### SENATE COMMITTEE ON HIGHER EDUCATION

**Majority Report:** That Substitute Senate Bill No. 5101 be substituted therefor, and the substitute bill do pass.

Signed by Senators Shin, Chair; Kilmer, Vice Chair; Delvin, Ranking Minority Member; Berkey and Schoesler.

**Staff:** Aldo Melchiori (786-7439)

**Background:** Washington State institutions of higher education may waive all or a portion of tuition, services, and activity fees for state employees. "State employees" are defined as permanent classified state employees; state, county, or municipal employees governed by the chapter on collective bargaining; permanent classified and exempt paraprofessional employees at technical colleges; and faculty, counselors, librarians, and exempt professional and administrative employees at institutions of higher education.

The employees are enrolled on a space available basis and are charged only \$5 per class as a registration fee. Their enrollment information is not included in official enrollment reports.

**Summary of Substitute Bill:** Teachers and certified instructional staff employed at public common and vocational schools are eligible for a waiver of all or a portion of their tuition, services, and activity fees. This waiver is available only for teachers and instructional staff and is limited to those holding or seeking an endorsement or assignment in a state-identified shortage area.

**Appropriation:** None.

**Fiscal Note:** Available.

**Committee/Commission/Task Force Created:** No.

**Effective Date:** Ninety days after adjournment of session in which bill is passed.

**Staff Summary of Public Testimony:** PRO: Teachers, especially teachers just getting started in their careers, face many financial hardships. This bill helps some teachers acquire their continuing education credits without having to pay full tuition and fees. This is a good step in recognizing that teachers spend a lot of their time and money trying to improve their teaching skills. Some, but not all, school districts financially support teachers trying to obtain these credits.

CON: There is a concern that this will create some false expectations because there will be a limited number of seats available and the demand is anticipated to be substantial.

OTHER: Teachers will be applying for these waivers during their non-teaching times, evenings and summers, so the demand will be even further concentrated.

**Persons Testifying:** PRO: Senator Hobbs, prime sponsor; Wendy Rader-Konafalski, Washington Education Association.

CON: Jennifer Wallace, Certificate of Participation.

OTHER: Christopher Thompson, Higher Education Coordinating Board.

**House Amendment(s):** This is a technical amendment only. There is no substantive change.
