State of Washington

55th Legislature

1998 Regular Session

By House Committee on Appropriations (originally sponsored by Representatives Chandler and Robertson)

Read first time 02/07/98. Referred to Committee on .

1 AN ACT Relating to granting water rights; adding a new section to
2 chapter 90.03 RCW; and creating a new section.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4 NEW SECTION. **Sec. 1.** A new section is added to chapter 90.03 RCW
5 to read as follows:

6 If a person placed surface or ground water to beneficial use for
7 irrigation or stock watering purposes before January 1, 1993, for which
8 a permit or certificate was not issued by the department or its
9 predecessors, the person or the person's successor holds a water right
10 for that use in the amount beneficially used and with a priority date
11 that is the date a statement of claim is filed for the right under this
12 section if:

13 (1) The person or the person's successor files with the department
14 a statement of claim for the right during the period beginning
15 September 1, 1998, and ending midnight June 30, 1999, using the
16 standard form prescribed by RCW 90.14.051;

17 (2) The person or the person's successor has used the water to the
18 full extent stated in the statement of claim during at least each of

1 three of the five years preceding the date the statement is filed and
2 the person attests to having done so on the statement; and

3 (3) The person or the person's successor files with the statement
4 of claim evidence that the water described in the claim was used
5 beneficially before January 1, 1993, in the form of any two of the
6 following:

7 (a) A statement signed by two persons other than the person filing
8 the statement of claim verifying that the water was beneficially used
9 by the claimant before January 1, 1993, as described in the statement
10 of claim;

11 (b) A copy of a dated photograph clearly demonstrating the presence
12 of grass or a crop requiring irrigation in the amounts asserted in the
13 statement of claim or of livestock requiring water in such amounts; or
14 records of receipts of the sale of crops by the person or the person's
15 successor indicating that irrigation in the amount claimed was required
16 to produce the crops;

17 (c) Receipts or records of irrigation or stockwatering equipment
18 purchases or repairs associated with the water use specified in the
19 statement of claim;

20 (d) Water well construction records identifying the date the well
21 specified in the statement of claim as the point of withdrawal was
22 constructed;

23 (e) Records of electricity bills directly associated with the
24 withdrawal of water as specified in the statement of claim;

25 (f) Personal records such as photographs, journals, or
26 correspondence indicating the use of water as asserted in the statement
27 of claim.

28 A right granted under this section shall not affect or impair in
29 any respect whatsoever a water right existing prior to September 1,
30 1998. A right granted under this section shall be junior in every
31 respect to a right with a more senior date of priority. No right
32 granted under this section may be exercised in a manner that impairs or
33 interferes with a water right that is senior to it. The filing of a
34 statement of claim under this section does not constitute an
35 adjudication of any claim to the right to the use of waters as between
36 the claimant and the state, or as between one or more water use
37 claimants and another or others. A statement of claim filed under this
38 section shall be admissible in a general adjudication of water rights
39 as prima facie evidence of the times of use and the quantity of water

1 the claimant was withdrawing or diverting to the same extent as is
2 provided by RCW 90.14.081 for a statement of claim in the water rights
3 claims registry on the effective date of this section.

4 The department shall establish a registry of claims for rights
5 conferred under this section. Statements of claim filed under this
6 section shall be filed in the registry alphabetically, consecutively by
7 date of filing, and by such other manner as the department deems
8 appropriate.

9 This section does not apply to ground water withdrawn in an area
10 that is, during the period established by subsection (3) of this
11 section, the subject of a general adjudication proceeding for water
12 rights in superior court under RCW 90.03.110 through 90.03.245 and the
13 proceeding applies to ground water rights. This section does not apply
14 to surface water withdrawn in an area that is, during the period
15 established by subsection (3) of this section, the subject of a general
16 adjudication proceeding for water rights in superior court under RCW
17 90.03.110 through 90.03.245 and the proceeding applies to surface water
18 rights.

19 This section does not apply to rights embodied in a water right
20 permit or certificate issued by the department or its predecessors, a
21 water right represented by a claim in the water rights claims registry,
22 created under RCW 90.14.111, prior to September 1, 1998, or a water
23 right exempted from permit and application requirements by RCW
24 90.44.050.

25 This section does not apply to claims for the use of water in a
26 ground water area or subarea for which a management program adopted by
27 the department by rule and in effect on the effective date of this
28 section establishes acreage expansion limitations for the use of ground
29 water.

30 NEW SECTION. **Sec. 2.** If specific funding for the purposes of this
31 act, referencing this act by bill or chapter number, is not provided by
32 June 30, 1998, in the omnibus appropriations act, this act is null and
33 void.
