

HB 3324 - DIGEST

Requires each local homeless housing task force to present an unsheltered homeless housing plan to its local government's legislative authority and to the department within ninety days of the effective date of this act, and must present an updated plan annually thereafter on a schedule to be determined by the department.

Provides until and unless the Washington homeless census reports that the number of unsheltered homeless individuals within the jurisdiction of a local government is equal to or less than ten percent of the number of unsheltered homeless individuals reported in the 2008 Washington homeless census, the priority for projects to be funded from the local government's share of the surcharges in RCW 36.22.179 and 36.22.1791 must be given to projects and programs that are intended to directly accomplish the unsheltered homeless housing goal and are representative of recommended strategies outlined in the local unsheltered homeless housing plan.

Requires the department to include a summary of local jurisdiction unsheltered homeless housing plans and reports of plan accomplishments in its annually updated state homeless housing strategic plan as described under RCW 43.185C.040.
