- WAC 246-100-186 Special settings—Health care facilities. Health care facilities shall:
- (1) Adopt written policy and procedures restricting work of employees, staff, students, and volunteers diagnosed to have a communicable disease from direct contact with patients, residents, and recipients of care during the period of communicability when:
- (a) Transmission of the disease to recipients of care or other employees can occur in that particular job environment, and
 - (b) The disease can cause serious illness.
- (2) Permit employees, staff, students, and volunteers to return to work when measures have been taken to prevent transmission of disease if:
- (a) Measures are consistent with recommendations of an infection control committee or equivalent authorized group if existing, and
- (b) Measures are consistent with recommendations of local health officer.
- (3) Comply with applicable state licensure law and department rules regarding communicable disease screening and control.
