14 such municipalities may by general ordinance fix and determine the  
15 amount of such bond and to whom such bond shall run(~~(+—PROVIDED,)~~).  
16 However, the same shall not be for a less amount than twenty-five  
17 percent of the contract price of any such improvement, and may  
18 designate that the same shall be payable to such city, and not to the  
19 state of Washington(~~(, and)~~).

10 ~~PROVIDED FURTHER, That)~~), and any city or town may impose any other or  
11 further conditions and obligations in such bond as may be deemed  
12 necessary for its proper protection in the fulfillment of the terms of  
13 the contract secured thereby, and not in conflict herewith.

14 (d) The state courts and the federal courts shall have concurrent  
15 jurisdiction over any suit or action brought against such surety or  
16 sureties by any such person or corporation to recover for any of the  
17 items specified in (b) of this subsection, including any suit or action  
18 involving a claim for delinquent contributions to a benefit plan.

19 (2) Under the job order contracting procedure described in RCW  
20 39.10.420, bonds will be in an amount not less than the dollar value of  
21 all open work orders.

22 (3)(a) On highway construction contracts administered by the  
23 department of transportation with an estimated contract price of two  
24 hundred fifty million dollars or more, the department may authorize  
25 bonds in an amount less than the full contract price of the project.  
26 If a bond less than the full contract price is authorized by the  
27 department, the bond must be in the form of a performance bond and a  
28 separate payment bond. The department shall fix the amount of the  
29 performance bond on a contract-by-contract basis to adequately protect

38 management shall review and approve the analysis supporting the amount

1 of the bond set by the department to ensure that one hundred percent of  
2 the state's exposure to loss is adequately protected. All the  
3 requirements of this chapter apply respectively to the individual  
4 performance and payment bonds. The performance bond is solely for the  
5 protection of the department. The payment bond is solely for the  
6 protection of laborers, mechanics, subcontractors, and suppliers  
7 mentioned in RCW 39.08.010.

8 (b) The department shall develop risk assessment guidelines and  
9 gain approval of these guidelines from the office of financial  
10 management before implementing (a) of this subsection. The guidelines  
11 must include a clear process for how the department measures the  
12 state's exposure to loss and how the performance bond amount,  
13 determined under (a) of this subsection, adequately protects one  
14 hundred percent of the state's exposure to loss.

15 (c) The department shall report to the house of representatives and  
16 senate transportation committees by December 1, 2012: Each project  
17 where the department authorized bonds that were less than the full  
18 contract price; the difference between the project amount and the bond  
19 requirements; the number of bidders on the project; and other  
20 information that documents the effects of the reduced bond amounts on  
21 the project.

23 as follows:

18 **Sec. 3.** RCW 60.28.030 and 1979 ex.s. c 38 s 1 are each amended to  
19 read as follows:

20 (1) Any person, firm, or corporation filing a claim against the  
21 reserve fund shall have four months from the time of the filing thereof  
22 in which to bring an action to foreclose the lien. The lien shall be  
23 enforced by action in the superior court of the county where filed, and  
24 shall be governed by the laws regulating the proceedings in civil  
25 actions touching the mode and manner of trial and the proceedings and  
26 laws to secure property so as to hold it for the satisfaction of any  
27 lien against it(~~(:—PROVIDED, That)~~). The state courts and the federal

15 NEW SECTION. **Sec. 5.** Section 2 of this act takes effect June 30,
