

WAC 296-806-41506 Follow these requirements for compactor access doors and covers. (1) You must make sure access covers meet at least one of the following:

- (a) Interlocked.
- (b) Secured by a lockable device.
- (c) Removable by hand tools only.

(2) Make sure any loading chamber access door has an interlock system that prevents cycling motion when the door is open.
