

WAC 388-71-1106 What components must competency testing include?

- (1) Competency testing must include the following components:
 - (a) Skills demonstration of ability to perform and implement specific caregiving approaches, and activities as appropriate to the training;
 - (b) Written evaluation to show the level of comprehension and knowledge of the training's learning objectives; and
 - (c) A scoring guide for the tester with clearly stated criteria and minimum proficiency standards.
- (2) Instructors or proctors who conduct competency testing must have experience or training in assessing competencies.
