
FOURTH SUBSTITUTE HOUSE BILL 1806

State of Washington

60th Legislature

2008 Regular Session

By House Appropriations Subcommittee on Education (originally sponsored by Representatives Pedersen, Upthegrove, Campbell, Kenney, McDermott, Morrell, Chase, Appleton, Dunshee, McIntire, Santos, Moeller, Darneille, Roberts, Hudgins, Hunt, Hasegawa, Conway, O'Brien, Green, Rolfes, Simpson, Schual-Berke, Goodman, Wood, and Lantz)

READ FIRST TIME 02/05/08.

1 AN ACT Relating to pesticide application in school facilities;
2 adding new sections to chapter 28A.345 RCW; creating new sections; and
3 making an appropriation.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** The legislature finds that children are more
6 vulnerable than adults to the hazardous effects of pesticide exposure.
7 The intent of this act is to protect children and staff by making it
8 easier for school districts to adopt child-friendly pest management
9 strategies. This may be accomplished in part through development and
10 use of an integrated pest management program that emphasizes use of
11 nonchemical pest control measures.

12 NEW SECTION. **Sec. 2.** By January 1, 2009, the Washington state
13 school directors' association, in consultation with the department of
14 health and the department of agriculture, shall develop a model
15 integrated pest management policy that emphasizes the use of
16 nonchemical pest control measures. The model integrated pest
17 management policy must be disseminated to all school districts. The
18 model integrated pest management policy shall, at a minimum,

1 incorporate the "IPM Standards for Schools: Tactics and Resources for
2 Reducing Pest and Pesticide Risks in Schools and Other Sensitive
3 Environments" as published by the IPM institute of North America, inc.
4 as of the effective date of this section.

5 NEW SECTION. **Sec. 3.** By September 1, 2009, each school district
6 shall have adopted an integrated pest management policy and begin
7 implementation of an integrated pest management program that is based
8 on the model integrated pest management policy developed under section
9 2 of this act. Each school district may phase in implementation of its
10 integrated pest management program. However, each school district
11 shall obtain the IPM STAR certification pursuant to the "IPM Standards
12 for Schools: Tactics and Resources for Reducing Pest and Pesticide
13 Risks in Schools and Other Sensitive Environments" by September 1,
14 2013.

15 NEW SECTION. **Sec. 4.** (1) Any appropriation for the fiscal year
16 ending June 30, 2009, from the general fund for the purposes of
17 providing technical assistance to each school district regarding
18 implementation of each school district's integrated pest management
19 program shall go to the Washington State University urban integrated
20 pest management program.

21 (2) If Washington State University is provided funding under
22 subsection (1) of this section, Washington State University must
23 prepare an annual report to the legislature regarding the technical
24 assistance it has provided to school districts. The report must
25 include, but is not limited to, information on:

- 26 (a) The districts that have received technical assistance;
27 (b) The nature and extent of the assistance;
28 (c) Each district's progress on obtaining IPM STAR certification;
29 and
30 (d) The amount and nature of costs incurred by Washington State
31 University in providing technical assistance to school districts.

32 NEW SECTION. **Sec. 5.** Sections 2 and 3 of this act are each added
33 to chapter 28A.345 RCW.

1 NEW SECTION. **Sec. 6.** If specific funding for the purposes of this
2 act, referencing this act by bill or chapter number, is not provided by
3 June 30, 2008, in the omnibus appropriations act, this act is null and
4 void.

--- END ---
