WASHINGTON STATE APPLE ADVERTISING  
COMMISSION

AMENDED AND RESTATED RULES AND REGULATIONS

Under and by virtue of Chapter 15.24 of the Revised Code of Washington as amended and Chapter 11, Laws of 1961, the Washington State Apple Advertising Commission does hereby adopt and prescribe the following amended and restated rules and regulations:

1. Effect of Law. These revised regulations, as provided in said Act, have the force and effect of law, and any person who shall violate or aid in the violation of any of these regulations is in violation of Washington State law and is guilty of a misdemeanor. These regulations hereby repeal and supersede all previous regulations. Definitions of terms in said Act are applicable to these regulations.

2. Amount of Assessments. The amount of the apple assessment shall be twelve cents (12¢) on each one hundred pounds (100 lbs.) gross billing weight of apples, payable when shipped, whether in bulk or loose in boxes or any other container, or packed in any style package.

3. Apple Advertising Stamps.

(a) The apple assessment shall be collected by the purchase from the Commission or its authorized representative or the Department of Agriculture, Division of Horticulture, of apple advertising stamps, which shall be issued as open or variable denomination stamps without having any definite denomination or amount printed thereon.

(b) The stamps shall be issued and the blanks therein shall be filled in by the shipper or other user thereof in quadruplicate. With reference to shipment by railroad, the original and one copy thereof shall be fixed or attached to the carrier's copy of the bill of lading. Such carrier's record shall be subject to audit for a period of two years and shall be offered for examination at any reasonable time when official request is made by an authorized representative of the Commission.

(c) With reference to shipments by truck or other conveyance, before shipment a release shall be obtained from the Department of Agriculture, Division of Horticulture, as provided by law, and before such release is delivered there shall be attached to the Department's copy of such release the original and one copy of the advertising stamps covering such shipments.

(d) The third sheet or copy shall be retained as the issuing agent's or shipper's copy. The fourth sheet or copy shall either be paid for at the time of shipment or shall be transmitted to the Commission office at Wenatchee at least twice a month not later than the first and fifteenth days of each month, or if not a business day, then on the next business day thereafter together with payment to cover all such stamps previously used and not paid for.

(e) Such stamps shall be in such form as shall be prescribed by the Commission for each apple shipping season. When each stamp is used all blanks thereon shall be filled in by the shipper or other user with the appropriate required information shown thereon, including among other things the date, stamp

number, shipper's name, location, the quantity of apples in such shipment covered by such stamps, and the amount of the assessment thereon. Stamps shall be made only by the Commission and purchased only from the Commission or its authorized representatives or the Division of Horticulture.

4. Stamp Books. Books of stamps may be issued in advance to responsible solvent apple shippers in the discretion of the Commission manager. The manager may require execution of a written stamp agreement in the form prescribed by the Commission. Other shippers who do not hold a stamp book may obtain single stamps as needed from an office or representative of the Division of Horticulture or from the Commission office. All unused stamp books or unused portions thereof shall be returned to the Commission on demand.

5. Bills of Lading and Releases. No bill of lading shall be issued by a railroad, and no release shall be issued by any agent of the Department of Agriculture until apple advertising stamps on such shipments have been filled in and attached to the carrier's copy of the bill of lading or the Department's copy of the release, as the case may be.

6. Reports. Every dealer, handler and processor shall mail or deliver to the Commission at Wenatchee, at the times hereinabove stated and in any event not more than fifteen (15) days after shipment, a signed, written report or return of all apples shipped, handled or processed by him during such period, showing: (1) shipper's file number; (2) date of shipment; (3) variety;

(4) quantity and style of package, or whether bulk or loose in boxes; (5) destination; (6) amounts of assessments thereon. The same shall be accompanied by remittance of the assessments payable thereon, unless previously paid.

7. Records. Every dealer, handler and processor shall keep a complete and accurate record of all apples handled, shipped or process by him, containing the information mentioned in the next preceding paragraph hereof. Such records shall be preserved for a period of two years and shall be subject to audit and offered for examination at any reasonable time when official request is made by an authorized representative of the Commission.

8. Seal. The seal of the Commission shall be circular in form and contain the following inscription: "WASHINGTON STATE APPLE ADVERTISING COMMISSION SEAL".

9. Addition to Okanogan County Subdivision. The northerly portion of Douglas County lying north of the southern boundary line of Township 29 North is hereby added to the Okanogan County subdivision. At least one grower member of the Commission shall at all times be a resident of the said Okanogan County subdivision as hereby enlarged.

10. Subdivisions of District No. 1. Two subdivisions of District No. 1, to be known as the northern subdivision and the southern subdivision thereof, are hereby established, and the boundary line between them shall be as follows: Proceeding southeasterly along the summit of the Chelan Mountains (situated west and south of Lake Chelan) to the summit of Forest Mountain; thence south to the intersection of the north line of Section 26, Township 27 North, Range 21 E.W.M. extended westerly; thence east along
