WAC 388-835-0490 What are some examples of depreciable assets? Some examples of depreciable assets are:

- (1) Buildings, meaning the basic structure or shell and additions to it.
- (2) Equipment such as elevators, heating system, and air conditioning system that are attached to a building and characterized by:
- (a) An economic useful life of at least three years but shorter than the life of the building to which it is attached;
- (b) Incapable of being removed from the building to which it is attached;
- (c) A unit cost sufficiently large enough to justify ledger control; and
- (d) A physical size and identity that makes control by identification tags possible.
  - (3) Equipment not attached to buildings.
- (4) Land improvements such as paving, tunnels, underpasses, onsite sewer and water lines, parking lots, shrubbery, fences, wall, etc., where replacement is the responsibility of the provider.
- (5) Leasehold improvements and additions made by the lessee belong to the lessor after the lease expires.
