ORDER NO. 1226  
(Supersedes Emergency Order 1225)

Effective February 2 through June 30, 1972

NEW WAC 16-212-002 PROMULGATION. I, Donald W. Moos, director of agriculture of the state of Washington, by virtue of the authority vested in me under chapter 22.09 RCW, after due notice as provided under chapters 42.32 and 34.04 RCW and a public hearing held in Olympia, Washington on January 3, 1972, do hereby promulgate the following regulation relating to the falling numbers testing of white wheat for export.

NEW WAC 16-212-140 TESTING REQUIREMENTS. All truck, rail, and barge shipments of white wheat received by tidewater terminal elevators in the state of Washington shall be tested pursuant to the falling numbers test under this regulation. If any white wheat is received by a tidewater terminal elevator on which a falling numbers test has not been completed, that wheat must be identity preserved in such a manner that such shipments are separate and apart from deliveries of white wheat on which a falling numbers test has been completed. The number derived from the falling numbers test shall be a part of the information on the pan ticket and, if requested, shall be reported on a certificate supplied by the Department.

NEW WAC 16-212-150 FEES. The fee for testing wheat for falling number determinations shall be \$1.75 per sample. The Department shall test wheat using the "falling numbers test" procedure as outlined in the American Association of Cereal Chemists, Inc., cereal laboratory method 56-81.

I hereby certify that the foregoing is a true and correct copy of the regulations promulgated by the Department of Agriculture.
