any violation of this section.

(6) The department shall conduct outreach and education regarding regulations and best practices for recreational boating in waters inhabited by southern resident orcas, including best practices for avoiding or minimizing encounters closer than 1,000 yards from a southern resident orca consistent with the recommendations of the work group established in section 6, chapter 452, Laws of 2023. This may include the advancement and proliferation of tools for notifying boaters of southern resident orca presence, identifying orca ecotypes, and estimating distance on the water.

(7) If the operator of a motorized commercial whale watching vessel enters within 1,000 yards of a group of southern resident orcas, after taking reasonable measures to determine whether the whales are southern resident orcas, and then identifies the whales as southern resident orcas, the operator must:

(a) Immediately safely reposition the vessel to be 1,000 yards or farther from the southern resident orcas; and

(b) Immediately after repositioning the vessel, report the location of the southern resident orca or orcas to the WhaleReport application for the whale report alert system, or to a successor transboundary notification system designated by the department that is adopted by the international shipping community in the Salish Sea.

(8) The operator of a motorized commercial whale watching vessel may voluntarily log the incident, including measures taken to determine whether the whales were southern resident orcas, and submit the log to the department within 24 hours of the incident. [2023 c 452 s 2; 2019 c 291 s 1; 2014 c 48 s 22; 2012 c 176 s 37; 2008 c 225 s 2.]

Effective date—2023 c 452 s 2: "Section 2 of this act takes effect January 1, 2025." [2023 c 452 s 9.]

Findings—Intent—2023 c 452: "(1) It is the intent of the legislature to support the recovery of endangered southern resident orcas by reducing underwater noise and disturbance from vessels, which is one of the three main threats to the population's recovery, along with availability of their preferred prey, Chinook salmon, and contaminants in their food and environment. In particular, the legislature intends to protect southern resident orcas from those boaters who intentionally harass, chase, and torment the whales.

(2) The legislature further finds that the state has a compelling interest in protecting the iconic southern resident orca from extinction by acting to implement recovery activities and adaptively managing the southern resident orca recovery effort using best available science. Studies conducted by the national oceanic and

atmospheric administration have indicated that southern resident orcas significantly reduced their foraging behavior when moving vessels were observed within 1,000 yards of the whale, with females being more likely than males to reduce their foraging activities when vessels were within an average of 400 yards.

(3) In 2019, the governor's southern resident orca task force produced 49 recommendations to address the three major threats to the population's recovery. While many investments have been made and implementation is ongoing, increased and sustained efforts are needed to advance salmon recovery, address water quality and contaminants in the environment, and reduce underwater noise and physical disturbance of orcas as they attempt to forage, communicate, and rest.

(4) The legislature finds that the threats to orcas are interrelated and they are inexorably linked with salmon recovery. Salmon face a diverse array of threats throughout their life cycle including the threat posed by pinnipeds, such as seals and sea lions, which are protected under federal law, but nevertheless pose a significant threat to salmon and orca recovery through ongoing and excessive predation. Salmon also face fish passage barriers, stormwater runoff, and spills from wastewater treatment plants, among other threats. It is in the best interest of all the people of Washington, including federally recognized tribes and private landowners, to increase the population of salmon and to ensure the survivability of salmon against all threats.

(5) The legislature directed the department of fish and wildlife to produce a report on the effectiveness of regulations designed to address underwater noise and disturbance from commercial whale watching and recreational vessels. The legislature received the first of three mandated reports in November of 2022, and it contained an assessment of the most recent science demonstrating the negative impact of vessels on southern resident orca foraging behavior and foraging success.

(6) While it takes time to see results from efforts to increase prey availability and reduce contaminants, reducing noise and disturbance from vessels can provide immediate support for the southern resident orcas by increasing their likelihood of successful foraging." [2023 c 452 s 1.]

RCW 77.15.750 Unlawful use of a department permit—Penalty. (1)

A person is guilty of unlawful use of a department permit if the person:

(a) Violates any terms or conditions of the permit issued by the department or the director; or

(b) Violates any rule of the commission or the director applicable to the requirement for, issuance of, or use of the permit.

(2) (a) Permits covered under subsection (1) of this section include, but are not limited to, master hunter permits, crab pot removal permits and shellfish pot removal permits under RCW 77.70.500, depredation permits, landowner hunting permits, commercial carp license permits, permits to possess or dispense beer or malt liquor pursuant to RCW 66.28.210, and permits to hold, sponsor, or attend an event requiring a banquet permit from the *liquor control board.

(3) (a) Unlawful trade in shark fins in the second degree is a gross misdemeanor. Upon conviction, the department shall suspend any commercial fishing privileges for the person that requires a license under this title for a period of one year.

[2014 c 48 s 23; 2011 c 324 s 2.]

Findings—2011 c 324: "The legislature finds and declares the following:

(1) The practice of shark finning, where a shark is caught, its fins are sliced off while it is still alive, and the animal returned to the sea severely and almost always fatally wounded, constitutes a serious threat to Washington's coastal ecosystem and biodiversity. Sharks are particularly susceptible to overfishing because they only reach sexual maturity between seven to twelve years of age and hatch or birth small litters. The destruction of the population of sharks, which reside at the top of the marine food chain, is an urgent problem that upsets the balance of species in the ocean ecosystem.

(2) Shark finning condemns millions of sharks every year to slow, painful deaths. Returned to the water without their fins, the maimed sharks are attacked by other predators or drown, because most shark species must swim in order to push water through their gills. Shark

finning is therefore a cruel practice contrary to the good morals of the citizens of the state of Washington.

(3) The market for shark fins drives the brutal practice of shark finning. Shark finning and trade in shark fins and shark fin derivative products are occurring all along the Pacific Coast, including the state of Washington.

(4) The consumption of shark fins and shark fin derivative products by humans may cause serious health risks, including risks from mercury." [2011 c 324 s 1.]

(b) The food, food waste, or other substance poses a risk to the safety of any person, livestock, or pet because the food, food waste, or other substance is attracting or could attract large wild carnivores to the land or buildings.

(5)(a) Any written warning issued under subsection (4) of this section requires the person or entity placing or otherwise responsible for placing the food, food waste, or other substance to contain, move, or remove that food, food waste, or other substance within two days.

(b) The department must adopt rules for permissible temporary actions that include, at a minimum, the conditions under which a person may capture or transport wildlife to a primary permittee, subpermittee, or a rehabilitation facility.

(2) A person who is a primary permittee or subpermittee on a wildlife rehabilitation permit issued by the department is guilty of unlawful use of a wildlife rehabilitation permit if the person violates any permit provisions or department rules pertaining to wildlife rehabilitation other than those addressing recordkeeping and reporting requirements.
