Findings—1990 c 58: "The legislature finds that: (1) It is in the best interest of the state to encourage nonprofit regional fisheries enhancement groups authorized in RCW 75.50.070 to participate in enhancing the state's salmon population including, but not limited to, salmon research, increased natural and artificial production, and through habitat improvement; (2) such regional fisheries enhancement groups interested in improving salmon habitat and rearing salmon shall be eligible for financial assistance; (3) such regional fisheries enhancement groups should seek to maximize the efforts of volunteer personnel and private donations; (4) this program will assist the state in its goal to double the salmon catch by the year 2000; (5) this program will benefit both commercial and recreational fisheries and improve cooperative efforts to increase salmon production through a coordinated approach with similar programs in other states and Canada; and (6) the Grays Harbor fisheries enhancement task force's exemplary performance in salmon enhancement provides a model for establishing regional fisheries enhancement groups by rule adopted under RCW 75.50.070, 75.50.080, and 75.50.090 through 75.50.110."
