

RCW 50.38.050 Department—Duties. The department shall have the following duties:

(1) Oversight and management of a statewide comprehensive labor market and occupational supply and demand information system, including development of a five-year employment forecast for state and labor market areas;

(2) Produce local labor market information packages for the state's counties, including special studies and job impact analyses in support of state and local employment, training, education, and job creation programs, especially activities that prevent job loss, reduce unemployment, and create jobs;

(3) Coordinate with the office of financial management and the office of the forecast council to improve employment estimates by enhancing data on corporate officers, improving business establishment listings, expanding sample for employment estimates, and developing business entry/exit analysis relevant to the generation of occupational and economic forecasts;

(4) In cooperation with the office of financial management, produce long-term industry and occupational employment forecasts. These forecasts shall be consistent with the official economic and revenue forecast council biennial economic and revenue forecasts; and

(5) Analyze labor market and economic data, including the use of input-output models, for the purpose of identifying industry clusters and strategic industry clusters that meet the criteria identified by the working group convened by the department of commerce and the workforce training and education coordinating board under chapter 43.330 RCW.
