**Minority Report:** Do not pass. Signed by 1 member: Representative Anderson.

**Staff:** Nona Snell (786-7153)

#### **Background:**

---

*This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.*

The State of Washington issues general obligation bonds to finance projects authorized in the capital and transportation budgets. General obligation bonds pledge the full faith and credit and taxing power of the state towards payment of debt service. Legislation authorizing the issuance of bonds requires a 60 percent majority vote in both the House of Representatives and the Senate.

Bond authorization legislation generally specifies the account or accounts into which bond sale proceeds are deposited, as well as the source of debt service payments. When debt service payments are due, the State Treasurer withdraws the amounts necessary to make the payments from the State General Fund and deposits them into the bond retirement funds.

The State Finance Committee, composed of the Governor, the Lieutenant Governor, and the State Treasurer, is responsible for the issuance of all state bonds.

**Summary of Engrossed Substitute Bill:**

The State Finance Committee is authorized to issue state general obligation bonds to finance \$2.219 billion in projects in the 2009 Supplemental and 2009-11 Capital Budgets, and \$1.95 billion for the State Route number 520 corridor projects..

The State Treasurer is required to withdraw from state general revenues the amounts necessary to make the principal and interest payments on the bonds and to deposit these amounts into the Bond Retirement Account.
