SENATE BILL 5618

State of Washington 60th Legislature 2007 Regular Session

By Senators Shin, Clements, Sheldon, Rasmussen, Kilmer and Kastama

Read first time 01/25/2007. Referred to Committee on Economic Development, Trade & Management.

1 AN ACT Relating to assisting manufacturers; amending RCW 24.50.010; 2 creating a new section; and making appropriations.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4

<u>NEW SECTION.</u> Sec. 1. (1) The legislature finds that:

5 (a) Through modernization programs reflecting the specific needs and capabilities of the individual firms, Washington manufacturers can 6 7 compete successfully in the market of the future and provide living 8 wage jobs. Most small and midsize manufacturers will face financing, challenges during their 9 marketing, production, or other early Often, they do not have the resources that will allow them 10 formation. 11 to easily access the technical assistance and skills training needed to 12 make them globally competitive;

(b) Foreign markets are now providing small manufacturers with opportunities for direct sale of their products and for opportunities to become a supplier in a large manufacturer's supply chain. To enter these markets, advanced manufacturers must demonstrate high standards of product and process quality and be certified by organizations such as the international standards organization 9000 and the AS9100 aerospace standard. In the United States, Washington is twentieth in the total number of manufacturers, but twenty-fifth in the number of international standards organization certified firms, and thirty-first out of all states in the percentage of companies that are certified by the international standards organization;

(c) Public and private partnerships directed at business education 5 may result in benefits to manufacturing and improvements to the б 7 environment. Through a recent federally funded pilot project between the department of ecology and Washington manufacturing services, 8 several small manufacturing firms found significant benefits through a 9 "lean and clean" manufacturing education program. 10 The project demonstrated that the partnerships assist manufacturers in reducing 11 their operating costs, increase their environmental compliance, and 12 13 expand the opportunity for the manufacturers to grow jobs within the 14 state; and

(d) Washington state manufacturers will be successful only if they 15 16 are able to attract employees with the right mix of skills in certain 17 job functions to meet the demands of modern manufacturing. The "dream it do it" campaign, which is being coordinated in Washington state by 18 Washington manufacturing services, is providing information on a wide 19 range of ways in which students can learn about high paying careers in 20 21 manufacturing and how they might qualify for those jobs. An early understanding of career opportunities and of those skills necessary to 22 23 enter such professions will improve the qualifications of our workforce 24 and ensure economic expansion within our manufacturing community.

25 (2) It is the intent of the legislature that Washington state increase its support for the manufacturing extension program, to expand 26 27 the delivery of modernization services to small Washington manufacturers, and to leverage federal and private resources devoted to 28 such efforts. 29

30 **Sec. 2.** RCW 24.50.010 and 2006 c 34 s 2 are each amended to read 31 as follows:

(1) Washington manufacturing services is organized as a private, nonprofit corporation in accordance with chapter 24.03 RCW and this section. The mission of the center is to operate a modernization extension system, coordinate a network of public and private modernization resources, and stimulate the competitiveness of small and midsize manufacturers in Washington.

p. 2

(2) Washington manufacturing services shall be governed by a board 1 2 of directors. A majority of the board of directors shall be representatives of small and medium-sized manufacturing firms and 3 industry associations, networks, or consortia. The board shall also 4 include at least one member representing labor unions or labor councils 5 and, as ex officio members, the director of the department of 6 7 community, trade, and economic development, the executive director of the state board for community and technical colleges, and the director 8 9 of the work force training and education coordinating board, or their 10 respective designees.

11

(3) Washington manufacturing services may:

(a) Charge fees for services, make and execute contracts with any individual, corporation, association, public agency, or any other entity, and employ all other legal instruments necessary or convenient for the performance of its duties and the exercise of its powers and functions under this chapter; and

17 (b) Receive funds from federal, state, or local governments, 18 private businesses, foundations, or any other source for purposes 19 consistent with this chapter.

20

(4) Washington manufacturing services shall:

(a) Develop policies, plans, and programs to assist in the
 modernization of businesses in targeted sectors of Washington's economy
 and coordinate the delivery of modernization services;

24

(b) Create programs which:

25 (i) Provide modernization services to manufacturing firms with 26 fifty or fewer employees;

27 <u>(ii) Assist small manufacturers to become certified in</u> 28 <u>internationally accepted quality assurance programs;</u>

29 (iii) Develop partnerships for the delivery of services which will 30 assist manufacturers in reducing costs, and increases their 31 environmental compliance; or

32 (iv) Educate students about careers in manufacturing, provide 33 teachers with valuable education resources, provide analytical tools 34 with which young people may choose careers, or provide other resources 35 that will help students find great, high paying careers they can be 36 proud of;

37

(c) Provide information about the advantages of modernization and

1 the modernization services available in the state to federal, state, 2 and local economic development officials, state colleges and 3 universities, and private providers;

4 (((c))) (d) Collaborate with the Washington quality initiative in
5 the development of manufacturing quality standards and quality
6 certification programs;

7 (((d))) <u>(e)</u> Serve as an information clearinghouse and provide 8 access for users to the federal manufacturing extension partnership 9 national research and information system; and

10 (((e))) <u>(f)</u> Provide, either directly or through contracts, 11 assistance to industry associations, networks, or consortia, that would 12 be of value to their member firms in:

(i) Adopting advanced business management practices such asstrategic planning and total quality management;

15 (ii) Developing mechanisms for interfirm collaboration and 16 cooperation;

(iii) Appraising, purchasing, installing, and effectively using equipment, technologies, and processes that improve the quality of goods and services and the productivity of the firm;

20 (iv) Improving human resource systems and work force training in a 21 manner that moves firms toward flexible, high-performance work 22 organizations;

23 (v) Developing new products;

24 (vi) Conducting market research, analysis, and development of new 25 sales channels and export markets;

26 (vii) Improving processes to enhance environmental, health, and 27 safety compliance; and

28 (viii) Improving credit, capital management, and business finance 29 skills.

30 <u>NEW SECTION.</u> Sec. 3. (1) The sum of five hundred thousand 31 dollars, or as much thereof as may be necessary, is appropriated for 32 the fiscal year ending June 30, 2008, from the general fund--state to 33 the department of community, trade, and economic development to carry 34 out the purposes of section 2 of this act.

35 (2) The sum of five hundred thousand dollars, or as much thereof as36 may be necessary, is appropriated for the fiscal year ending June 30,

p. 4

2009, from the general fund--state to the department of community,
 trade, and economic development to carry out the purposes of section 2
 of this act.

--- END ---
