WAC 365-180-040 Program funding. The legislature determines the amount of funding available during a specific biennium for low-income weatherization. Each county receives a "planning estimate" based on the number of low-income households and the climatic conditions of the county. This "planning estimate" is available for low-income weatherization in each county if matching requirements are met. Contingent on the availability of funds, the department may award funds in an amount that exceeds the county's "planning estimate."

[Statutory Authority: 1987 c 36. WSR 88-02-042 (Order 88-01), § 365-180-040, filed 1/4/88.]

WAC 365-180-050 Proposal for use of funding. (1) Any public or private organization in Washington, Idaho, or Oregon that conducts business in Washington state may propose funding for a geographical area(s) by submitting an energy matchmakers local coordinated plan.

(2) Plans submitted to the department shall be the result of local coordination and cooperation.

(3) Plans shall identify weatherizing agencies.

[Statutory Authority: 1987 c 36. WSR 88-02-042 (Order 88-01), § 365-180-050, filed 1/4/88.]

WAC 365-180-060 Sponsor match. (1) Plans submitted by energy suppliers shall include a commitment of a matching contribution. Matching contributions can be either cash, in-kind contributions, or both. The match must cover half of the total cost of the low-income weatherization being proposed in the local area.

(2) Only resources that would not otherwise have been used for low-income weatherization will be considered as match.

(3) A sponsor may pay the sponsor match as lump sum at the time of weatherization, or make yearly payments over a period not to exceed ten years. When the sponsor elects to make yearly payments, the value of the payments shall be determined by the department, but shall not be less than the value of the lump sum that would have been made.

(4) All match committed shall result in:

(a) Increasing the number of residences weatherized;

(b) Increasing weatherization measures installed on or in the residence; or

(c) Otherwise increasing the thermal efficiency of the residence.

(5) The department may place a cap on the amount of match it will accept under subsection (4)(c) of this section.

(6) Match waivers may be granted by the department for plans submitted by nonutility sponsors.

[Statutory Authority: Chapter 70.164 RCW. WSR 92-03-019 (Order 92-01), § 365-180-060, filed 1/7/92, effective 2/7/92. Statutory Authority: 1987 c 36. WSR 88-02-042 (Order 88-01), § 365-180-060, filed 1/4/88.]

(3) A review team will evaluate the energy matchmakers local coordinated plans, and will be composed of persons with knowledge of energy conservation and of community-based public and private service organizations.

(4) Plans which include a commitment of matching resources will be given priority for funding.

(5) The department shall have the final discretion to award funds.

(6) The department will enter into a contract with weatherizing agencies identified in successful local coordinated plans. This contract shall be signed by an official with authority to bind the weatherizing agency and returned to the department prior to the release of any funds under this program.

[Statutory Authority: RCW 70.164.040. WSR 09-22-065, § 365-180-070, filed 11/2/09, effective 12/3/09. Statutory Authority: 1987 c 36. WSR 88-02-042 (Order 88-01), § 365-180-070, filed 1/4/88.]

Through this form the landlord ensures that, at a minimum, during a period extending through one year following the date of completion of the weatherization work, the amount of rent will not be raised for any reason and during the period extending through three years following the date of completion of the weatherization work performed, rent will not be increased, nor the tenant evicted, as a result of the weatherization provided.
