
HOUSE BILL 1721

State of Washington

60th Legislature

2007 Regular Session

By Representatives P. Sullivan, Pettigrew, Kristiansen, Orcutt, Chase, Skinner, Haler, Roach, Morrell, Linville, Eickmeyer, Kessler, Walsh, Dunn, Kenney, VanDeWege and Simpson

Read first time 01/25/2007. Referred to Committee on Community & Economic Development & Trade.

1 AN ACT Relating to the creation of certified capital companies to
2 promote economic development through investment in start-up and
3 emerging Washington businesses; adding a new section to chapter 48.14
4 RCW; adding a new chapter to Title 43 RCW; creating a new section; and
5 declaring an emergency.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7 NEW SECTION. **Sec. 1.** (1) Washington has many world class
8 companies within its borders producing family wage jobs and benefits.
9 Growing and retaining small businesses that are currently located
10 within the state are the most expedient forms of economic development.
11 Small businesses employ over fifty percent of nonfarm private sector
12 employees in the state, and are an important source of new job
13 creation. Washington continues to be home to entrepreneurs and
14 innovative technologies. However, according to the United States small
15 business administration, only two-thirds of small businesses are still
16 operating after three years. The future success and development of
17 many of the state's emerging businesses depends on access to capital.

18 (2) The legislature finds that new sources of prudently targeted
19 private equity investments would promote economic development by

1 strengthening the local venture capital infrastructure, increasing
2 access to capital for local companies, supporting emerging businesses,
3 and creating jobs for Washington citizens. Targeted venture capital
4 has the potential to hasten the transformation of research and
5 development concepts into commercially viable products and services,
6 expedite the expansion of small Washington firms, enlarge the state's
7 tax base, and develop these businesses into significant contributors to
8 the Washington economy. This act is intended to assist small start-up
9 enterprises to succeed in their business and to contribute to the
10 future of Washington.

6 in the business made by the certified capital company or its

9 time of the first qualified investment in the business shall remain

36 certified capital company or the performance of the certified capital
37 company's investment portfolio. In addition, the qualified debt

5 agency by the United States securities and exchange commission.

6 (11) "Qualified distribution" means any distribution or payment by

11 (a) Reasonable costs and expenses of forming, syndicating, and
12 organizing the certified capital company, including reasonable and
13 necessary fees paid for professional services, including, but not
14 limited to, legal and accounting services, related to the formation of
15 the certified capital company, and the costs of financing and insuring
16 the obligations of the certified capital company so long as, at the
17 time the certified capital company initially receives its investment of

35 certified capital company;

36 (e) Payments to debt holders of a certified capital company may be
37 made without restriction with respect to repayments of principal and
38 interest on indebtedness owed to them by a certified capital company,

1 including indebtedness of the certified capital company on which

3 certified investor or equity holder of a certified capital company may
4 receive payments with respect to such debt without any restriction
5 whatsoever.

6 (12) "Qualified investment" means the investment of cash by a
7 certified capital company in a qualified business or a qualified
8 microenterprise development organization for the purchase of any debt,
9 debt participation, equity, or hybrid security, of any nature and
10 description whatsoever, including a debt instrument or security which
11 has the characteristics of debt but which provides for conversion into
12 equity or equity participation instruments such as options or warrants.
13 Any qualified investment in the form of a debt instrument, including
14 those owned through debt participations, must have a final stated
15 maturity of at least two years from the date of issuance and a
16 repayment schedule that is no faster than level principal amortization
17 over two years, however, this does not prohibit (a) the qualified
18 business from voluntarily prepaying a qualified investment at any time;
19 or (b) the certified capital company from exercising any of its rights
20 as a creditor, including the acceleration of the debt owed upon a
21 default by the qualified business under the terms of the debt
22 instrument or upon the acquisition, merger, or the sale of all or
23 substantially all of the assets of the qualified business. With
24 respect to an investment in a qualified microenterprise development
25 organization, a certified capital company may only make such investment
26 after the structure, terms, conditions and use of proceeds of such
27 investment has been approved by the department.

28 (13) "Qualified microenterprise development organization" means a

30 organization that has filed a certification with the department that:

36 only be used to provide for the capital needs of businesses licensed in
37 Washington.

1 (14) "State premium tax liability" means any liability incurred by
2 an insurance company under the provisions of RCW 48.14.020 or in the
3 case of a repeal or a reduction by the state of the liability imposed
4 by RCW 48.14.020, any other tax liability imposed upon an insurance
5 company by the state.

6 NEW SECTION. **Sec. 3.** A new section is added to chapter 48.14 RCW
7 to read as follows:

8 PREMIUM TAX CREDIT. (1) Any certified investor who invests
9 certified capital pursuant to an allocation of tax credits under
10 section 5 of this act shall, at the time of investment, earn a vested
11 tax credit against the certified investor's state premium tax liability
12 due under RCW 48.14.020, equal to seventy-five percent of the certified
13 investor's investment of certified capital. A certified investor shall
14 be entitled to take the vested tax credit according to the following
15 schedule:

16 (a) Year 2008 - Twenty percent of the certified investor's
17 investment of certified capital.

18 (b) Year 2009 - Twenty percent of the certified investor's
19 investment of certified capital.

20 (c) Year 2010 - Twenty percent of the certified investor's
21 investment of certified capital.

22 (d) Year 2011 - Five percent of the certified investor's investment
23 of certified capital.

24 (e) Year 2012 - Five percent of the certified investor's investment
25 of certified capital.

26 (f) Year 2013 - Five percent of the certified investor's investment
27 of certified capital.

28 In any tax year, a certified investor shall also be entitled to
29 take any amount of unused tax credits carried forward pursuant to this
30 section. Credits may be used in connection with both final payments
31 and prepayments of a certified investor's state premium tax liability
32 but may not be used in connection with prepayments until the first
33 prepayment of its 2009 state premium tax liability due on June 15,
34 2009.

35 (2) A certified investor taking the credit under this section is
36 subject to all the requirements of chapter 82.32 RCW. The tax credit
37 that may be applied against state premium tax liability in any one tax

1 year may not exceed the state premium tax liability of the certified
2 investor for such tax year. All unused tax credits against state
3 premium tax liability may be carried forward indefinitely and used in
4 any subsequent year until the tax credits are utilized in full.

5 (3) A certified investor claiming a tax credit against state
6 premium tax liability earned through an investment in a certified
7 capital company shall not be required to pay any additional retaliatory
8 tax levied pursuant to RCW 48.14.040 as a result of claiming that tax
9 credit.

10 (4) A certified investor is not required to reduce the amount of
11 tax pursuant to the state premium tax liability included by the
12 certified investor in connection with ratemaking for any insurance
13 contract written in Washington because of a reduction in the certified
14 investor's tax liability based on the tax credit allowed under this
15 act.

16 (5) If the taxes paid by a certified investor with respect to its
17 state premium tax liability constitute a credit against any other tax
18 which is imposed by Washington, the certified investor's credit against
19 such other tax shall not be reduced by virtue of the reduction in the
20 certified investor's tax liability based on the tax credit allowed
21 under this act.

22 (6) Decertification of a certified capital company shall cause the
23 disallowance and the recapture of the credit allowed under subsection
24 (1) of this section. The amount to be disallowed and recaptured shall
25 be assessed as follows:

26 (a) Decertification of a certified capital company within two years
27 of its allocation date and prior to meeting the requirements of section
28 6(1)(a) of this act shall cause the disallowance of one hundred percent
29 of the credit allowed under subsection (1) of this section and the tax
30 for which the credit was used shall be immediately due.

31 (b) Decertification of a certified capital company that has met all
32 the requirements of section 6(1)(a) of this act but that subsequently
33 fails to meet the requirements of section 6(1)(b) of this act shall
34 cause the disallowance of seventy percent of the credit allowed under
35 subsection (1) of this section and any portion of such credit in excess
36 of thirty percent that was previously taken shall be immediately due.

37 (c) Decertification of a certified capital company which, having
38 met all the requirements of section 6(1) of this act, shall not cause

1 the disallowance of any credits allowed under subsection (1) of this
2 section nor the recapture of any portion of such credits that was
3 previously taken.

4 (d) If, after twelve years after its allocation date, a certified
5 capital company has failed to invest at least one hundred percent, on
6 a cumulative basis, of its certified capital in qualified investments,
7 the percentage of distributions that the certified capital company
8 shall be required to pay to the department under section 8(3) of this
9 act shall increase prospectively to fifty percent.

10 (7) Revocation of certification from a certified capital company,
11 before the later of (a) the third anniversary of the allocation date of
12 the certified capital company or (b) the date on which the certified
13 capital company satisfies the requirements of section 6(1)(b) of this
14 act, shall cause the disallowance of one hundred percent of the credits
15 allowed under subsection (1) of this section and the tax for which the
16 credit was given is immediately due.

17 (8) A certified investor, or subsequent transferee, may only
18 transfer credits earned under this act to an affiliate unless the state
19 premium tax liability of the certified investor in the year immediately
20 preceding the proposed transfer is less than seventy-five percent of
21 the certified investor's state premium tax liability for the tax year
22 in which it earned the vested premium tax credit. Any transfer or sale
23 shall not affect the time schedule for claiming the premium tax
24 credits. Any tax credits recaptured under this section shall be the
25 liability of the certified investor that actually claimed the premium
26 tax credits.

27 NEW SECTION. **Sec. 4.** CERTIFICATION. (1) The department shall
28 establish by rule the procedures for making an application to become a
29 certified capital company.

30 (2) An applicant is required to:

31 (a) File an application with the department;

32 (b) Pay a nonrefundable application fee in the amount of twenty
33 thousand dollars as described in section 13 of this act at the time of
34 filing the application, which the department shall deposit in the
35 certified capital company revolving fund;

36 (c) Have an equity capitalization at the time of seeking
37 certification of five hundred thousand dollars or more in the form of

1 unencumbered cash, marketable securities, or other liquid assets. The
2 applicant shall submit as part of its application an audited balance
3 sheet that contains an unqualified opinion of an independent certified
4 public accountant issued not more than thirty-five days before the
5 application date that states whether the applicant satisfies this
6 equity capitalization requirement; and

7 (d) Have at least two principals or at least two persons employed
8 to manage the funds who have at least two years of money management
9 experience in the venture capital industry.

10 (3) The department may certify partnerships, corporations, trusts,
11 or limited liability companies, organized on a for-profit basis, which
12 submit an application to be designated as a certified capital company
13 if such applicant is located, headquartered, and licensed or registered
14 to conduct business in Washington, has as its primary business activity
15 the investment of cash in qualified businesses and qualified
16 microenterprise development organizations, and meets the other criteria
17 set forth in this act.

18 (4) The department shall review the organizational documents of
19 each applicant for certification and the business history of each
20 applicant, determine that the applicant has satisfied the requirements
21 of this section, and determine that the officers and the board of
22 directors, general partners, managers, or members are thoroughly
23 acquainted with the requirements of this section, and have not been
24 convicted of, or entered a plea of guilty or nolo contendere to, a
25 crime against the laws of Washington or any other state or of the
26 United States or any other country or government, involving a
27 fraudulent act in connection with the operation of a certified capital
28 company, or in connection with the performance of fiduciary duties in
29 another capacity.

30 (5) Any offering material involving the sale of securities of the
31 certified capital company shall include the following statement:

32 "By authorizing the formation of a certified capital company, the
33 state does not necessarily endorse the quality of management or the
34 potential for earnings of such company and is not liable for damages or
35 losses to a certified investor in the company. Use of the word
36 "certified" in an offering does not constitute a recommendation or
37 endorsement of the investment by the director of the department of
38 community, trade, and economic development. If any applicable

1 provisions of the "certified capital company act" are violated, the
2 state may require forfeiture of unused premium tax credits and
3 repayment of used premium tax credits."

4 (6) Within sixty days after the receipt of an application, the
5 department shall issue the certification or refuse the certification
6 and communicate in detail to the applicant the grounds for refusal,
7 including suggestions for the removal of such grounds. The department
8 shall begin accepting applications to become a certified capital
9 company in the certified capital company program on January 30, 2008.

10 (7)(a) No insurance company or affiliate of an insurance company
11 shall, directly or indirectly:

12 (i) Beneficially own, whether through rights, options, convertible
13 interests, or otherwise, fifteen percent or more of the voting
14 securities or other voting ownership interest of a certified capital
15 company;

16 (ii) Manage a certified capital company; or

17 (iii) Control the direction of investments for a certified capital
18 company.

19 (b) A certified capital company may obtain one or more guaranties,
20 indemnities, bonds, insurance policies, or other payment undertakings
21 for the benefit of its certified investors from any entity; except that
22 in no case shall more than one certified investor of such certified
23 capital company on an aggregate basis with all affiliates of such
24 certified investor be entitled to provide such guaranties, indemnities,
25 bonds, insurance policies, or other payment undertakings in favor of
26 the certified investors of the certified capital company and its
27 affiliates in Washington.

28 (c) This subsection shall not preclude a certified investor,
29 insurance company, or other party from exercising its legal rights and
30 remedies, including, without limitation, interim management of a
31 certified capital company, in the event that a certified capital
32 company is in default of its statutory obligations or its contractual
33 obligations to such certified investor, insurance company, or other
34 party, or from monitoring the certified capital company to ensure its
35 compliance with section 6 of this act or disallowing any investments
36 that have not been approved by the department under section 6(2) of
37 this act.

1 (8) The department may contract with an independent third party to
2 review, investigate, and certify that the applications comply with the
3 provisions of this section.

4 NEW SECTION. **Sec. 5.** AGGREGATE LIMITATIONS ON TAX CREDITS--
5 ALLOCATION. (1) The aggregate amount of certified capital for which
6 tax credits will be allocated to all certified investors under this act
7 shall not exceed the amount that would entitle all certified investors
8 of certified capital companies to take aggregate tax credits of one
9 hundred million dollars. No certified capital company, on an aggregate
10 basis with its affiliates, may file tax credit allocation claims that
11 exceed the maximum amount of certified capital for which tax credits
12 will be allocated as provided in this subsection (1).

13 (2) Tax credits shall be allocated to certified investors in the
14 order that the tax credit allocation claims are filed with the
15 department. All tax credit allocation claims filed with the department
16 on the same day shall be treated as having been filed
17 contemporaneously. Any tax credit allocation claims filed with the
18 department prior to the tax credit allocation claim filing date will be
19 deemed to have been filed on the tax credit allocation claim filing
20 date. The department will set the initial tax credit allocation claim
21 filing date to be ninety days after the department begins to accept
22 applications under section 4 of this act.

23 (3) In the event that two or more certified capital companies file
24 tax credit allocation claims with the department on behalf of their
25 respective certified investors on the same day, and the aggregate
26 amount of such tax credit allocation claims exceeds the aggregate limit
27 of tax credits under this section or such lesser amount of tax credits
28 that remain unallocated on such day, then the tax credits shall be
29 allocated among the certified investors who filed on that day on a pro
30 rata basis with respect to the amounts claimed. The pro rata
31 allocation for any one certified investor shall be the product obtained
32 by multiplying a fraction, the numerator of which is the amount of the
33 tax credit allocation claim filed on behalf of such certified investor
34 and the denominator of which is the total of all tax credit allocation
35 claims filed on behalf of all certified investors on such day, by the
36 aggregate limit of tax credits under this section or such lesser amount
37 of tax credits that remain unallocated on such day.

1 (4) Within ten business days after the department receives a tax
2 credit allocation claim filed by a certified capital company on behalf
3 of one or more of its certified investors, the department shall notify
4 the certified capital company of the amount of tax credits allocated to
5 each of the certified investors of such certified capital company.

6 (5) In the event a certified capital company does not receive
7 aggregate investments of certified capital equaling the amount of tax
8 credits allocated to its certified investors within ten business days
9 of the certified capital company's receipt of notice of allocation,
10 then it shall so notify the department on or before the next business
11 day and that portion of the tax credits allocated to the certified
12 investors of such certified capital company in excess of the amount of
13 certified capital invested in such certified capital company by such
14 date will be forfeited. The department shall then reallocate those
15 forfeited tax credits among the certified investors of the other
16 certified capital companies on a pro rata basis with respect to the tax
17 credit allocation claims filed on behalf of such certified investors.
18 The department is authorized to levy a fine of not more than fifty
19 thousand dollars, to be placed in the certified capital company
20 revolving fund, on any certified investor that does not invest the full
21 amount of certified capital allocated by the department to such
22 investor in accordance with the premium tax credit allocation claim
23 filed on its behalf.

24 (6) The maximum amount of tax credit allocation claims that may be
25 filed on behalf of any one certified investor, on an aggregate basis
26 with its affiliates, in one or more certified capital companies, shall
27 not exceed the greater of ten million dollars of certified capital or
28 fifteen percent of the aggregate limitation on certified capital
29 allocations as provided in this section.

30 NEW SECTION. **Sec. 6.** REQUIREMENTS FOR CONTINUANCE OF
31 CERTIFICATION. (1) To continue to be eligible for certification, a
32 certified capital company shall make qualified investments according to
33 the following schedule:

34 (a) Within two years after the allocation date, an amount equal to
35 at least twenty-five percent of the certified capital allocable to such
36 certified capital company must be placed in qualified investments.

1 (b) Within five years after the allocation date, an amount equal to
2 at least fifty percent of the certified capital allocable to such
3 certified capital company must be placed in qualified investments.

4 (2) Prior to making a proposed qualified investment in a specific
5 business, a certified capital company shall request from the department
6 a written opinion that the proposed investment will qualify as a
7 qualified investment in a qualified business. The department shall
8 have fifteen business days from the receipt of such a request to
9 determine whether the proposed investment qualifies as a qualified
10 investment in a qualified business and to notify the certified capital
11 company of its determination and an explanation thereof. If the
12 department fails to notify the certified capital company of its
13 determination within the fifteen business day period, the proposed
14 investment shall be deemed to be a qualified investment in a qualified
15 business. If the department determines that the proposed investment
16 does not meet the definition of a qualified investment or qualified
17 business or both, the department may nevertheless consider the proposed
18 investment a qualified investment, and if necessary the business a
19 qualified business, if the department determines that the proposed
20 investment will further state economic development.

21 (3) All certified capital not placed in qualified investments by
22 the certified capital company may be held or invested in such manner as
23 the certified capital company, in its discretion, deems appropriate.
24 The proceeds of all certified capital returned to a certified capital
25 company after being originally placed in qualified investments may be
26 placed again in qualified investments and shall count toward any
27 requirement of this section with respect to placing certified capital
28 in qualified investments.

29 (4) If, within ten years after its allocation date, a certified
30 capital company has not placed at least one hundred percent of the
