

WAC 182-500-0010 Medical assistance definitions—A. "Administrative renewal" means the agency uses electronically available income data sources to verify and recertify a person's Washington apple health benefits for a subsequent certification period. A case is administratively renewed when the person's self-attested income is reasonably compatible (as defined in WAC 182-500-0095) with the information available to the agency from the electronic data sources and the person meets citizenship, immigration, Social Security number, and age requirements.

"After-pregnancy coverage (APC)" means full-scope Washington apple health (medicaid) health care coverage for people up to 12 months after the month their pregnancy ends under WAC 182-505-0115.

"Agency" or "medicaid agency" means the Washington state health care authority (HCA).

"Agency's designee" means any entity expressly designated by the agency to act on its behalf.

"Allowable costs" are the documented costs as reported after any cost adjustment, cost disallowances, reclassifications, or reclassifications to nonallowable costs which are necessary, ordinary and related to the outpatient care of medical care clients or not expressly declared nonallowable by applicable statutes or regulations. Costs are ordinary if they are of the nature and magnitude which prudent and cost-conscious management would pay.

"Alternative benefits plan" means the range of health care services included within the scope of service categories described in WAC 182-501-0060 available to persons eligible to receive health care coverage under the Washington apple health modified adjusted gross income (MAGI)-based adult coverage described in WAC 182-505-0250.

"Ancillary services" means additional services ordered by the provider to support the core treatment provided to the patient. These services may include, but are not limited to, laboratory services, radiology services, drugs, physical therapy, occupational therapy, and speech therapy.

"Apple health for kids" is the umbrella term for health care coverage for certain groups of children that is funded by the state and federal governments under Title XIX medicaid programs, Title XXI Children's Health Insurance Program, or solely through state funds (including the program formerly known as the children's health program). Funding for any given child depends on the program for which the child is determined to be eligible. Apple health for kids programs are included in the array of health care programs available through Washington apple health (WAH).

"Attested income" means a self-declared statement of a person's income made under penalty of perjury to be true. (See also "self-attested income.")

"Authorization" means the agency's or the agency's designee's determination that criteria are met, as one of the preconditions to the agency's or the agency's designee's decision to provide payment for a specific service or device. (See also "expedited prior authorization" and "prior authorization.")

"Authorized representative" is defined under WAC 182-503-0130.
