EFFECTIVE APRIL 1, 1970

AMD            WAC 16-660-001    PROMULGATION. (This promulgation relates only to WAC 16-660-010) WEIGHTS AND MEASURES REGULATION COVERING THE SALE OF SOLID WOOD SOLD AS FUEL.

I, Donald W. Moos, Director of Agriculture of the State of Washington, by virtue of the authority vested in me under Chapter 67, Laws of 1969, and after due notice as provided under Chapters 34.04 and 42.42 RCW, and a public hearing held in Olympia, Washington, on February 17, 1970, do hereby promulgate the following regulation relating to the sale and advertising of solid wood as fuel, and superseding Order No. 1104.

AMD            WAC 16-660-010    SOLID WOOD SOLD AS FUEL. (1) All solid wood sold as fuel to be delivered to the user's premises shall be offered, exposed and advertised for sale by the cord or fractional part thereof, provided this shall not apply to compressed sawdust or other compressed wood by-products sold as fuel.

(2) For the purpose of this regulation the following definitions shall apply:

(i) "Cord" means the measurement of wood intended for fuel or pulp purposes that is contained in a space of one hundred and twenty eight (128) cubic feet, when the wood is ranked and well stowed.

(ii) "Unit or Load" means the measurement of wood intended for fuel that is contained in a space of one hundred and ninety two (192) cubic feet, when the wood is loosely or at random thrown into a container. Such a unit or load is recognized as the equivalent of a cord of wood when ranked and well stowed.

(3) Firewood sixteen inches or less in length, such as but not limited to mill ends, slabs, edgings and millblocks may be sold, offered, exposed or advertised for sale by the unit or load or one-half or quarter fractional part thereof. It shall be the responsibility of the seller to determine the capacity of any delivery vehicle used in dispensing a unit or load or fractional part thereof and so mark it in terms of the unit or load or fractional part thereof.

(4) All such fuel delivered to the consumer shall be accompanied by legible duplicate delivery tickets on which there shall be clearly stated:

- (i) The name and address of the seller.
- (ii) The name and address of the purchaser.
- (iii) The identity of the type of fuel comprising the delivery.
- (iv) The quantity delivered in terms of the cord or fractional part thereof.

(5) One of these tickets shall be retained by the seller and the other shall be delivered to the purchaser at the time of delivery of the fuel.

I hereby certify that the foregoing is a true and correct copy of the regulation promulgated.
