

WAC 246-12-620 Training delivery. Minimum standards for training delivery:

(1) Training must be provided using a modality and number of sessions in accordance with each health profession's rules for continuing education and suicide prevention training.

(2) Trainings must include opportunities for skill practice through group activities or self-guided exercises.

(3) Trainings must meet the standards for content identified in WAC 246-12-630 and 246-12-640.

(4) Trainers must meet the qualifications identified in WAC 246-12-640.
