Intent—2008 c 162: "It is the intent of the legislature to improve access to higher education for all residents and ensure that students have the necessary resources and support services to attain their educational goals while keeping families strong. For many students, the lack of affordable, accessible, quality child care on or in close proximity to colleges and universities is a barrier to completion of their higher education goals. Further, it is the intent of the legislature to adopt policies that, to the extent possible, leverage existing resources and maximize educational outcomes by supporting affordable, accessible, and quality child care programs."
