

2462-S

Sponsor(s): House Committee on Environmental Affairs (originally sponsored by Representatives R. Johnson, Pruitt and Rust)

Brief Description: Providing for flood hazard management.

HB 2462-S.E - DIGEST

(AS OF HOUSE 2ND READING 2/10/94)

Declares that the state flood policy is to reduce long-term flood damage in a manner that minimizes adverse impacts on our river systems.

Requires the development of criteria to evaluate local flood plain management ordinances.

Provides that a city or county which has not adopted a flood plain ordinance which meets the criteria of the act may not be issued a grant or loan to fund a flood hazard reduction project.

Requires sellers of property located in an area mapped in the one hundred year flood plain to so inform a buyer.

Creates a flood hazard reduction task force.

Authorizes the appeal of a grant or denial of a local flood plain ordinance to the pollution control hearings board.
