Background:

The State Parks and Recreation Commission (Commission) is charged with the care, control, and supervision of all state parks. Certain powers and duties for the Commission are established in statute, including the authority to enter into agreements to rent undeveloped park land for grazing, agricultural, or mineral purposes for a term of not more than 40 years.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

Summary of Substitute Bill:

Leases for Telecommunications Services Facilities.

The Commission must review and determine the fair market value for all existing leases for telecommunications service facilities based upon independent appraisals and existing leases for telecommunications services facilities. These leases must be extended at the fair market rental for at least one period of not more than 20 years. Leases must be renegotiated every five years.

Definitions.

"Facilities" means all of the plant, equipment, fixtures, appurtenances, antennas, and other facilities necessary to furnish and deliver telecommunications services and cable television services, including, but not limited to, poles with crossarms, poles without crossarms, wires, lines, conduits, cables, communication and signal lines and equipment, braces, guys, anchors, vaults, and all attachments, appurtenances, and appliances necessary or incidental to the distribution and use of telecommunications services and cable television services.

"Telecommunications service" means the transmission of information by wire, radio, optical cable, electromagnetic, or other similar means for hire, sale, or resale to the general public.

"Information" means knowledge or intelligence represented by any form of writing, signs, signals, pictures, sounds, or any other symbols.

Substitute Bill Compared to Original Bill:

The substitute bill deletes:

- the requirements that if there is an approved wetland mitigation site found on Commission lands in the same water resource inventory area as a project requiring mitigation, the project must use the Commission's wetland mitigation site; and
- the ability of the Department of Ecology to adopt rules to implement the wetland mitigation site provisions.

Appropriation: None.

Fiscal Note: Available. New fiscal note on substitute bill requested on February 20, 2009.

Effective Date of Substitute Bill: The bill takes effect 90 days after adjournment of the session in which the bill is passed.

Staff Summary of Public Testimony:

(In support) This bill found some real money. The Commission is working with the Department of Ecology on wetland mitigation sites in order to get more wetlands on Commission land.

(With concerns) There will be many opportunities to expand the wetland program.

(Opposed) None.

Persons Testifying: (In support) Jim King, Citizens for Parks and Recreation; and Chris Regan, Washington State Parks and Recreation Commission.

(With concerns) Tom Clingman, Department of Ecology.

Persons Signed In To Testify But Not Testifying: None.
