32 office of financial management to establish and provide staff support
33 for the Washington citizens' work group on health care reform, pursuant
34 to Engrossed Substitute Senate Bill No. 6333.

5 expenditure of these funds based on a quarterly allotment schedule.
6 Before releasing funds to the office of the superintendent of public
7 instruction each quarter, the office of financial management shall
8 ensure compliance with this subsection. Effective with the 2009
9 administration of the Washington assessment of student learning, while
10 maintaining the reliability and validity of the assessment, the office
11 of the superintendent of public instruction shall redesign the

14 reducing the number of short answer and extended response questions,
15 and potentially decreasing the number of items utilized in the
16 assessment, particularly in grades tested under the requirements of the
17 federal no child left behind act. In selecting and developing the new

29 of student learning is established. The work group will consist of a
30 maximum of nine members. Legislative members shall be appointed by the
31 president of the senate and the speaker of the house of representatives
32 and shall represent the two largest caucuses of both the senate and the
33 house of representatives. The purpose of this work group is to review
34 and evaluate the current assessment system by January 1, 2009, and

37 hiring independent technical experts to advise the Washington
38 assessment of student learning work group created in this subsection.

1 (~~(15)~~) (13) Through prior legislation, many state activities that
2 protect the general public by safeguarding health, safety, employees,
3 and consumers are supported by fees assessed on items such as
4 licensing, registration, certification, and inspections. Moreover,
5 higher education, workforce training, and a number of other government
6 services are supported at least in part by fees assessed on those who
7 participate in these programs. Therefore, the office of financial
8 management shall conduct a review and analysis of all fees for which
9 the legislature has delegated to state agencies and institutions of
10 higher education the ability to establish and determine the amount,
11 either upon initial establishment or subsequent increases. Fees, as
12 used in this subsection, has the same meaning as used in RCW
13 43.135.055. The objective of the review and analysis is to document
14 the level of fees paid over the past five years, the cost of those
15 programs over that same time period, and, to the extent available, the
16 effectiveness of the activity in meeting its performance targets. The
17 review and analysis shall include the following information:

18 (a) Information about the program, including the statutory
19 authority for the program, date enacted, and the parties that benefit
20 from the program; and

21 (b) Information about the program fees, including name and
22 description of the fees, the parties that bear the cost of the fees,
23 the methodology for determining the fees, and whether the fees directly
24 fund the program; and

25 (c) Financial related information, including an assessment of the
26 program's fee amount assessed over the past five years, the scope of
27 the program and related costs over the past 5 years, and whether the
28 program's expenditures are subject to appropriation or allotment
29 procedures under chapter 43.88 RCW; and

30 (d) To the extent available, information on the program activities
31 and related performance measures that may assist in assessing the
32 effectiveness of the program in achieving its goals.

9 separately charge regional support networks for persons served in the
10 PALS program.

27 program for purposes of facilitating prompt access after their release
28 from confinement to medical and income assistance services for which
29 defendants and offenders may be eligible.

30 (g) \$1,500,000 of the general fund--state appropriation for fiscal
31 year 2008 and (~~(\$1,500,000)~~) \$1,091,000 of the general fund--state

33 innovative mental health service delivery projects. Such projects may
34 include, but are not limited to, clubhouse programs and projects for
35 integrated health care and behavioral health services for general
36 assistance recipients. These amounts shall supplement, and not

38 funded under the projects authorized in this subsection. The

1 department shall not terminate early any grant that was contracted
2 under this subsection prior to January 1, 2009, for the use of funds
3 during fiscal year 2009.

4 (h) The department is authorized to continue to expend federal

6 contracts, rather than through contracts with regional support
7 networks, and to allocate such funds through such formulas as it shall
8 adopt.

9 (i) The department is authorized to continue to contract directly,
10 rather than through contracts with regional support networks, for
11 children's long-term inpatient facility services.

19 These funds shall be used to serve individuals whose treatment needs
20 constitute substantial barriers to community placement, who no longer
21 require active psychiatric treatment at an inpatient hospital level of
22 care, and who no longer meet the criteria for inpatient involuntary
23 commitment. Coordination of these services will be done in partnership
24 between the mental health program and the aging and disability services
25 administration.

26 (k) \$750,000 of the general fund--state appropriation for fiscal
27 year 2008 and \$750,000 of the general fund--state appropriation for
28 fiscal year 2009 are provided solely to continue performance-based

35 ~~((1) \$2,981,000 of the general fund state appropriation for~~
36 ~~fiscal year 2008, \$3,248,000 of the general fund state appropriation~~
37 ~~for fiscal year 2009, and \$2,016,000 of the general fund federal~~

2 the department's proposed rate system, effective August 1, 2007, each
3 hospital's inpatient psychiatric payment rate would have been set at a
4 percentage of that hospital's estimated per diem cost for psychiatric
5 inpatient care during the most recent rebasing year. Within the amount
6 provided in this subsection (1)(m), beginning August 1, 2007, each
7 hospital's inpatient psychiatric payment rate shall instead be set at
8 the greater of a percentage of: (i) The hospital's estimated per diem
9 cost for psychiatric inpatient care during the most recent rebasing
10 year; or (ii) the statewide average per diem cost for psychiatric
11 inpatient care during the most recent rebasing year, adjusted for
12 regional wage differences and for differences in medical education
13 costs. At least thirty days prior to implementing adjustments to
14 regional support network medicaid capitation rates and nonmedicaid
15 allocations to account for changes in psychiatric inpatient payment
16 rates, the department shall report on the proposed adjustments to the
17 appropriations committee of the house of representatives and the ways
18 and means committee of the senate.

19 (m) \$6,267,000 of the general fund state appropriation for fiscal
20 year 2008 and \$6,462,000 of the general fund state appropriation for
21 fiscal year 2009 are provided solely to increase nonmedicaid
22 psychiatric inpatient payment rates over fiscal year 2005 levels. It
23 is expected that nonmedicaid rates will be set at approximately 85
24 percent of each hospital's medicaid psychiatric inpatient rate. At
25 least thirty days prior to implementing adjustments to regional support
26 network medicaid capitation rates and nonmedicaid allocations to
27 account for changes in psychiatric inpatient payment rates, the
28 department shall report on the proposed adjustments to the
29 appropriations committee of the house of representatives and the ways
30 and means committee of the senate.

31 (n) \$7,396,000 of the general fund state appropriation for fiscal
32 year 2008, \$15,146,000 of the general fund state appropriation for
33 fiscal year 2009, and \$13,927,000 of the general fund federal
34 appropriation are provided solely to increase regional support network
35 medicaid capitation rates, or fee for service rates paid instead of
36 those capitation rates, and nonmedicaid allocations by 3.0 percent
37 effective July 1, 2007, and by an additional 3.0 percent effective July
38 1, 2008. The federal portion of these rate increases is contingent

1 upon federal approval. (i) The legislature intends and expects that
2 regional support networks and community mental health agencies will use
3 at least 67 percent of the amounts provided in this subsection (1)(o)
4 to increase compensation for direct care personnel above and beyond
5 usual and customary wage increases. To this end, regional support
6 networks shall report to the department by October 15, 2007, on planned
7 uses of the rate increases within their network area. The report shall
8 describe the direct care job classifications to which increases are to
9 be provided; the number of full-time equivalent personnel employed in
10 each classification; the annualized dollar and percentage increases to
11 be provided each classification; the annualized dollar value of the
12 direct care compensation increases provided, in total and as a
13 percentage of the total rate increase; and the number of personnel in
14 each job classification covered by a collective bargaining agreement.
15 The department shall summarize and analyze the regional plans, and
16 report findings, options, and recommendations to the legislature by
17 December 1, 2007. (ii) Regional support networks shall maintain
18 documentation of how the rate increases have been applied. Such
19 documentation shall be subject to audit by the department. (iii) For
20 purposes of this subsection (1)(o), "direct care staff" means persons
21 employed by community mental health agencies whose primary
22 responsibility is providing direct treatment and support to people with
23 mental illness, or whose primary responsibility is providing direct
24 support to such staff in areas such as client scheduling, client
25 intake, client reception, client records keeping, and facilities
26 maintenance. In agencies that provide both mental health and chemical
27 dependency services, nonmedicaid funds may also be used for
28 compensation increases for direct care staff whose primary
29 responsibility is direct care and treatment for people with chemical
30 dependency problems.

31 (o) \$2,021,000 of the general fund state appropriation for fiscal
32 year 2008 and \$1,683,000 of the general fund state appropriation for
33 fiscal year 2009 are provided solely for the implementation of
34 Substitute House Bill No. 1456 (mental health professionals). If the
35 bill is not enacted by June 30, 2007, the amounts provided in this
36 subsection shall lapse. For purposes of organizing and delivering
37 training as required by the bill, the department may retain up to
38 fifteen percent of the amount appropriated for fiscal year 2008, and up

1 to ten percent of the amount appropriated for fiscal year 2009. The
2 remainders shall be distributed to regional support networks
3 proportional to each network's percentage of the total state
4 population.

5 ~~(p)~~) (l) \$135,000 of the general fund--state appropriation for
6 fiscal year 2008, ~~(((\$3,031,000))~~) \$2,905,000 of the general fund--state
7 appropriation for fiscal year 2009, and \$1,289,000 of the general
8 fund--private/local appropriation are provided solely to enable the
9 department to contract with Pierce county human services for the
10 provision of community mental health services to include crisis triage,
11 evaluation and treatment, and mobile crisis services. The legislature
12 intends this to be one-time funding while a replacement regional
13 support network is being secured. The department is authorized to
14 reserve \$402,000 general fund--state and \$201,000 general fund--local
15 of these amounts for reasonable costs incurred by Pierce county for the
16 provision of mental health crisis and related services that exceed
17 reimbursement levels contracted by the department. In order to receive
18 these funds, Pierce county must demonstrate to the department that the
19 total cost of mental health services provided by the county in
20 accordance with formal agreements has exceeded the revenues received
21 from the department and third-party payers for these services. The
22 department shall determine the documentation that is required.

23 ~~((q))~~) (m) \$504,000 of the general fund--state appropriation for
24 fiscal year 2008 and \$1,529,000 of the general fund--state

29 fiscal year 2008 and \$1,500,000 of the general fund--state
30 appropriation for fiscal year 2009 are provided solely for the Spokane
31 regional support network to implement a comprehensive plan for reducing
32 its utilization of eastern state hospital. Key elements of the plan,
33 which shall be developed and implemented in consultation with and with
34 the assistance of the department, may include but shall not be limited
35 to development of additional crisis triage, crisis stabilization, and
36 evaluation and treatment beds; provision of housing assistance for
37 high-utilizers of hospital and jail services who are at risk of
38 homelessness; implementation of an intensive outpatient treatment team

1 for persons with co-occurring disorders and other special needs; and
2 delivery of respite care to assist elderly individuals avoid or return
3 home after hospitalization. Spokane regional support shall receive a
4 proportional share of the fiscal year 2009 nonmedicaid rate reduction
5 out of its base funding distribution.

6 ~~((s) \$6,250,000 of the general fund state appropriation for~~

28 maximize the number of clients served and ensure the cost-effectiveness
29 of the waiver programs, the department will strive to limit new client
30 placement expenditures to 90 percent of the budgeted daily rate. If
31 this can be accomplished, additional clients may be served with excess
32 funds if the total projected carry-forward expenditures do not exceed
33 the amounts estimated. The department shall implement the four new
34 waiver programs such that decisions about enrollment levels and the

38 each fiscal year quarter, the number of persons served with these

1 additional community services, where they were residing, what kinds of

32 authorized by their waiver, such as pathway to employment, while
33 waiting for paid employment to be developed. The department shall work
34 with the counties to establish a consistent proposed policy for minimum

38 report to the office of financial management and the appropriate

1 committees of the legislature on this proposal by November 1, 2008,
2 including estimated fiscal impacts and an option for making the policy
3 budget neutral for the current level of clients served. In order to
4 maximize the number of clients served, the department may serve
5 additional nonwaiver clients with unspent funds for waiver clients,
6 provided the total projected carry-forward expenditures do not exceed
7 the amounts estimated.

26 offsets.

27 (4) \$250,000 of the general fund--state appropriation for fiscal
28 year 2008 and \$145,000 of the general fund--state appropriation for
29 fiscal year 2009 are provided solely for the department to contract for

1
2 The appropriations in this section are subject to the following
3 conditions and limitations:

4 (1) Based on quarterly expenditure reports and caseload forecasts,
5 if the department estimates that expenditures for the medical
6 assistance program will exceed the appropriations, the department shall
7 take steps including but not limited to reduction of rates or
8 elimination of optional services to reduce expenditures so that total
9 program costs do not exceed the annual appropriation authority.

10 (2) In determining financial eligibility for medicaid-funded
11 services, the department is authorized to disregard recoveries by
12 Holocaust survivors of insurance proceeds or other assets, as defined
13 in RCW 48.104.030.

14 (3) Sufficient amounts are appropriated in this section for the
15 department to continue podiatry services for medicaid-eligible adults.

16 (4) Sufficient amounts are appropriated in this section for the
17 department to provide an adult dental benefit that is at least
18 equivalent to the benefit provided in the 2003-05 biennium.

19 (5) In accordance with RCW 74.46.625, \$6,000,000 of the general
20 fund--federal appropriation is provided solely for supplemental
21 payments to nursing homes operated by public hospital districts. The
22 public hospital district shall be responsible for providing the
23 required nonfederal match for the supplemental payment, and the
24 payments shall not exceed the maximum allowable under federal rules.
25 It is the legislature's intent that the payments shall be supplemental
26 to and shall not in any way offset or reduce the payments calculated
27 and provided in accordance with part E of chapter 74.46 RCW. It is the
28 legislature's further intent that costs otherwise allowable for rate-
29 setting and settlement against payments under chapter 74.46 RCW shall
30 not be disallowed solely because such costs have been paid by revenues
31 retained by the nursing home from these supplemental payments. The
32 supplemental payments are subject to retrospective interim and final
33 cost settlements based on the nursing homes' as-filed and final
34 medicare cost reports. The timing of the interim and final cost
35 settlements shall be at the department's discretion. During either the
36 interim cost settlement or the final cost settlement, the department
37 shall recoup from the public hospital districts the supplemental
38 payments that exceed the medicaid cost limit and/or the medicare upper

1 payment limit. The department shall apply federal rules for
2 identifying the eligible incurred medicaid costs and the medicare upper
3 payment limit.

4 (6) \$1,111,000 of the health services account appropriation for
5 fiscal year 2008, \$1,110,000 of the health services account
6 appropriation for fiscal year 2009, \$5,402,000 of the general fund--
7 federal appropriation, \$1,590,000 of the general fund--state
8 appropriation for fiscal year 2008, and \$1,591,000 of the general
9 fund--state appropriation for fiscal year 2009 are provided solely for
10 grants to rural hospitals. The department shall distribute the funds
11 under a formula that provides a relatively larger share of the
12 available funding to hospitals that (a) serve a disproportionate share
13 of low-income and medically indigent patients and (b) have relatively
14 smaller net financial margins, to the extent allowed by the federal
15 medicaid program.

16 (7) \$10,546,000 of the health services account appropriation for
17 fiscal year 2008, \$10,546,000 of the health services account--state
18 appropriation for fiscal year 2009, and \$19,725,000 of the general
19 fund--federal appropriation are provided solely for grants to nonrural
20 hospitals. The department shall distribute the funds under a formula
21 that provides a relatively larger share of the available funding to
22 hospitals that (a) serve a disproportionate share of low-income and
23 medically indigent patients and (b) have relatively smaller net
24 financial margins, to the extent allowed by the federal medicaid
25 program.

26 (8) The department shall continue the inpatient hospital certified
27 public expenditures program for the 2007-2009 biennium. The program
28 shall apply to all public hospitals, including those owned or operated
29 by the state, except those classified as critical access hospitals or
30 state psychiatric institutions. The department shall submit reports to
31 the governor and legislature by November 1, 2007, and by November 1,
32 2008, that evaluate whether savings continue to exceed costs for this
33 program. If the certified public expenditures (CPE) program in its
34 current form is no longer cost-effective to maintain, the department
35 shall submit a report to the governor and legislature detailing
36 cost-effective alternative uses of local, state, and federal resources
37 as a replacement for this program. During fiscal year 2008 and fiscal
38 year 2009, hospitals in the program shall be paid and shall retain (a)

1 one hundred percent of the federal portion of the allowable hospital
2 cost for each medicaid inpatient fee-for-service claim payable by
3 medical assistance; and (b) one hundred percent of the federal portion
4 of the maximum disproportionate share hospital payment allowable under
5 federal regulations. Inpatient medicaid payments shall be established
6 using an allowable methodology that approximates the cost of claims
7 submitted by the hospitals. Payments made to each hospital in the
8 program in each fiscal year of the biennium shall be compared to a
9 baseline amount. The baseline amount will be determined by the total
10 of (a) the inpatient claim payment amounts that would have been paid
11 during the fiscal year had the hospital not been in the CPE program,
12 and (b) disproportionate share hospital payment amounts paid to and
13 retained by each hospital during fiscal year 2005 that pertain to
14 fiscal year 2005. If payments during the fiscal year exceed the
15 hospital's baseline amount, no additional payments will be made to the
16 hospital except the federal portion of allowable disproportionate share
17 hospital payments for which the hospital can certify allowable match.
18 If payments during the fiscal year are less than the baseline amount,
19 the hospital will be paid a state grant equal to the difference between
20 payments during the fiscal year and the applicable baseline amount.
21 Payment of the state grant shall be made in the applicable fiscal year
22 and distributed in monthly payments. The grants will be recalculated
23 and redistributed as the baseline is updated during the fiscal year.
24 The grant payments are subject to an interim settlement within eleven
25 months after the end of the fiscal year. A final settlement shall be
26 performed within two years after the end of the related fiscal year.
27 To the extent that either settlement determines that a hospital has
28 received funds in excess of what it would have received as described in
29 this subsection, the hospital must repay the excess amounts to the
30 state when requested. \$61,728,000 of the general fund--state
31 appropriation for fiscal year 2008, of which \$6,570,000 is appropriated
32 in section 204(1) of this act and the balance in this section, and
33 (~~(\$57,894,000)~~) \$47,745,000 of the general fund--state appropriation
34 for fiscal year 2009, of which \$6,570,000 is appropriated in section
35 204(1) of this act and the balance in this section, are provided solely
36 for state grants for the participating hospitals.

37 (9) \$4,399,000 of the general fund--state appropriation for fiscal
38 year 2008, \$6,391,000 of the general fund--state appropriation for

1 fiscal year 2009, and \$55,384,000 of the general fund--federal
2 appropriation are provided solely for development and implementation of
3 a replacement system for the existing medicaid management information
4 system. The amounts are conditioned on the department satisfying the
5 requirements of section 902 of this act.

6 (10) When a person is ineligible for medicaid solely by reason of
7 residence in an institution for mental diseases, the department shall
8 provide the person with the same benefits as he or she would receive if
9 eligible for medicaid, using state-only funds to the extent necessary.

10 (11) The department is authorized to use funds appropriated in this
11 section to purchase goods and supplies through direct contracting with
12 vendors when the department determines it is cost-effective to do so.

13 (12) The legislature affirms that it is in the state's interest for
14 Harborview medical center to remain an economically viable component of
15 the state's health care system.

16 (13) The department shall, within available resources, continue
17 operation of the medical care services care management pilot project
18 for clients receiving general assistance benefits in King and Pierce
19 counties. The project may use a full or partial capitation model that
20 includes a mechanism for shared savings.

21 (14) \$1,688,000 of the general fund--state appropriation for fiscal
22 year 2008 and \$1,689,000 of the general fund--state appropriation for
23 fiscal year 2009 are provided solely to incorporate a mental health
24 service component to the pilot project established pursuant to
25 subsection (13) of this section. Addition of the mental health service
26 component authorized in this subsection is contingent upon the managed
27 care contractor or the participating counties providing, alone or in
28 combination, matching funds in cash or in kind, in an amount equal to
29 one-ninth of the amounts appropriated in this subsection. The mental
30 health service component may include care coordination, mental health
31 services, and integrated medical and mental health service delivery for
32 general assistance clients with mental health disorders, as well as
33 primary care provider training and education. The department shall
34 provide a report to the appropriate committees of the legislature by
35 January 1, 2009, on costs, savings, and any outcomes or quality
36 measures associated with the pilot projects during calendar year 2007
37 and 2008. To the extent possible, the report shall address any impact

1 that the mental health services component has had upon clients' use of
2 medical services, including but not limited to primary care physician's
3 visits, emergency room utilization, and prescription drug utilization.

4 (15) \$341,000 of the health services account appropriation for
5 fiscal year 2008, \$1,054,000 of the health services account
6 appropriation for fiscal year 2009, and \$1,461,000 of the general
7 fund--federal appropriation are provided solely to implement Second
8 Substitute House Bill No. 1201 (foster care youth medical). If the
9 bill is not enacted by June 30, 2007, the amounts provided in this
10 subsection shall lapse.

11 (16) \$6,728,000 of the general fund--state appropriation for fiscal
12 year 2008 and \$8,563,000 of the general fund--state appropriation for
13 fiscal year 2009 are provided solely to provide full benefit dual
14 eligible beneficiaries with medicare part D prescription drug copayment
15 coverage in accordance with chapter 3, Laws of 2007 (part D copayment
16 drug program).

17 (17) The department shall conduct a study to determine the
18 financial impact associated with continuing to cover brand name
19 medications versus the same medication in its generic form. The study
20 shall account for all rebates paid to the state on each product studied
21 up until the point where the generic form is less expensive, net of
22 federally required rebates. The department shall submit its report to
23 the legislative fiscal committees by December 1, 2007.

24 (18) \$198,000 of the general fund--state appropriation for fiscal
25 year 2008 and (~~(\$268,000)~~) \$134,000 of the general fund--state
26 appropriation for fiscal year 2009 are provided solely for the first
27 two years of a four-year project by the Seattle-King county health
28 department to improve management of symptoms and reduce complications
29 related to asthma among medicaid eligible children. The department
30 shall contract with the Seattle-King county health department to have
31 trained community health workers visit medicaid eligible children in
32 their homes to identify and reduce exposure to asthma triggers, improve
33 clients' self-management skills, and coordinate clients' care with
34 their primary care and specialty providers. The contract shall include
35 an evaluation of the impact of the services provided under the contract
36 on urgent physician's visits, emergency room utilization, and inpatient
37 hospitalization.

1 (19) \$1,529,000 of the general fund--state appropriation for fiscal
2 year 2008 and (~~(\$2,871,000)~~) \$1,624,000 of the general fund--state
3 appropriation for fiscal year 2009 are provided solely for development
4 and implementation of an outreach program as provided in chapter 5,
5 Laws of 2007 (Second Substitute Senate Bill No. 5093, health services
6 for children).

7 (a) By December 15, 2007, the department shall provide a report to
8 the appropriate committees of the legislature on the progress of
9 implementing the following activities:

10 (i) Feasibility study and implementation plan to develop online
11 application capability that is integrated with the department's
12 automated client eligibility system;

13 (ii) Development of data linkages with the office of superintendent
14 of public instruction for free and reduced-price lunch enrollment
15 information and the department of early learning for child care subsidy
16 program enrollment information;

17 (iii) Informing insurers and providers when their enrollees'
18 eligibility is going to expire so insurers and providers can help
19 families reenroll;

20 (iv) Outreach contracts with local governmental entities, community
21 based organizations, and tribes;

22 (v) Results of data sharing with outreach contractors, and other
23 contracted entities such as local governments, community-based
24 organizations, tribes, health care providers, and insurers to engage,
25 enroll, and reenroll identified children;

26 (vi) Results of efforts to maximize federal matching funds,
27 wherever possible; and

28 (vii) Plans for sustaining outreach programs proven to be
29 successful.

30 (b)(i) Within the amounts provided under this subsection (19),
31 sufficient funding is provided to the department to develop and
32 implement in conjunction with the employment security department a plan
33 that would:

34 (A) Allow applicants and recipients of unemployment insurance to
35 request assistance with obtaining health coverage for household
36 members; and

37 (B) Authorize the exchange of information between the employment

1 security department and the department of social and health services to
2 more efficiently determine eligibility for health coverage under
3 chapter 74.09 RCW.

4 (ii) The plan developed in (b)(i) of this subsection should address
5 permissible uses of federal employment security funding and
6 infrastructure, identification of any necessary statutory changes, and
7 cost information. The department shall submit the plan in a report to
8 the governor and the appropriate committees of the legislature by
9 November 15, 2008.

10 (20) \$640,000 of the general fund--state appropriation for fiscal
11 year 2008 and \$616,000 of the general fund--state appropriation for
12 fiscal year 2009 are provided solely (~~to~~) for a medicare advantage
13 program. The department shall:

14 (a) Pay the premiums associated with enrollment in a medicare
15 advantage plan for those full benefit dual eligible beneficiaries, as
16 defined in RCW 74.09.010, who were enrolled on or before November 14,
17 2006 in a medicare advantage plan sponsored by an entity accredited by
18 the national committee for quality assurance and for whom the
19 department had been paying Part C premium as of November 2006; and

20 (b) Undertake, directly or by contract, a study to determine the
21 cost-effectiveness of paying premiums for enrollment of full benefit
22 dual eligible beneficiaries in medicare advantage plans in lieu of
23 paying full benefit dual eligible beneficiaries' medicare cost-sharing.
24 The study shall compare the cost and health outcomes experience,
25 including rates of nursing home placement and costs for groups of full
26 benefit dual eligible beneficiaries who are enrolled in medicare
27 advantage plans, in medicare special needs plan or in medicare fee-for-
28 service. The study shall compare the health status and utilization of
29 health and long-term care services for the three groups, and the impact
30 of access to a medical home and specialty care, over a period of two
31 years to determine any differences in health status, health outcomes,
32 and state expenditures that result. The department shall submit the
33 results of the study to the governor and the legislature by June 30,
34 2009. The department is authorized to accept private cash and in-kind
35 donations and grants to support the study and evaluation.

36 (c) Track enrollment and expenditures for this population on
37 department monthly management reports.

1 (21) The department may not transition to managed care delivery any
2 population that has been primarily served under fee-for-service
3 delivery unless the department first conducts a cost-effectiveness
4 evaluation of the transition, including an evaluation of historical
5 data on utilization patterns, and finds that the transition would
6 result in a more effective and cost-efficient form of service delivery,
7 pursuant to RCW 74.09.470. Any such finding must be provided to the
8 governor and the legislature no less than ninety days before the
9 transition begins.

10 (22) \$756,000 of the general fund--state appropriation for fiscal
11 year 2008, \$1,193,000 of the general fund--state appropriation for
12 fiscal year 2009, \$1,261,000 of the health services account--state
13 appropriation for fiscal year 2009, and \$2,448,000 of the general
14 fund--federal appropriation are provided solely to implement sections
15 5, 7, 8, and 11 of Second Substitute House Bill No. 1088 (children's

17 amounts provided in this subsection shall lapse.

18 (23) \$288,000 of the general fund--state appropriation for fiscal
19 year 2008, \$277,000 of the general fund--state appropriation for fiscal
20 year 2009, and \$566,000 of the general fund--federal appropriation are
21 provided solely for the implementation of Engrossed Second Substitute
22 Senate Bill No. 5930 (blue ribbon comm/health care). If the bill is
23 not enacted by June 30, 2007, the amounts provided in this subsection
24 shall lapse.

25 (24) \$45,000 of the general fund--state appropriation for fiscal
26 year 2008 is provided solely for the department of social and health
27 services, in consultation with the health care authority and the
28 employment security department, to prepare and submit a report and
29 recommendations to the governor and the legislature related to coverage
30 of low-wage workers enrolled on state plans who are employed by
31 employers with more than fifty employees. The report shall address
32 multiple approaches, including but not limited to the proposal included
33 in House Bill No. 2094 (taxpayer health care fairness act). The
34 discussion of each approach included in the report should identify how
35 the approach would further the goal of shared responsibility for
36 coverage of low-wage workers, obstacles to implementation and options
37 to address them, and estimated implementation costs. The report shall
38 be submitted on or before November 15, 2007. The agencies shall

1 establish a workgroup, which shall be closely involved and consulted in
2 the development of the report and recommendations under this
3 subsection. The workgroup shall include the following participants:
4 Persons or organizations representing large employers in the retail,
5 agricultural and grocery trades, other large employers, organizations
6 representing employees of large employers, organizations representing
7 low-wage employees of large employers, state and local governmental

9 state and local governmental entities. In addition, the workgroup
10 shall include three members from each of the two largest caucuses of
11 the house of representatives, appointed by the speaker, and three
12 members from each of the two largest caucuses of the senate, appointed
13 by the president of the senate.

15 state appropriation and \$1,742,000 of the general fund--federal
16 appropriation are for the provision of smoking cessation benefits
17 pursuant to Senate Bill No. 6421 (smoking cessation). If the bill is
18 not enacted by June 30, 2008, the amounts provided in this subsection
19 shall lapse.

20 (26) As part of the five-year plan on state purchasing to improve
21 health care quality under chapter 259, Laws of 2007, the department, in
22 collaboration with the department of health, shall provide a report to
23 the appropriate committees of the legislature outlining a strategy to
24 improve immunization rates for all children in the state, including but
25 not limited to vaccine administration fee increases and pay-for-
26 performance incentives. The department shall submit the report to the
27 governor and the health policy and fiscal committees of the legislature
28 by November 1, 2008.

29 (27) Within existing funds, the department shall evaluate the
30 fiscal impact of the federal upper limits on medicaid reimbursement to
31 pharmacies implemented under the federal deficit reduction act, and
32 report its findings to the legislature by December 1, 2008.

33 (28)(a) \$100,000 of the general fund--state appropriation for
34 fiscal year 2009 is provided solely for a feasibility study to examine
35 processes and systems that would expeditiously link persons released
36 from confinement in state and local correctional facilities and
37 institutions for mental diseases to medical assistance benefits for

1 which they qualify. The study shall present an analysis of the costs
2 and benefits associated with:

3 (i) Suspending eligibility for persons who were receiving medical
4 assistance at the time their confinement began, such that upon the
5 person's release from confinement, medical assistance benefits would
6 immediately resume without the filing of a new application. In the
7 evaluation of eligibility suspension, the department shall examine
8 process modifications that would allow confined persons to recertify
9 eligibility before or immediately after release from confinement;

10 (ii) Improving the efficiency and expanding the scope of the
11 expedited medical assistance reinstatement and eligibility
12 determination process established under RCW 74.09.555, including
13 extending the process to persons other than those with mental
14 disorders, both for persons who had been previously eligible before
15 confinement and for persons who had not been eligible before
16 confinement;

17 (iii) Providing medical and mental health evaluations to determine
18 disability for purposes of the medical assistance program before the
19 person's release from confinement; and

20 (iv) Notifying the department in a timely manner when a person who
21 has been enrolled in medical assistance is confined in a state
22 correctional institution or institution for mental diseases or is
23 released from confinement.

24 (b) In conducting the study, the department shall collaborate with
25 the Washington association of sheriffs and police chiefs, the
26 department of corrections, the regional support networks, department
27 field offices, institutions for mental diseases, and correctional
28 institutions. The department shall submit the study to the governor
29 and the legislature by November 15, 2008.

30 ~~((+30))~~ (29) \$50,000 of the general fund--state appropriation for

33 in Engrossed Second Substitute House Bill No. 2549 (patient-centered
34 primary care). If the bill is not enacted by June 30, 2008, the
35 amounts provided in this subsection shall lapse.

4 (30) The department shall not reduce and shall continue to provide
5 family planning nurses and supplies at community services offices.

13 received in the current school year had RCW 84.52.068 not been amended
14 by chapter 19, Laws of 2003 1st sp. sess. and the allocation the
15 district received in the current school year pursuant to RCW 84.52.068.
16 The office of the superintendent of public instruction shall offset the
17 amount added to a district's levy base pursuant to this subsection
18 (4)(a) by any additional per student allocations included in a
19 district's levy base pursuant to the enactment of an initiative to the
20 people subsequent to June 10, 2004; and

21 (b) The difference between the allocations the district would have
22 received the prior school year had RCW 28A.400.205 not been amended by
23 chapter 20, Laws of 2003 1st sp. sess. and the allocations the district
24 actually received the prior school year pursuant to RCW 28A.400.205.
25 The office of the superintendent of public instruction shall offset the
26 amount added to a district's levy base pursuant to this subsection
27 (4)(b) by any additional salary increase allocations included in a
28 district's levy base pursuant to the enactment of an initiative to the
29 people subsequent to June 10, 2004.

30 (5) A district's maximum levy percentage shall be twenty-two
31 percent in 1998 and twenty-four percent in 1999 and every year
32 thereafter; plus, for qualifying districts, the grandfathered
33 percentage determined as follows:

34 (a) For 1997, the difference between the district's 1993 maximum
35 levy percentage and twenty percent; and

36 (b) For 1998 and thereafter, the percentage calculated as follows:

37 (i) Multiply the grandfathered percentage for the prior year times

1 the district's levy base determined under subsection (3) of this
2 section;

3 (ii) Reduce the result of (b)(i) of this subsection by any levy
4 reduction funds as defined in subsection (6) of this section that are
5 to be allocated to the district for the current school year;

6 (iii) Divide the result of (b)(ii) of this subsection by the
7 district's levy base; and

8 (iv) Take the greater of zero or the percentage calculated in
9 (b)(iii) of this subsection.

10 (6) "Levy reduction funds" shall mean increases in state funds from
11 the prior school year for programs included under subsections (3) and
12 (4) of this section: (a) That are not attributable to enrollment
13 changes, compensation increases, or inflationary adjustments; and (b)
14 that are or were specifically identified as levy reduction funds in the
15 appropriations act. If levy reduction funds are dependent on formula
16 factors which would not be finalized until after the start of the
17 current school year, the superintendent of public instruction shall
18 estimate the total amount of levy reduction funds by using prior school
19 year data in place of current school year data. Levy reduction funds
20 shall not include moneys received by school districts from cities or
21 counties.

22 (7) For the purposes of this section, "prior school year" means the
23 most recent school year completed prior to the year in which the levies
24 are to be collected.

25 (8) For the purposes of this section, "current school year" means
26 the year immediately following the prior school year.

27 (9) Funds collected from transportation vehicle fund tax levies
28 shall not be subject to the levy limitations in this section.

29 (10) The superintendent of public instruction shall develop rules
30 and regulations and inform school districts of the pertinent data
31 necessary to carry out the provisions of this section.

32 (11) For calendar year 2009, the office of the superintendent of
33 public instruction shall recalculate school district levy authority to
34 reflect levy rates certified by school districts for calendar year
35 2009.

36 NEW SECTION. Sec. 909. Section 908 of this act expires January 1,
37 2012.

1 NEW SECTION. **Sec. 910.** If any provision of this act or its
2 application to any person or circumstance is held invalid, the
3 remainder of the act or the application of the provision to other
4 persons or circumstances is not affected.

5 NEW SECTION. **Sec. 911.** This act is necessary for the immediate
6 preservation of the public peace, health, or safety, or support of the
7 state government and its existing public institutions, and takes effect
8 immediately.
