- WAC 372-52-030 Application content. In addition to the requirements of chapter 372-20 WAC, an application for an approval and a certification of necessity must be presented to ecology and shall include, but not be limited to, the following considerations:
- (1) A general statement of the present and future sewage problems in the proposed area of service.
- (2) A consideration of the relationship of the district to contiguous, nearby or overlapping sewer entities.
- (3) Service areas considering reasonable drainage basin oriented planning.
- (4) Population forecasts as a basis of sewer system design in the proposed service area.
- (5) A layout map showing major trunk lines and interceptor lines including the drainage area to be served within and outside of the boundaries of the water district.
 - (6) The methods of interception and disposal of sewage.
 - (7) The projected completion time for the sewer system.
- (8) An affidavit signed by an officer of the applicant water district, stating that all persons, parties or entities have been given the notice required by WAC 372-52-040.
- (9) A summary setting forth the reasons why the applicant water district is better suited to provide a sewer system within the proposed service area than a contiguous or adjacent sewer entity.
