(b) The provision of, authorization of, recommendation of, aiding in, assistance in, referral for, or other participation in any reproductive health care services or gender-affirming treatment, by a license holder, if the participation would have been lawful and consistent with standards of care if it occurred entirely in Washington;

(2) Except as required by chapter 18.71B RCW, the following, alone or in combination, shall not serve as the basis for a denial of an application for licensure, licensure renewal, or temporary practice permit, or for any other disciplinary action by a disciplining authority against an applicant or license holder:

(3) Nothing in this section prohibits the disciplining authority from taking action on separate charges that are unrelated to the provision of, authorization of, recommendation of, aiding in, assistance in, referral for, or other participation in any reproductive health care services or gender-affirming treatment that would have been lawful and consistent with standards of care if it occurred entirely in Washington.

(4) Nothing in this section shall be construed to expand the scope of practice of any license holder licensed under this title, nor does this section give any such license holder the authority to act outside their scope of practice as defined under this title.
