Passed Legislature - 2007 Regular Session

**State of Washington                      60th Legislature                      2007 Regular Session**

**By**        Senators Kilmer, Zarelli, Hatfield, Schoesler, Holmquist,  
Kastama, Tom, Sheldon, Shin and Rasmussen

Read first time 01/22/2007.        Referred to Committee on Economic  
Development, Trade & Management.

1            AN ACT Relating to economic development project permitting;  
2 amending RCW 43.155.070, 43.160.060, 43.160.230, 43.42.010, 43.131.401,  
3 and 43.131.402; creating a new section; and providing an expiration  
4 date.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6            NEW SECTION.    **Sec. 1.** (1) The legislature finds that permit  
7 programs have been legislatively established to protect the health,  
8 welfare, economy, and environment of Washington's citizens and to  
9 provide a fair, competitive opportunity for business innovation and  
10 consumer confidence. The legislature also finds that uncertainty in  
11 government processes to permit an activity by a citizen of Washington  
12 state is undesirable and erodes confidence in government. The  
13 legislature further finds that in the case of projects that would  
14 further economic development in the state, information about the  
15 permitting process is critical for an applicant's planning and  
16 financial assessment of the proposed project. The legislature also  
17 finds that applicants have a responsibility to provide complete and  
18 accurate information.

1 (2) The legislature recommends that applicants be provided with the  
2 following information when applying for a development permit from a  
3 city, county, or state agency:

4 (a) The minimum and maximum time an agency will need to make a  
5 decision on a permit, including public comment requirements;

6 (b) The minimum amount of information required for an agency to  
7 make a decision on a permit;

8 (c) When an agency considers an application complete for  
9 processing;

10 (d) The minimum and maximum costs in agency fees that will be  
11 incurred by the permit applicant; and

12 (e) The reasons for a denial of a permit in writing.

13 (3) In providing this information to applicants, an agency should  
14 base estimates on the best information available about the permitting  
15 program and prior applications for similar permits, as well as on the  
16 information provided by the applicant. New information provided by the  
17 applicant subsequent to the agency estimates may change the information  
18 provided by an agency per subsection (2) of this section. Project  
19 modifications by an applicant may result in more time, more  
20 information, or higher fees being required for permit processing.

21 (4) This section does not create an independent cause of action,  
22 affect any existing cause of action, or establish time limits for  
23 purposes of RCW 64.40.020.

24 (5) City, county, and state agencies issuing development permits  
25 are encouraged to track the progress in providing the information to  
26 applicants per subsection (2) of this section by preparing an annual  
27 report of its performance for the preceding fiscal year. The report  
28 should be posted on its web site made available and provided to the  
29 appropriate standing committees of the senate and house of  
30 representatives.

31 **Sec. 2.** RCW 43.155.070 and 2001 c 131 s 5 are each amended to read  
32 as follows:

33 (1) To qualify for loans or pledges under this chapter the board  
34 must determine that a local government meets all of the following  
35 conditions:

36 (a) The city or county must be imposing a tax under chapter 82.46  
37 RCW at a rate of at least one-quarter of one percent;

1 (b) The local government must have developed a capital facility  
2 plan; and

3 (c) The local government must be using all local revenue sources  
4 which are reasonably available for funding public works, taking into  
5 consideration local employment and economic factors.

6 (2) Except where necessary to address a public health need or  
7 substantial environmental degradation, a county, city, or town planning  
8 under RCW 36.70A.040 must have adopted a comprehensive plan, including  
9 a capital facilities plan element, and development regulations as  
10 required by RCW 36.70A.040. This subsection does not require any  
11 county, city, or town planning under RCW 36.70A.040 to adopt a  
12 comprehensive plan or development regulations before requesting or  
13 receiving a loan or loan guarantee under this chapter if such request  
14 is made before the expiration of the time periods specified in RCW  
15 36.70A.040. A county, city, or town planning under RCW 36.70A.040  
16 which has not adopted a comprehensive plan and development regulations  
17 within the time periods specified in RCW 36.70A.040 is not prohibited  
18 from receiving a loan or loan guarantee under this chapter if the  
19 comprehensive plan and development regulations are adopted as required  
20 by RCW 36.70A.040 before submitting a request for a loan or loan  
21 guarantee.

22 (3) In considering awarding loans for public facilities to special  
23 districts requesting funding for a proposed facility located in a  
24 county, city, or town planning under RCW 36.70A.040, the board shall  
25 consider whether the county, city, or town planning under RCW  
26 36.70A.040 in whose planning jurisdiction the proposed facility is  
27 located has adopted a comprehensive plan and development regulations as  
28 required by RCW 36.70A.040.

29 (4) The board shall develop a priority process for public works  
30 projects as provided in this section. The intent of the priority  
31 process is to maximize the value of public works projects accomplished  
32 with assistance under this chapter. The board shall attempt to assure  
33 a geographical balance in assigning priorities to projects. The board  
34 shall consider at least the following factors in assigning a priority  
35 to a project:

36 (a) Whether the local government receiving assistance has  
37 experienced severe fiscal distress resulting from natural disaster or  
38 emergency public works needs;

1 (b) Whether the project is critical in nature and would affect the  
2 health and safety of a great number of citizens;

3 (c) Whether the applicant has developed and adhered to guidelines  
4 regarding its permitting process for those applying for development  
5 permits consistent with section 1(2) of this act;

6 (d) The cost of the project compared to the size of the local  
7 government and amount of loan money available;

8 (~~(d)~~) (e) The number of communities served by or funding the  
9 project;

10 (~~(e)~~) (f) Whether the project is located in an area of high  
11 unemployment, compared to the average state unemployment;

12 (~~(f)~~) (g) Whether the project is the acquisition, expansion,  
13 improvement, or renovation by a local government of a public water  
14 system that is in violation of health and safety standards, including  
15 the cost of extending existing service to such a system;

16 (~~(g)~~) (h) The relative benefit of the project to the community,  
17 considering the present level of economic activity in the community and  
18 the existing local capacity to increase local economic activity in  
19 communities that have low economic growth; and

20 (~~(h)~~) (i) Other criteria that the board considers advisable.

21 (5) Existing debt or financial obligations of local governments  
22 shall not be refinanced under this chapter. Each local government  
23 applicant shall provide documentation of attempts to secure additional  
24 local or other sources of funding for each public works project for  
25 which financial assistance is sought under this chapter.

26 (6) Before November 1 of each year, the board shall develop and  
27 submit to the appropriate fiscal committees of the senate and house of  
28 representatives a description of the loans made under RCW 43.155.065,  
29 43.155.068, and subsection (9) of this section during the preceding  
30 fiscal year and a prioritized list of projects which are recommended  
31 for funding by the legislature, including one copy to the staff of each  
32 of the committees. The list shall include, but not be limited to, a  
33 description of each project and recommended financing, the terms and  
34 conditions of the loan or financial guarantee, the local government  
35 jurisdiction and unemployment rate, demonstration of the jurisdiction's  
36 critical need for the project and documentation of local funds being  
37 used to finance the public works project. The list shall also include  
38 measures of fiscal capacity for each jurisdiction recommended for

1 financial assistance, compared to authorized limits and state averages,  
2 including local government sales taxes; real estate excise taxes;  
3 property taxes; and charges for or taxes on sewerage, water, garbage,  
4 and other utilities.

5 (7) The board shall not sign contracts or otherwise financially  
6 obligate funds from the public works assistance account before the  
7 legislature has appropriated funds for a specific list of public works  
8 projects. The legislature may remove projects from the list  
9 recommended by the board. The legislature shall not change the order  
10 of the priorities recommended for funding by the board.

11 (8) Subsection (7) of this section does not apply to loans made  
12 under RCW 43.155.065, 43.155.068, and subsection (9) of this section.

13 (9) Loans made for the purpose of capital facilities plans shall be  
14 exempted from subsection (7) of this section.

15 (10) To qualify for loans or pledges for solid waste or recycling  
16 facilities under this chapter, a city or county must demonstrate that  
17 the solid waste or recycling facility is consistent with and necessary  
18 to implement the comprehensive solid waste management plan adopted by  
19 the city or county under chapter 70.95 RCW.

20 **Sec. 3.** RCW 43.160.060 and 2004 c 252 s 3 are each amended to read  
21 as follows:

22 The board is authorized to make direct loans to political  
23 subdivisions of the state and to federally recognized Indian tribes for  
24 the purposes of assisting the political subdivisions and federally  
25 recognized Indian tribes in financing the cost of public facilities,  
26 including development of land and improvements for public facilities,  
27 project-specific environmental, capital facilities, land use,  
28 permitting, feasibility, and marketing studies and plans; project  
29 design, site planning, and analysis; project debt and revenue impact  
30 analysis; as well as the construction, rehabilitation, alteration,  
31 expansion, or improvement of the facilities. A grant may also be  
32 authorized for purposes designated in this chapter, but only when, and  
33 to the extent that, a loan is not reasonably possible, given the  
34 limited resources of the political subdivision or the federally  
35 recognized Indian tribe and the finding by the board that financial  
36 circumstances require grant assistance to enable the project to move

1 forward. However, at least ten percent of all financial assistance  
2 provided by the board in any biennium shall consist of grants to  
3 political subdivisions and federally recognized Indian tribes.

4 Application for funds shall be made in the form and manner as the  
5 board may prescribe. In making grants or loans the board shall conform  
6 to the following requirements:

7 (1) The board shall not provide financial assistance:

8 (a) For a project the primary purpose of which is to facilitate or  
9 promote a retail shopping development or expansion.

10 (b) For any project that evidence exists would result in a  
11 development or expansion that would displace existing jobs in any other  
12 community in the state.

13 (c) For the acquisition of real property, including buildings and  
14 other fixtures which are a part of real property.

15 (d) For a project the primary purpose of which is to facilitate or  
16 promote gambling.

17 (2) The board shall only provide financial assistance:

18 (a) For those projects which would result in specific private  
19 developments or expansions (i) in manufacturing, production, food  
20 processing, assembly, warehousing, advanced technology, research and  
21 development, and industrial distribution; (ii) for processing  
22 recyclable materials or for facilities that support recycling,  
23 including processes not currently provided in the state, including but  
24 not limited to, de-inking facilities, mixed waste paper, plastics, yard  
25 waste, and problem-waste processing; (iii) for manufacturing facilities  
26 that rely significantly on recyclable materials, including but not  
27 limited to waste tires and mixed waste paper; (iv) which support the  
28 relocation of businesses from nondistressed urban areas to rural  
29 counties or rural natural resources impact areas; or (v) which  
30 substantially support the trading of goods or services outside of the  
31 state's borders.

32 (b) For projects which it finds will improve the opportunities for  
33 the successful maintenance, establishment, or expansion of industrial  
34 or commercial plants or will otherwise assist in the creation or  
35 retention of long-term economic opportunities.

36 (c) When the application includes convincing evidence that a  
37 specific private development or expansion is ready to occur and will  
38 occur only if the public facility improvement is made.

1 (3) The board shall prioritize each proposed project according to:

2 (a) The relative benefits provided to the community by the jobs the  
3 project would create, not just the total number of jobs it would create  
4 after the project is completed and according to the unemployment rate  
5 in the area in which the jobs would be located; ~~((and))~~

6 (b) The rate of return of the state's investment, that includes the  
7 expected increase in state and local tax revenues associated with the  
8 project; and

9 (c) Whether the applicant has developed and adhered to guidelines  
10 regarding its permitting process for those applying for development  
11 permits consistent with section 1(2) of this act.

12 (4) A responsible official of the political subdivision or the  
13 federally recognized Indian tribe shall be present during board  
14 deliberations and provide information that the board requests.

15 Before any financial assistance application is approved, the  
16 political subdivision or the federally recognized Indian tribe seeking  
17 the assistance must demonstrate to the community economic  
18 revitalization board that no other timely source of funding is  
19 available to it at costs reasonably similar to financing available from  
20 the community economic revitalization board.

21 **Sec. 4.** RCW 43.160.230 and 2005 c 425 s 2 are each amended to read  
22 as follows:

23 (1) The job development fund program is created to provide grants  
24 for public infrastructure projects that will stimulate job creation or  
25 assist in job retention. The program is to be administered by the  
26 board. The board shall establish a competitive process to request and  
27 prioritize proposals and make grant awards.

28 (2) For the purposes of chapter 425, Laws of 2005, "public  
29 infrastructure projects" has the same meaning as "public facilities" as  
30 defined in RCW 43.160.020(11).

31 (3) The board shall conduct a statewide request for project  
32 applications. The board shall apply the following criteria for  
33 evaluation and ranking of applications:

34 (a) The relative benefits provided to the community by the jobs the  
35 project would create, including, but not limited to: (i) The total  
36 number of jobs; (ii) the total number of full-time, family wage jobs;

1 (iii) the unemployment rate in the area; and (iv) the increase in  
2 employment in comparison to total community population;

3 (b) The present level of economic activity in the community and the  
4 existing local financial capacity to increase economic activity in the  
5 community;

6 (c) Whether the applicant has developed and adhered to guidelines  
7 regarding its permitting process for those applying for development  
8 permits consistent with section 1(2) of this act;

9 (d) The rate of return of the state's investment, that includes the  
10 expected increase in state and local tax revenues associated with the  
11 project;

12 (~~(d)~~) (e) The lack of another timely source of funding available  
13 to finance the project which would likely prevent the proposed  
14 community or economic development, absent the financing available under  
15 chapter 425, Laws of 2005;

16 (~~(e)~~) (f) The ability of the project to improve the viability of  
17 existing business entities in the project area;

18 (~~(f)~~) (g) Whether or not the project is a partnership of multiple  
19 jurisdictions;

20 (~~(g)~~) (h) Demonstration that the requested assistance will  
21 directly stimulate community and economic development by facilitating  
22 the creation of new jobs or the retention of existing jobs; and

23 (~~(h)~~) (i) The availability of existing assets that applicants may  
24 apply to projects.

25 (4) Job development fund program grants may only be awarded to  
26 those applicants that have entered into or expect to enter into a  
27 contract with a private developer relating to private investment that  
28 will result in the creation or retention of jobs upon completion of the  
29 project. Job development fund program grants shall not be provided for  
30 any project where:

31 (a) The funds will not be used within the jurisdiction or  
32 jurisdictions of the applicants; or

33 (b) Evidence exists that the project would result in a development  
34 or expansion that would displace existing jobs in any other community  
35 in the state.

36 (5) The board shall, with the joint legislative audit and review  
37 committee, develop performance criteria for each grant and evaluation  
38 criteria to be used to evaluate both how well successful applicants met

1 the community and economic development objectives stated in their  
2 applications, and how well the job development fund program performed  
3 in creating and retaining jobs.

4 **Sec. 5.** RCW 43.42.010 and 2003 c 71 s 2 are each amended to read
