WAC 284-17-297 Continuing education providers may not make substantive changes to approved insurance continuing education courses. A course approval is no longer valid if the continuing education pro-vider has made any change in the course curriculum, including the instruction method, after the commissioner approved the course. The provider must submit a new course per WAC 284-17-278. However, updates to facts and figures in the course are not considered substantive changes.
