Brief Description: Exempting certain public works involving electrical generating systems from bid laws.

**HB 1731 - DIGEST**

(AS \_\_\_\_\_ OF HOUSE 2ND READING 1/21/94)

Relieves cities of the second and third class and towns from complying with bid laws with respect to a public work for electrical generating systems if the cost does not exceed fifty thousand dollars.

Establishes procedures for an electric service customer to contract with a qualified electrical contractor for service installation.
