

RCW 70.24.050 Diagnosis of sexually transmitted diseases—

Confirmation—Anonymous prevalence reports. Diagnosis of a sexually transmitted disease in every instance must be confirmed by laboratory tests or examinations in a laboratory approved or conducted in accordance with procedures and such other requirements as may be established by the board. Laboratories testing for HIV shall report anonymous HIV prevalence results to the department, for health statistics purposes, in a manner established by the board. [1988 c 206 s 907; 1919 c 114 s 6; RRS s 6105.]
