(In support) This bill is identical to the bill that passed this committee and the House floor. The Department of Agriculture has a commitment to connect this excellent service with food program clients and agricultural producers. By combining two separate agency programs into one, the Department should be able to gain some efficiencies in the emergency food programs. Please support this bill, there will be a race to see whether the House or Senate version reaches the Governor for her signature.

(Opposed) None.

Persons Testifying: Dan Newhouse, Department of Agriculture; and Mike Moran, Second Harvest.
