

RULE-MAKING ORDER

SR-103 (June 2004)
(Implements RCW 34.05.360)

Agency: Noxious Weed Control Board

- Permanent Rule
- Emergency Rule

Effective date of rule:

Permanent Rules

- 31 days after filing. Other (specify) _____ (If less than 31 days after filing, a specific finding under RCW 34.05.380(3) is required and should be stated below)

Effective date of rule:

Emergency Rules

- Immediately upon filing.
- Later (specify)

Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?

- Yes
 - No
- If Yes, explain:

Purpose: The State Noxious Weed List provides the basis for noxious weed control efforts by county noxious weed control boards, weed districts, the State Noxious Weed Control Board and the Washington State Department of Agriculture, under the auspices of Chapter 17.10 RCW. The effect of the State Noxious Weed List is to prioritize control of noxious weed species statewide, concentrating on prevention and early detection, while also allowing for local program flexibility.

This rule making order adds two weed species to the Class B Noxious Weed List (common fennel and spurge laurel), changes the designated control areas for orange hawkweed and houndstongue and updates the scientific name for spotted knapweed. This order also adds one species to the Class C Noxious Weed List (yellow archangel) and corrects the spelling of the scientific name of yellow flag iris.

Citation of existing rules affected by this order:

- Repealed:
- Amended: WAC 16-750-011 and WAC 16-750-015
- Suspended:

Statutory authority for adoption: Chapters 17.10 and 34.05 RCW

Other authority :

PERMANENT RULE ONLY (Including Expedited Rule Making)

- Adopted under notice filed as WSR 06-20-060 on September 29, 2006.
- Describe any changes other than editing from proposed to adopted version: none

EMERGENCY RULE ONLY

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding:
