

**RCW 46.37.330 Revocation of certificate of approval on devices—
Reapproval, conditions.** (1) When the state patrol has reason to believe that an approved device does not comply with the requirements of this chapter or regulations issued by the state patrol, it may, after giving thirty days' previous notice to the person holding the certificate of approval for such device in this state, conduct a hearing upon the question of compliance of said approved device. After said hearing the state patrol shall determine whether said approved device meets the requirements of this chapter and regulations issued by the state patrol. If said device does not meet the requirements of this chapter or the state patrol's regulations it shall give notice to the one to whom the certificate of approval has been issued of the state patrol's intention to suspend or revoke the certificate of approval for such device in this state.

(2) If at the expiration of ninety days after such notice the person holding the certificate of approval for such device has failed to satisfy the state patrol that said approved device as thereafter to be sold or offered for sale meets the requirements of this chapter or the state patrol's regulations, the state patrol shall suspend or revoke the approval issued therefor and shall require the withdrawal of all such devices from the market and may require that all said devices sold since the notification be replaced with devices that do comply.

(3) When a certificate of approval has been suspended or revoked pursuant to this chapter or regulations by the state patrol, the device shall not be again approved unless and until it has been submitted for reapproval and it has been demonstrated, in the same manner as in an application for an original approval, that the device fully meets the requirements of this chapter or regulations issued by the state patrol. The state patrol may require that all previously approved items are being effectively recalled and removed from the market as a condition of reapproval.
