- WAC 246-928-590 Training requirements for the administration of nitrous oxide. (1) A respiratory care practitioner shall follow the training requirements and protocols of the hospital or facility in which they are employed when providing nitrous oxide for analgesia.
- (2) To provide nitrous oxide for analgesia, a respiratory care practitioner shall complete training that includes, but is not limited to, the following components:
- (a) Nitrous oxide training which provides education specific to administering nitrous oxide for analgesia;
- (b) In-service competency which includes hands-on proficiency in the administration of nitrous oxide for analgesia; and
- (c) Observed competency requirement of at least one successful, independent administration of nitrous oxide observed by a licensed individual currently qualified to provide this treatment.
- (3) Respiratory care practitioners may only administer nitrous oxide for analgesia under direct supervision of a health care practitioner as defined in RCW 18.89.020 who is on-site and physically present in the treatment operatory.

[Statutory Authority: RCW 18.89.050 and 2021 c 114. WSR 22-11-013, \$246-928-590, filed 5/9/22, effective 7/1/22.]
