
SENATE BILL 5840

State of Washington

60th Legislature

2007 Regular Session

By Senator Benton

Read first time 02/02/2007. Referred to Committee on Transportation.

1 AN ACT Relating to temporary permits for salvage vehicles awaiting
2 inspection; and amending RCW 46.12.030.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4 **Sec. 1.** RCW 46.12.030 and 2005 c 173 s 1 are each amended to read
5 as follows:

6 (1) The application for a certificate of ownership shall be upon a
7 form furnished or approved by the department and shall contain:

8 (a) A full description of the vehicle, which shall contain the
9 proper vehicle identification number, the number of miles indicated on
10 the odometer at the time of delivery of the vehicle, and any
11 distinguishing marks of identification;

12 (b) The name and address of the person who is to be the registered
13 owner of the vehicle and, if the vehicle is subject to a security
14 interest, the name and address of the secured party;

15 (c) Such other information as the department may require.

16 (2) The department may in any instance, in addition to the
17 information required on the application, require additional information
18 and a physical examination of the vehicle or of any class of vehicles,
19 or either.

1 (3)(a) A physical examination of the vehicle is mandatory if it has
2 been rebuilt after surrender of the certificate of ownership to the
3 department under RCW 46.12.070 due to the vehicle's destruction or
4 declaration as a total loss. The inspection must verify that the
5 vehicle identification number is genuine and agrees with the number
6 shown on the title and registration certificate. The inspection must
7 be made by a member of the Washington state patrol or other person
8 authorized by the department to make such inspections.

9 (b)(i) A physical examination of the vehicle is mandatory if the
10 vehicle was declared totaled or salvage under the laws of this state,
11 or the vehicle is presented with documents from another state showing
12 the vehicle was totaled or salvage and has not been reissued a valid
13 registration from that state after the declaration of total loss or
14 salvage.

15 (ii) The inspection must verify that the vehicle identification
16 number is genuine and agrees with the number shown on the original
17 documents supporting the vehicle purchase or ownership.

18 (iii) A Washington state patrol VIN specialist must ensure that all
19 major component parts used for the reconstruction of a salvage or
20 rebuildable vehicle were obtained legally. Original invoices for new
21 and used parts must be from a vendor that is registered with the
22 department of revenue for the collection of retail sales or use taxes
23 or comparable agency in the jurisdiction where the major component
24 parts were purchased. The invoices must include the name and address
25 of the business, a description of the part or parts sold, the date of
26 sale, and the amount of sale to include all taxes paid unless exempted
27 by the department of revenue or comparable agency in the jurisdiction
28 where the major component parts were purchased. Original invoices for
29 used parts must be from a vehicle wrecker licensed under chapter 46.80
30 RCW or a comparable business in the jurisdiction outside Washington
31 state where the major component part was purchased. If the parts or
32 components were purchased from a private individual, the private
33 individual must have title to the vehicle the parts were taken from,
34 except as provided by RCW 46.04.3815, and the bill of sale for the
35 parts must be notarized. The bills of sale must include the names and
36 addresses of the sellers and purchasers, a description of the vehicle,
37 the part or parts being sold, including the make, model, year, and
38 identification or serial number, that date of sale, and the purchase

1 price of the vehicle or part or parts. If the presenter is unable to
2 provide an acceptable release of interest or proof of ownership for a
3 vehicle or major component part as described above, an inspection must
4 be completed for ownership-in-doubt purposes as prescribed by WAC 308-
5 56A-210.

6 (iv) A vehicle presented for inspection must have all damaged major
7 component parts replaced or repaired to meet RCW and WAC requirements
8 before inspection of the salvage vehicle by the Washington state
9 patrol.

10 (4) The department shall issue a temporary permit that consists of
11 a system-generated permit and a temporary license plate that may be
12 used in lieu of a registration certificate and license plates when the
13 vehicle:

14 (a) Has been declared a salvage vehicle under RCW 46.12.070; and

15 (b) Is scheduled for an inspection by the Washington state patrol.

16 (5) Rebuilt or salvage vehicles licensed in Washington must meet
17 the requirements found under chapter 46.37 RCW to be driven upon public
18 roadways.

19 ((+5+)) (6) The application shall be subscribed by the person
20 applying to be the registered owner and be sworn to by that applicant
21 in the manner described by RCW 9A.72.085. The department shall retain
22 the application in either the original, computer, or photostatic form.
