Background:

Vehicle and vessel title changes in Washington can be made at county auditors, other agents, subagents, or at the Department of Licensing (DOL). The applicant must fill out a Vehicle or Vessel Certificate of Ownership Application. Documentation and the required taxes and fees are collected at the location and sent to the DOL. Seven county auditors in Washington (Benton, Clark, Franklin, Kitsap, Pierce, Spokane, and Whatcom counties) presently prepare quick titles, which are titles that are processed by the counties and given to the applicant immediately.

Summary of Substitute Bill:

A quick title is defined as a certificate of ownership printed at the time of application.

A \$50 fee is charged by the participating county auditor or other agent; \$25 is retained by the county treasurer in the same manner as other fees collected by the county auditor, and the remaining \$25 is deposited into the Motor Vehicle Fund for a vehicle and the General Fund for a vessel. If the fee is paid directly to the DOL, the entire fee of \$50 must be deposited into the Motor Vehicle Fund for a vehicle and into the General Fund for a vessel.

The application for a quick title may not be used to obtain the first title issued to a vehicle previously designated as a salvage vehicle.

The application for a quick title must be submitted by the owner or owner's representative to the DOL, participating county auditor, or other agent appointed by the DOL Director on a form furnished or approved by the DOL.

Subagents are allowed to perform quick title transactions providing that:

- the county auditor or agent is providing quick title services in the county in which the subagent is located for at least six months;
- the county auditor or other agent has selected the subagent to perform quick title services; and
- the DOL has instituted a process in which blank certificates of title can be inventoried.

All applications for a quick title must meet the requirements established by the DOL. The act applies to quick title transactions processed on and after January 1, 2012.

Appropriation: None.

Fiscal Note: Available.

Effective Date: The bill takes effect August 1, 2011.

Staff Summary of Public Testimony:

(In support) The \$25 fee is very reasonable compared to the \$100 penalty fee that is charged for a late title processing. It normally takes about 20 minutes to process a quick title, and it is a greatly needed service because the person leaves the office with the title in hand. Since a title being processed by the DOL might take several weeks, people actually drive to one of the seven county auditors to get a title processed while they wait.

The quick title process takes time to set up, requires extra security for title stock, and assumes additional responsibility for the verification process since the county auditors are actually performing the vehicle verifications that the DOL usually performs. The fee helps cover the extra time, security, and responsibility.

This really has a positive impact on the economy in the areas in which this service is provided. Other states charge a fee from \$5 to \$75 for providing this service.

The subagents would recommend an amendment for subagents to also provide this service, since subagents are open more days and longer hours than county auditors.

(Opposed) None.
