

WAC 308-63-110 Vehicle wrecker—Selling used vehicles. Where do I store inoperable vehicles that I acquire for sale under my vehicle dealer license? (1) All vehicles acquired for sale under a vehicle dealer's license which are inoperable at the time of acquisition must be kept inside the wrecking yard and must be segregated from the remainder of the operation by a continuous physical barrier.

(2) "Inoperable" as used in this section means a vehicle which does not comply with requirements for vehicles used on public streets with regard to brakes, lights, tires, safety glass and other safety equipment. However, for purposes of this section, inoperable does not include a requirement to be currently licensed.
