Intent—2015 c 181: "The legislature recognizes the vital role that our state's fire service personnel play in responding not just to fires but to disasters of varying types and kinds. The legislature further recognizes that the fire service mobilization plan may be a more effective tool for use in all emergencies and disasters to which fire departments, fire districts, and regional fire protection service authorities typically respond. It is the intent of the legislature that state fire service mobilization be allowed in all incidents to which fire departments, fire districts, and regional fire protection service authorities typically respond, so long as the mobilization meets the requirements identified in the Washington state fire service mobilization plan. It is the intent of the legislature to review the use of the fire mobilization plan for emergencies and disasters other than fire suppression to determine if this policy should continue or be modified."
