

**RCW 43.31.574 Early learning facilities grant and loan program—  
Collocation with affordable or supportive housing—State funding.** For  
early learning facilities collocated with affordable or supportive  
housing developments, the department may remit state funding on a  
reimbursement basis for 90 percent of eligible project costs,  
regardless of the project's match amount, once the nonstate share of  
project costs have been either expended or firmly committed in an  
amount sufficient to complete the entire project or a distinct phase  
of the project that is useable to the public as an early learning  
facility. Eligible housing developments are projects that have  
received public funding and have secured enough funding to complete  
construction of the project that will result in a certificate of  
occupancy to open the affordable housing development, including the  
early learning facility. [2024 c 230 s 2.]
