(2) Nothing in this chapter is intended or shall be construed to prevent a local government from requiring a preapplication conference or a public meeting by rule, ordinance, or resolution, where otherwise required by applicable state law.

(3) Each local government shall adopt procedures to monitor and enforce permit decisions and conditions.

(4) Nothing in this chapter modifies any independent statutory authority for a government agency to appeal a project permit issued by a local government.

(i) Adopting a program to allow for outside professionals with appropriate professional licenses to certify components of applications consistent with their license; or

(j) Meeting with the applicant to attempt to resolve outstanding issues during the review process. The meeting must be scheduled within 14 days of a second request for corrections during permit review. If the meeting cannot resolve the issues and a local government proceeds with a third request for additional information or corrections, the local government must approve or deny the application upon receiving the additional information or corrections.

(2) (a) After January 1, 2026, a county or city must adopt additional measures under subsection (1) of this section at the time of its next comprehensive plan update under RCW 36.70A.130 if it meets the following conditions:
