Background:

Office of Manufactured Housing.

The Office of Manufactured Housing (Office), in the Department of Commerce, provides general assistance to manufactured/mobile home resident organizations, tenant organizations, and manufactured/mobile home community owners. Among its duties, the Office provides technical assistance to tenants who are participating in the conversion of a mobile home park to resident

ownership and may also provide secured loans where a significant number of the residents are low-income or infirm.

A \$15 fee collected on the title transfer of certain manufactured/mobile homes is deposited in the Manufactured Housing Account (MH Account). The MH Account directs \$5,000 annually to fund the cost of registering landlords and collecting fees, but this reference is apparently to a fee that was repealed in 1996. The remaining funds are used to fund the Office of Manufactured Housing, except for the funds needed by the Department of Labor and Industries (1) to be the state administrative agency under the federal Department of Housing and Urban Development's manufactured housing safety and construction standards program and (2) for the Manufactured Home Installation Training Program.

Mobile Home Relocation Assistance Program.

The Office also administers a Mobile Home Relocation Assistance Program (Relocation Program) that provides monetary assistance on a first-come, first-served basis to low-income persons owning mobile homes located in mobile home parks that are scheduled for closure. If eligible, the mobile home owner could receive reimbursement of relocation expenses up to \$12,000 (\$7,500 for a single-wide home). As of January 2011, the Relocation Program had a wait list with 12 eligible households.

The Relocation Program is funded by a \$100 fee on the issuance of a certificate of title for certain manufactured/mobile homes. This fee is deposited in the Mobile Home Park Relocation Fund.

Manufactured Home Construction and Installation Programs.

The Department of Labor and Industries is the designated state administrative agency for purposes of the federal Department of Housing and Urban Development's manufactured housing safety and construction standards program. Under this program, the Department of Labor and Industries is responsible for enforcing the federal standards at Washington manufacturing sites.

The Department of Labor and Industries also administers the Manufactured Home Installation Training Program (Installation Program). Under the Installation Program, persons wishing to be manufactured home installers may apply for certification. Certification is issued to persons who take the training, pass the examination, pay the required fees, and meet other qualifications.

The Department of Labor and Industries may charge fees to cover the costs of the program. Fees are deposited in the Manufactured Home Installation Training Account.

Summary of Bill:

Office of Mobile/Manufactured Home Relocation Assistance.

The name of the Office of Manufactured Housing is changed to the Office of Mobile/Manufactured Home Relocation Assistance. References to assistance for manufactured housing community owners or landlords are deleted. (The Office of Mobile/Manufactured Home

Relocation Assistance continues to provide general assistance to tenants, including technical assistance related to park conversions, and to administer the Relocation Program.)

The Director of the Department of Commerce may authorize expenditures from the MH Account of up to \$5,000 annually for the functions of the Office of Mobile/Manufactured Home Relocation Assistance. The remaining funds in the account may be expended as authorized by the Director of the Department of Labor and Industries for the state administrative agency function and for the Installation Program.
