Background:

The Gambling Commission (Commission) is responsible for licensing and regulating all authorized social gambling activities in the state, except for horse racing and the state lottery. The Commission investigates and controls unauthorized and illegal gambling activities. It also co-regulates tribal gaming activities pursuant to compacts between the tribes and the state.

The Commission has authority to issue licenses to the following, but the period of these licenses cannot exceed one year:

- to bona fide charitable or nonprofit organizations to conduct bingo games, raffles, amusement games, and social card games, and to utilize punchboards and pull-tabs;
- to persons, associations, or organizations operating businesses primarily engaged in the selling of items of food or drink for consumption on the premises to utilize punchboards and pull-tabs and to conduct social card games as a commercial stimulant;

- to persons, associations, or organizations to engage in the selling, distributing, or other otherwise supplying or in the manufacturing of devices for use.

The Department of Revenue operates the state's Business Licensing Service (BLS). (Until transferred in 2011, this was known as the Master License Service, and was operated by the Department of Licensing.) The BLS allows one-stop shopping for licenses issued by state and local governments, registering businesses, renewing licenses, and providing related services for approximately 40,000 businesses monthly. It allows businesses to align the expiration dates of all of their licenses.

The Commission is currently exploring the possibility of using the BLS.

Summary of Bill:

The Commission is authorized to issue licenses that are valid for a period of up to 18 months, if it chooses to do so, in order to transition to the use of the BLS.

Appropriation: None.

Fiscal Note: Requested on January 12, 2012.

Effective Date: The bill takes effect 90 days after adjournment of the session in which the bill is passed.
